### To Owners of Mills.

YOU are respectfully solicited to call on Joseph Hanes, Esq., at Fulton, Davie County, Hugh Martin, of Stokes, and William Doss of Surry, and see their mills in operation, upon the patent plan of Napier & Gilbert combined. We hesitate not in saying, that they are superior to any mills now in operation, for speed in grinding, simplicity of construction, and durability. They will grind from 16 to 20 bushels of rye, and from 12 to 16 bushels of corn, into good bread meal per hour.—For further particulars, apply to the Subscribers at Mocksville, who will be happy to execute all orders in their line of business. Letters addressed to them at Mocksville, N. C., will be promptly attended to. FOSTER, GILBERT, & HALL.

April 17, 1840. 3.

A mill, on the plan above mentioned, has been executed for me, to my entire satisfaction by Mr. Hall. I believe the above statement is correct. If any person will come and examine, I doubt not but they will be well pleased. Given under my hand, the 4th April, 1840. WM. DOSS.

I examined Mr. Doss' mill, and found the above statement to be correct. I think its simplicity and durability surpasses any thing of the kind I ever have seen. I think any person interested in mills would do well to call and examine for themselves. Given under my hand, the 4th of April, 1840.

H. G. HAMPTON.

DAVIE COUNTY, N. C., April 15, 1840.

I certify that I have one of Napier's patent Mills, with one of Gilbert's improved Mill Spindles, which fills my expectation to the full. The work was done in workmanlike order by Daniel Sheek, whom I can recommend as a young man who I think may be relied upon for steadiness of habits or mill-right work. I am well pleased with the performance of what he has done for me, and have ground twelve bushels and a half of corn to the hour. Given under my hand. JOSEPH HANES.

## LA TH,

## LATH,

BRED by Col. To those that wish it, a good lot will be furnished gratis, but in no instance will I be responsible for accidents or escapes. R. W. LONG.

Salisbury, N. C., March 13, 1840. 28—t

### PEDIGREE:

I Certify that LATH was bred by me, and that he was foaled in the Spring of 1833. He was got by Godolphin, his dam Pocahontas, by Sir Archy, the grand dam Young Lottery, also by Sir Archy, out of Col. Singleton's celebrated Lottery, by imported Bedford out of the imported mare Ansillina. Godolphin was got by Eclipse; his dam Sylph, by Highflyer out of Lottery by imported Bedford, &c. Highflyer was got by the imported Bluecoat out of the dam of Sir Archy.

*DESCRIPTION, PERFORMANCE, &c.*—LATH is a fine bay, without white, 15 hands 3 inches high, with good bone and capital action. At three years old, he won the produce stake at Columbia, two mile heats, beating Mr. Taylor's filly, Diana, and Captain Spann's colt, Convention, nine others paying forfeit. Two weeks afterwards he won the jockey club purse, three mile heats, at Augusta, beating Kite and distancing Black Bird. At Charleston, he was beaten by Clodhopper for the jockey club purse, three mile heats; being very much amused, he was drawn after the first heat.—At 4 years old, he won the jockey club purse, four mile heats, at Camden, beating Sir Kenneth and Bonduca in three heats; losing the first in consequence of halting when several lengths in advance of the field, just before he reached the Judges' stand, and getting entangled amongst the carriages, he sustained an injury which occasioned his withdrawal from the turf.

Lath was a race Horse of the first class, which he proved in his trials with Bay Maria, Charlotte Rose, and Kitty Heth, and in point of blood he is inferior to none, whether imported or native. His constitution is robust, he having never been sick, and his temper good. His color, form, and action speak for themselves. In a word, Lath unites in himself as many claims to public patronage as any young Stallion that I know.

WADE HAMPTON.

Willwood, Jan. 22, 1840.

From the above certificate of Col. Hampton, who raised and had Lath trained for the Turf, it will be seen that he considered him a race horse of the first class—not only from the races he has mentioned as having run publicly, but from private trials he has made with horses which are now on the Turf, and running with considerable success. It will also be observed by his certificate, that he considered Lath of the purest blood—but to be opposed by any horse, imported or native.

It would be entirely unnecessary to attempt to eulogize Lath, [illegible] his performances on the turf or as to his blood, since in every respect he is so well attested. But will remark, that Lath has not only descended from pure blood, but has come from stock both sire and grand-sire, dam and grand-dam, that are of the running blood. For instance, his sire, Godolphin, made his four miles in 7 minutes and 50 seconds; his grand-sire, the American Eclipse, so well known at the north and south, made his time in the great match race, the north against the south, $20,000 aside, in 7 minutes and 54 seconds, which Eclipse won with consummate ease. This race gained him the memorable name of the champion of the north. His dam and by the renowned Sir Archy, whose reputation as a racer, &c., stands unquestioned, both in England and America. The grand dam of Lath, Old Lottery, bred by the great southern amateur of horses, Col. R. Singleton of South Carolina, has produced more fine race horses than any other mare in the Union. Thus, it will be seen that there is united in Lath two of the best studs in the south, Hampton's and Singleton's, crossed with Sir Archy of the north.

The public is now presented with such an opportunity of improving the blood of that noble and useful animal, the Horse, as rarely occurs in this section of country. And the public can have in addition, in a short time, the opportunity of judging more satisfactorily of Lath's blood, &c., by the results of last Spring's get, as it is expected there will be many of them dropped by mares in this section in a few days. As a sure foal getter Lath stands almost unrivalled, as is proven by his last Spring's services—so few of the large number of mares put to him not proving in foal.

R. W. L.

☞ Mares sent from a distance will always find Lath at home, as he will not be removed from his stable in Salisbury, under any circumstances, during the Season. [March 13, 1840.

## Moffat's Life Pills & Bitters.

THESE medicines are indebted for their name by their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor. To many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the happy effects of MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS have been gratefully and publicly acknowledged by the persons benefitted, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

The LIFE MEDICINES recommend themselves in diseases of every description. Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them; and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual costiveness, with all its train of evils, or sudden diarrhœa, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death: and hence the prejudice of those well informed men against quack medicines, or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of Health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heart-burn and Headache, Restlessness, Ill-temper, Anxiety, Languor and Melancholy, Costiveness, Diarrhœa, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, Worms, Asthma and Consumption, Scurvy, Ulcers, Inveterate Sores, Scorbutic Eruptions and Bad Complexion, Eruptive complaints, Sallow, Cloudy, and other disagreeable Complexions, Salt-Rheum, Erysipelas, Common Colds and Influenza, and various other complaints which affect the human frame. In FEVER and AGUE, particularly, the Life Medicines have been most eminently successful; so much so, that in the Fever and Ague Districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

MOFFAT'S MEDICAL MANUAL: designed as a domestic guide to health.—This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof. Price 25 cents—for sale by Mr. Moffat's agents generally.

These Valuable Medicines are for sale by

## To Owners of Mills.

THE Subscriber has an *improved patent Spindle* for Mills, by which, a mill will do much better, than with the usual form of Spindles. It is so constructed as to keep from *heating* or killing the meal in any manner. The runner is so confined by the Spindle as always to preserve its balance, and of course there is no rubbing of the stones.

I think, by this improved Spindle, the same water will do at least one-third more business, and the meal of superior quality.

Any person wishing to use one of these Spindles, may obtain one or more, by making application, (within a short time) to the Subscriber at Mocksville, Davie Co. N. C. I think the probable cost will not exceed $20 for the Patent and Spindle ready for use.

The following persons have my Patent Mill Spindle in successful operation:—Col. W. F. Kelly, Thos. Foster, Joseph Hall and Sam'l. Foster of Davie County; Gilbreth Dickson and David J. Ramsour of Lincoln; Charles Griffith of Rowan; Addison Moore of Davidson, and William Doss of Surry, all of whom are highly pleased with its performance.
