To Owners of Mills.

THE Subscriber has an improved patent Spindle for Mills, by which a mill will do much better than with the usual form of Spindles. It is so constructed as to keep from heating or killing the meal in any manner. The runner is so confined by the Spindle as always to preserve its balance, and of course there is no rubbing of the stones.

I think, by this improved Spindle, the same water will do at least one-third more business, and the meal of superior quality.

Any person wishing to use one of these Spindles, may obtain one or more, by making application, (with a short time) to the Subscriber at Mocksville, Davie Co., N. C. I think the probable cost will not exceed \$30 for the Patent and Spindle ready for use.

The following persons have my Patent Mill Spindle in successful operation:—Col. W. F. Kolly, Thos. Foster, Joseph Hall and Saml. Foster of Davie County; Gilbert Deason and David J. Ramsey of Lincoln; Charles Griffith of Rowan; Addison Moore of Davidson, and William Deas of Surry, all of whom are highly pleased with its performance.

Who wants better Evidence?

I WOULD refer the reading public to the numerous Voluntary Testimonials published recently in this paper and in the Good Samaritan, relative to the happy and beneficial effects of the administration of

MOFFAT'S LIFE PILLS AND PHENIX BITTERS.

Those who have perused the letters above referred to will observe that in almost every case they attest the fact that no inconvenience of any sort attends the taking of these medicines, in ordinary cases, but that the patient, without feeling their operation, is universally left in a stronger and better state of health than was experienced previous to being afflicted with disease; and in all cases of acute suffering, great relief is obtained in a few hours, and a cure is generally effected in two or three days.

In cases of NERVE of every description, and all bilious affections, it is unnecessary for me to say aught, as I believe the LIFE MEDICINES are now universally admitted to be the most speedy and effectual cure extant in all diseases of that class.

The LIFE MEDICINES are also a most excellent relief in affections of the Liver and Bowels, as has been proved in hundreds of cases where patients have come forward and requested that their experience in taking them might be published for the benefit of others. In their operation in such cases, they restore the tone of the Stomach, strengthen the digestive organs, and invigorate the general functions of the whole body, and thus become to both sexes (for they are perfectly adapted to each) an invaluable means of preventing disease and restoring health.

In affections of the head, whether accompanied with pain and giddiness, or marked by the grievous calamity of impaired mental energy; in palpitations of the heart, flatulence, loss of appetite and strength, and the multiplied symptoms of disordered digestion, THE LIFE MEDICINES will be found to possess the most salutary efficacy.

Constitutions relaxed, weak, or decayed, in men or women, are under the immediate influence of THE LIFE MEDICINES. Old coughs, asthma, and consumptive habits are soon relieved and speedily cured. Poverty of blood, and emaciated limbs will ere long meet the happiest change; the chill watery fluid will become rich and balsamic, and the limbs be covered with flesh, firm and healthy.

Nervous disorders of every kind, and from whatever cause arising, viz. before the effects of THE LIFE MEDICINES, and all that train of sickness, anxiety, and tremors which so dreadfully affect the weak, the sedentary, and the delicate, will in a short time be succeeded by cheerfulness, and every promise of health.

For weakness, deficiency of natural strength, and relaxation of the vessels, by too frequent indulgence of the passions, this medicine is a safe, certain, and invaluable remedy.

Those who have long resided in hot climates, and are languid and relaxed in their whole system, may take THE LIFE MEDICINES with the happiest effects; and persons removing to the Southern States or West Indies cannot store a more important article of health and life.

The following cases are among the most recent cures effected, and gratefully acknowledged by the persons benefited:

Case of Jacob C. Hunt, New Windsor, Orange County, N. Y.—A dreadful tumor destroyed nearly the whole of his face, nose and jaw. Experienced quick relief from the use of the LIFE MEDICINES, and in less than three months was entirely cured. (Case reported with a wood engraving in a new pamphlet now in press.)

Case of Thos. Purcell, senr., 81 years of age—was afflicted 18 years with swellings in his legs—was entirely cured by taking 42 pills in 3 weeks.

Case of Joan Danbury, Aberdeen, Ohio—rheumatism five years—in entirely cured—has used the LIFE MEDICINES for Worms in children and found them a sovereign remedy.

Case of Lewis Austin—periodical sick headaches—always relieved by a small dose—now entirely free from it.

Case of Adon Amos—cured of a most inveterate and obstinate dyspepsia, and general debility.

Case of Adah Adams, Windsor, Ohio—rheumatism, gravel, liver affections, and general nervous debility, had been confined seven years—was raised from her bed by taking one box of pills and a bottle of bitters—a most extraordinary cure—she is now a very healthy and robust woman—attested by her husband Shubel Adams.

Case of Mrs. Badger, wife of Joseph Badger—nearly similar to above—result the same.

Case of Susan Goodenart, a young unmarried woman—subject to ill health several years—a small course of the LIFE MEDICINES entirely restored her—is now hale and healthy.

Case of Miss Thomas, daughter of Eli Thomas—cough and symptoms of consumption—cured in four weeks. Her sister cured of a severe attack of inflammatory rheumatism in one week!

Case of St. Colvin—cured of a severe attack of scarlet fever in a few days by the LIFE MEDICINES.

Case of Harriet Twogood, Salina, N. Y.—was in a very low state of health a year and a half—did not expect to recover. Miss T. is now able to walk about and is rapidly recovering both health and strength.

Case of Benjamin J. Tucker—severe case of Fever and Ague—cured in a very short space of time. Directions followed strictly.

Case of Amos Davis—affection of the liver—after trying doctors' remedies in vain for a long time, was cured by the LIFE MEDICINES without trouble.

Extraordinary case of Lyman Pratt, who was afflicted with Phthisis 20 years—effected a perfect cure in 24 hours by the use of the LIFE MEDICINES.

Thousands of persons afflicted in like manner, have, by a judicious use of MOFFAT'S LIFE PILLS and PHENIX BITTERS, been restored to the enjoyment of all the comforts of life. The Bitters are pleasant to the taste and smell, gently astringe the fibres of the stomach, and give that proper tenacity which a good digestion requires. As nothing can be better adapted to help and nourish the constitution, so there is nothing more generally acknowledged to be peculiarly efficacious in all inward wastings, loss of appetite, indigestion, depression of spirits, trembling or shaking of the hands and limbs, obstinate coughs, shortness of breath, or consumptive habits.

The LIFE MEDICINES possess wonderful efficacy in all nervous disorders, fits, headaches, weakness, hoarseness and loss of voice, dimness of sight, confused thoughts, wandering of the mind, vapors and melancholy, and all kinds of hysterical complaints are gradually removed by their use. In sickness of the stomach, flatulencies, or obstructions, they are safe and powerful, and as a purifier of the blood, they have not their equal in the world!

The additional particulars of the above medicines, see Moffat's "Good Samaritan," a copy of which accompanies the medicine; a copy can always be obtained of the different Agents who have the medicine for sale.

French, German, and Spanish directions can be obtained on application at the office, 375 Broadway.

All post paid letters will receive immediate attention Prepared and sold by WILLIAM B. MOFFAT, 375 Broadway, New York. A liberal deduction made to those who purchase to sell again.

Agents—The LIFE MEDICINES may also be had of any of the principal Druggists in every town throughout the United States and the Canadas. Ask for Moffat's Life Pills and Phenix Bitters; and be sure that a fac simile of John Moffat's signature is upon the label of each bottle of Bitters or box of Pills.

The above Medicines may be had of Cress & Boger, of this town, Agents for the Proprietor.
Salisbury, Jan. 3, 1840.

THE MECKLENBURG DECLARATION OF INDEPENDENCE.

FROM THE KNOXVILLE (TENN.) ABOVE.

In our paper of to day we present to the public the Declaration of Independence made by the citizens of Mecklenburg, in the then Province of North Carolina, on the 20th of May, 1775. It will be gratifying, we have no doubt, to our readers, generally, to have an opportunity of perusing this remarkable document. It is worthy to be cherished in the memory of every lover of liberty, and to appreciate its character it is only necessary to advert to the extraordinary circumstances under which it was made; by those bold and intrepid spirits who stood forth, thus early and fearlessly, to assert the rights of their much injured and beloved country. At this time, no such like had been taken.

The whole of the Provinces were in possession of a powerful Government, seconded in their insidious approaches to absolute despotism, by men of intelligence, experience, wealth, and vast personal, as well as official influence. The noble and determined patriots who assembled in the Town of Charlotte, on that memorable occasion, made the first Declaration, which announced to the world, that the great object was not merely redress, but revolution! It was the actual beginning of that Revolution which shook the British power here to its centre, and severed from the Crown its brightest jewel. This act had its full share, there can be no doubt, in giving that direction to our public Councils which finally roused to resistance the whole Anglo American people. It preceded the similar Declaration of Congress more than a year. The Spartan Band of Patriots seem deliberately to have counted the cost. They drew their swords and cast away the scabbards, and bid defiance to the perils with which they were surrounded, at a period when hundreds were trembling and hesitating what course to pursue. The history of their action on that day is equally curious and interesting. Their meeting at the Court House, was held after a general public notice of the event and their regular appointment as Delegates. They continued in session until 2 o'clock of the morning of the 20th of May, in the language of a cotemporary of that day, "neither sleepy, nor hungry, nor tired"—and then passed unanimously the Declaration, which was subscribed with their names as published.

The first subscriber of that paper was Thomas Polk! To him was committed the charge of presenting it, on the following day, to the assembled people.—He read it from the Court House Door, when it was received and sanctioned with the most ardent enthusiasm. But, those master spirits did not stop here. They appointed delegates to proceed to Philadelphia where Congress was then assembled. They were instructed to urge the sanction of the act by that body. The Delegates immediately executed the high trust committed to them, and the committee who had drawn up the Declaration of Independence, received an answer from the three Deputies from North Carolina, then in Congress, approving of what had been done, and encouraging the devoted spirit of patriotism displayed by their constituents. The committee went still further! They kept up a regularly organized action, to promote the beginning of the great struggle of our Revolution. To those men we say, let immortal honor be given! They have created for themselves a monument, and prepared for their country a triumph, through all the generations who shall love our native land, and glory in their liberty.

We publish this Document from the completion of facts made under the direction of the legislature of the State of North Carolina. Tennessee has, too, reason to be proud of it. She is the child of the Old North, and early distinguished herself in the cause in which her parent had led the way. We have likewise among us, some of the descendants of some of those master spirits who acted on that occasion. If we are rightly informed, some of them track back their families to the Alexanders, and the Rev. Hezekiah J. Balch, we understand, has left a numerous posterity here.

The most popular and influential man of that heroic association, says, a cotemporary writer, was Thomas Polk, the ancestor of our present Democratic Governor, James K. Polk. By his personal influence, and extensive acquaintance, he probably contributed more than any single individual to the course of events, favorable to the Revolution, in the Province of North Carolina.

It is worthy of remark, that old Mecklenburg, from that day to this, has always been on the side of the largest liberty of the individual compatible with human happiness. In other words—she was then against despotism and aristocracy! When the Revolution had triumphed, and the paternal government of Washington had passed away, she took sides with Mr. Jefferson for the Democracy, and has so continued on the Democratic side to the present hour.

It is a singular coincidence, that the ancestor of our present Governor, (who also is a native of Mecklenburg,) should have contributed so much to a Revolution in his day, within the province of North Carolina; and that, to his descendant should have fallen the honor of achieving that revolution of mind in Tennessee, which has put down aristocratic principles, and established the ancient Democracy of our fathers! *Ecco signum! We hail the omen as felicitous!* and with this, let our political opponents ponder upon the Declaration of Independence, which we this day publish from the master spirits and patriots of Old Mecklenburg.
