THE FAMILY NEWSPAPER.

Largest Subscription in the World!!

THE PHILADELPHIA SATURDAY COURIER.

THE COURIER is on an firm and independent basis as any paper issued, at home or abroad, and its ample means will be always employed to make it equal, as a FAMILY NEWSPAPER, to any journal published. It is a PERMANENT ESTABLISHMENT.

The Courier is an independent paper, fearlessly pursuing a straight-forward course, and supporting the best interest of THE PUBLIC.

This approved Family Paper is strictly NEUTRAL IN POLITICS AND RELIGION, and is the uncompromising opponent of all QUACKERY.

It maintains a high TONE OF MORALS, and not an article will appear in its pages, which should not find place at every fire-side.

The unparalleled patronage, from every section of the country, is the best evidence of its approval. It has spoken and will continue to speak for itself. Its list embraces over 34,000 subscribers, extending from the Lakes to the Ocean, and combining all interests and classes of the republic. Each number of the Courier contains as much matter as would

Fill a 19mo. Volume.

The cost of which alone would be the price of the paper for a whole year. The general character of the Courier is well known. Its columns contain a great variety of

TALES, NARRATIVES, ESSAYS, BIOGRAPHIES, &c., Together with articles on Science, Fine Arts, Literature, Agriculture, Manufactures, Foreign News, New Publications, Morality, Medicine, The Silk Culture, Temperance, Family Circle, Self-Educated Men, List of Insolvent Banks, Letters from Europe, The Classics,

Health, Commerce, Domestic Intelligence, Education, Amusements, Fables, Humorous Poetical Articles, The Drama, City Matters, Amusing Miscellany, The Markets, The Musical World, Correct Prices Current, Discount and Exchange, History, Philosophy,

And all other matters discussed in a Universal Family Journal—furnishing altogether as vast, and, we believe, as interesting a variety as can be found in any other Journal, embracing subjects for

Farmers, Mechanics, Tradesmen, Artisans, Merchants, Men of Leisure, Teachers, Students, And every Class of our Country.

The COURIER may always be DEPENDED UPON, as nothing important is permitted to escape a notice in its columns. It will always FAITHFULLY FULFILL ITS AGREEMENTS.

Our arrangements enable us to draw from the whole range of the current Literature of Europe, and our Correspondents at home embrace many of the best Writers of the country. A series of POPULAR TALES, of unequalled interest and value, will follow in constant succession.

POPULAR MUSIC. In the Courier is inserted the music of the most popular Airs, Ballads, and Songs, as soon as they are imported; so that country readers may have the most popular music for the voice, the piano, the guitar or other instruments, as soon as published, which if paid for separately would cost more than the price of subscription. This perfected arrangement is to be found in no other journal of the kind.

OUR TERMS. The price of the COURIER is only \$2, in advance. When individuals wish to subscribe to the Courier, a sure way is to enclose the money in a letter, and direct it to us. The Postmasters will probably politely remit, for we wish them in all cases, if it meet their pleasure, to act as our agents.

Clubs of ten will be furnished with ten papers for one year, provided the money be sent us free of postage and discount, for \$15.

Ten Dollars will procure the sixth copy gratis. Three copies for five dollars. \$5 at one time will be received for 3 years.

Our friends, the Postmasters, will please oblige by remitting arrears and new subscriptions.

PROSPECTUS OF THE

Western Carolina Temperance Advocate. A monthly paper devoted to the Temperance Reform, Published at Asheville, N. C., and edited by D. R. McANALLY.

A TEMPERANCE CONVENTION that was held at this place early in September, resolved on publishing a paper of the above title and character, and appointed Dr. John Dickson and D. R. McAnally to conduct it. From the many pressing engagements, Dr. Dickson already has, he deems it impetacticable for him to be recognized as one of the editors, though he will cheerfully use all his influence otherwise, to promote its interest; the subscriber therefore, proceeds to issue this Prospectus in his own name, with a hope that he will be aided in the undertaking, by all the friends of the Temperance cause throughout the country, and that the paper may soon have an extensive circulation.

Friends of the Temperance Cause! to you we make a most earnest appeal—while thousands upon thousands of dollars are annually expended at the races, at circuses, at the race track, at groceries, while no pains are spared, at the expense of retirement and non-prosecution of political opponents, can you not do something in a cause that must be dear to every true patriot, philanthropist, and christian! Recollect there are but few, very few, such papers in all the Southern country.—The Western part of North Carolina, the Western part of Virginia, and the Eastern part of Tennessee particularly, need a periodical of this kind, and it is for you now to say whether they shall have it.

The very low price at which it was fixed by the Convention, will make it necessary, that a very large subscription be had, before the publication of it can be justified.

TERMS. The Western Carolina Temperance Advocate will be published on a medium sheet, in quarto form, each number making eighty pages, and will be furnished at the very low price of Fifty Cents a copy. Where single copies are taken, the payment must be made invariably upon the reception of the first number.

Postmasters, editors or publishers of papers, and all Ministers of the Gospel, are authorized agents.

"NEVER DESPAIR OF THE REPUBLIC."

PROPOSALS

For a Newspaper in the City of Raleigh, to be called **THE SOUTHERN TIMES;** To be Edited by Henry I. Toole.

Proposals of this sort usually abound in promises; few will be made in this case, but they will all be redeemed.

The design of the proposed paper differs somewhat from that of any now published in this City: combining more Literary Miscellany with Politics, than is customary with the party Press. Its main character, however, will be political, and its doctrines the Jeffersonian school.

The first number will be issued about the 4th of March next, if a sufficient number of subscribers is obtained to justify the undertaking. As it cannot be regarded as perfectly certain that such will be the case, no subscriber is expected to pay until he receives the paper.

The size will be about the same with the "Raleigh Register," and it will be published twice a week during the sessions of the General Assembly, and weekly at all other times. The price will be Four Dollars per annum.

Every person to whom this proposal is sent, will please, as soon as all have subscribed who may be supposed to be desirous to patronize the undertaking, transmit their names to the Editor, at Washington, North Carolina.

He will also, mould and burn the brick, if wanted.—He trusts that his long experience in

MOULDING AND LAYING BRICK, will entitle him to a share of public patronage.

He would refer gentlemen wishing work done in his Lane of Business, to the Female Academy and the new fire proof Clerk's office in Salisbury, as specimens of his work.

JOB PRINTING,

Neatly and expeditiously, executed at this Office.

PROSPECTUS OF THE MECKLENBURG JEFFERSONIAN.

It is proposed to establish, in the Town of Charlotte, Mecklenburg County, N. C., a weekly newspaper, under the above title, to be edited and published by the subscriber. The publication of the "Mecklenburg Jeffersonian" will commence by the 1st of January next, or as soon as materials can be procured. It will be printed with entirely new and fair type, on paper of the best quality, and offered to subscribers at \$2 00 in advance, (on the receipt of the first number,) or \$3 if not paid in advance.

The present is the first effort that has been made to establish an organ at the birth-place of American Independence, through which the doctrines of the Democratic party could be freely promulgated and defended—in which the great principles of Liberty and Equality for which the *Alexanders, the Poles, and their heroic compatriots* perished their all, on the 20th May, 1775, could find at all times an unshrinking advocate. Its success rests chiefly with the Republican party of the surrounding country, the appeal is now made for support.

The Jeffersonian will assume as its political creed, those landmarks of the Republican party, the doctrines set forth in the Kentucky and Virginia Resolutions—believing, as the undersigned does, that the authors of these papers, who bore a conspicuous part in framing our system of Government, were best qualified to lead down to posterity a correct exposition of its true spirit—the best judges of what powers were delegated to, and what reserved to the States.

It will oppose, as dangerous to our free institutions, the spirit of monopoly, which has been stealthily, but steadily increasing in the country from the foundation of our Government. The most odious feature in this system, is that it robs the many, imperceptibly, to enrich the few.—It clothes a few wealthy individuals with power not only to control the wages of the laboring man, but also at their pleasure to inflate or depress the commerce and business of the whole country—exciting a spirit of extravagance, which it terminates in pecuniary ruin, and too often the moral degradation of its victims. This system must be thoroughly reformed before we can hope to see settled prosperity smile alike upon all our citizens. To aid in producing this reform, will be one of the main objects of the Jeffersonian. It will war against exclusive privileges, or partial legislation, under whatever guise granted by our Legislatures; and, therefore, will oppose the chartering of a United States Bank, Internal Improvements by the Federal Government, a revival of the Tariff System, and the new Federal scheme of the General Government amounting to pay to foreign money changers the two hundred millions of dollars, borrowed by a few States for local purposes.

As a question of vital importance to the South, and one which, from various causes, is every day assuming a more momentous and awful aspect, the Jeffersonian will keep its readers regularly and accurately advised on the subject of Northern Abolitionism. It must be evident to all candid observers, that the partisan process of the South have hitherto been too silent upon this subject. We shall, therefore, without fear of being denounced as an alarmist, lend our humble aid to assist in awakening the People of the South to due vigilance and a sense of their real danger.

While a portion of the columns of the Jeffersonian will be devoted to political discussion, the great interests of Morals, Literature, Agriculture, and the Mechanical Arts, shall not be neglected. With the choicest selections on these subjects, and a due quantity of light reading, the Editor hopes to render his sheet agreeable and profitable to all classes in Society.

Orders for the paper, addressed, postage paid, to the Editor of the Jeffersonian, Charlotte, N. C., will be promptly complied with.

Any person who will procure six subscribers, and be responsible for their subscriptions, shall have a number of the paper gratis.

Postmasters are requested to act as Agents for the paper, in receiving and forwarding subscribers' names and subscriptions. **JOS. W. HAMPTON.** November 6, 1840.

Prospectus for Kendall's Expositor.

A MOS KENDALL proposes to establish a semi-monthly newspaper under the above name, to be devoted to the following objects, viz:

1. The security of the right of suffrage, by additional laws to punish bribery and fraud.

2. An exposure of abuses and corruptions in Government, wherever known to exist.

3. An exposition of the principles of modern Banking, and its effects upon labor, trade, morals, and Government, embracing the nature and uses of money, and a history of the origin and progress of paper money in its various forms.

To these will be added all the topics common in the newspapers of the day, with a summary of news carefully compiled, forming an accurate history of passing events.

Avoiding all personal altercations, this paper, while it will not conceal its preferences for men, will confine itself chiefly to the elucidation of facts and principles, leaving the reader partisans of political controversy to younger hands.

The Expositor will be printed in the neatest manner upon a royal sheet, folded in octavo form, each number making sixteen pages, with an index at the end of each volume embracing one year. It will thus form a book containing a history of the times with much more useful and entertaining matter.

PRICE—One Dollar per annum, paid in advance. No accounts will be kept, and the paper will not be sent until the money be actually received.

Bank notes will be taken at their specie value. To those who collect and forward ten dollars, an additional copy will be sent gratis.

Postmasters are permitted by law to forward subscription money in letters written by themselves. All letters to the Editor must be free or postpaid.

As to the postage on this paper will be but one cent to one and a half each number, it is in the power of every man to procure all the important news, and a vast deal of other useful matter, at not exceeding One Dollar and Thirty-six Cents. **Washington City, D. C., Jan. 12, 1841.**

To Owners of Mills.

THE Subscriber has an improved patent Spindle for Mills, by which a mill will do much better than with the usual form of Spindles. It is so constructed as to keep from heating or killing the meal in any manner. The runner is so confined by the Spindle as always to preserve its balance, and of course there is no rubbing of the stones.

I think, by this improved Spindle, the same water will do at least one-third more business, and the meal of superior quality.

Any person wishing to use one of these Spindles, may obtain one or more, by making application, (within a short time)
