To Owners of Mills.  
THE Subscriber has an improved Patent Spindle for Mills, by which, a mill will do much better than with the usual form of Spindles. It is constructed so as to prevent the wearing of the mill in any manner. The runner is so constructed that it never wears to preserve its fullness, and of course there is no rubbing of the stones.  
I think, by this improved Spindle, the same water will do at least one-third more business, and the need of superfluous quality.  
Any person wishing to use one of these Spindles, may obtain one or more, by making application, (within a short time) to the Subscriber at Mocksville, Davie Co. N. C. I think the probable cost will not exceed \$30 for the Patent Spindle ready for use.  
The following persons have my Patent Mill Spindle in successful operation:—Col. W. F. Kelly, Thos. Foster, Joseph Hall and John Foster of Davie County; Gilbert Dickson and David J. Ramsour of Lincoln; Charles Griffith of Rowan; Addison Moore of Davidson; and William Doss of Surry, all of whom are highly pleased with its performance.

Moffat's Life Pills & Bitters.  
THESE medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and endowing them with renewed tone and vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the happy effects of MOFFAT'S LIFE PILLS AND PHENIX BITTERS have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.  
The LIFE MEDICINES recommend themselves in diseases of every description. Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual constiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these well informed men against quack medicines, or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.  
Moffat's Vegetable Life Medicines have been tried, and produced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heart-burn and Headache, Restlessness, Ill temper, Anxiety, Langour and Melancholy, Costiveness, Pile, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, Worms, Asthma and Consumption, Scarcy, Ulcers, Involuntary Spasms, Scrofulic Eruptions, and Bad Complexion, Eruptive complaints, Sallow, Cloudy, and other disagreeable Complexions, Salt Rheum, Erysipelas, Common Colic and Influenza, and various other complaints which afflict the human frame. In Fever and Ague, particularly, the Life Medicines have been most eminently successful; so much so, that in the Fever and Ague Districts, Physicians almost universally prescribe them.  
All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.  
MOFFAT'S MEDICAL MANUAL: designed as a domestic guide to health.—This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of disease, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof. Price 25 cents—for sale by Mr. Moffat's agents generally.

THE THOROUGH-BRED HORSE, LATH,  
BRED by Col. Wade Hampton of South Carolina, will make his second Season at Salisbury, which commenced on the 21st ultimo, and will end on the 20th of June next, at \$20 the Season, and \$30 to mares, the money to be paid as soon as the Mare is accoutred to be in foal, or the property changes owners; and filly colts to the groom.—Mares sent from a distance will be well attended to, and fed with grain at 20 cents per day. To those that wish it, a good lot will be furnished gratis; but in no instance will I be responsible for accidents or escapes.  
R. W. LONG,  
Salisbury, N. C., March 13, 1840. 28-2

PEDIGREE:  
I Certify that LATH was bred by me, and that he was foaled in the Spring of 1838. He was got by Godolphin, his dam Pocahontas, by Sir Archy; his grand-dam Young Lottery, also by Sir Archy, out of Col. Singleton's celebrated Lottery, by imported Bedford out of the imported mare Avellina. Godolphin was got by Eclipse; his dam Sylph, by Hephæstion out of Lottery by imported Bedford, &c. Hephæstion was got by the imported Bozzard out of the dam of Sir Archy.  
DESCRIPTION OF PERFORMANCE.  
LATH is a fine bay, without white, 15 hands 3 inches high, with good bone and capital action. At three years old, he won the produce stake at Columbia, two mile heats, beating Mr. Taylor's filly, Daisy, and Captain Spahn's colt, Convention, and others paying forfeit. Two weeks afterwards he won the jockey club purse, three mile heats, at Augusta, beating Kite and distancing Black Bird. At Charleston, he was beaten by Clodhopper for the jockey club purse, three mile heats; being very much amiss, he was drawn after the first heat.—At 4 years old, he won the jockey club purse, four mile heats, at Camden, beating Sir Kenneth and Dorabella at three heats; losing the first in consequence of halting when several lengths in advance of the field, just before he reached the Judges' stand; and getting entangled amongst the strings, he sustained an injury which occasioned his withdrawal from the turf.  
Lath was a race horse of the first class, which he evinced in his trials with Bay Maria, Charlotte Russe, and Kitty Beth, and in point of blood he is inferior to none, whether imported or native. His constitution is robust, he having never been sick, and his temper good. His color, form, and action speak for themselves. In a word, Lath unites in himself as many claims to public patronage as any young Stallion that I know.

In a word, Lath unites in himself as many claims to public patronage as any young Stallion that I know.  
WADE HAMPTON,  
Willwood, Jan. 22, 1839.

FROM THE ABOVE CERTIFICATE OF COL. HAMPTON, who bred and had Lath trained for the Turf, it will be seen that he considered him a race horse of the first class—not only from the races he has mentioned as having run publicly, but from private trials he has made with horses which are now on the Turf, and running with considerable success. It will also be observed by his certificate, that he considered Lath of the purest blood—not to be surpassed by any horse, imported or native.  
I consider it unnecessary to attempt to eulogize Lath, either for his performance on the Turf or as to his blood, since in every respect he is so well attested. But will remark, that Lath has not only descended from pure blood, but he comes from stock both sire and grand-sire, dam and grand-dam, that are of the running blood.—For instance, his sire, Godolphin, made his four mile race in 7 minutes and 30 seconds; his grand-sire, American Eclipse, so well known at the north and south, made his time in the great match race, north against the south, \$20,000 aside, in 7 minutes and 30 seconds; which Eclipse won without a considerable effort. This race gained him the honorable name of the champion of the north. He was sired by the renowned Sir Archy; whose reputation as a racer, &c., stands unquestioned, both in England and America. The grand-dam of Lath, Old Lottery, bred by the great southern amateur of horses, Col. R. Singleton of South Carolina, has produced more fine race horses than any other mare in the Union. Thus, it will be seen that she is united in Lath two of the best studs in the south, Hampton's and Singleton's, crossed with Gen. Coles' of the north.  
The public is now presented with such an opportunity of improving the blood of that noble and useful animal, the Horse, as rarely occurs in this section of country. And the public can have in addition, in a short time, the opportunity of judging more satisfactorily of Lath's blood, &c., by his trials of last Spring—yet, as it is expected there will be many of them dropped by mares in this section in a few days. As a sure goal getter Lath stands almost unrivalled, as is proven by his last Spring's services—so few of the large number of mares put to him not proving in foal.
