

LATH,
Grand-Sired by the
AMERICAN ECLIPSE,
The Champion of America,—
Winner of the great match race,
The North against the South,
\$20,000 Aside.

THE thoroughbred horse *LATH*, bred by Col. Wade Hampton, of South Carolina, will make his *fourth* and *last* season, which is now commenced and will end the 1st July, at the following places, viz.: at Jacob Coleman's, Cabarrus county, every Monday and Tuesday; at Salisbury, Wednesday and Thursday; and at Lexington, Davidson county, Friday and Saturday. He will be regularly at his stand, public days and high water excepted. He will be let to mares at the following reduced prices:—\$12 the season, to be discharged by ten if paid before the season expires, and \$10 to insure, payable as soon as the mare is ascertained to be in foal, or the property changes owners, and fifty cents to the groom. *(C)* Care will be taken to prevent accidents but, in instance, will I be responsible for any that may occur.

R. W. LONG.
Salisbury, N.C., March 12, 1842.

PEDIGREE:

I certify that *LATH* was bred by me, and that he was foaled in the Spring of 1833. His dam got by God Young Lottery, sired by Sir Archy; his gr. dam, John's celebrated Lottery, by the imported Bedford out of the imported mare *Aviatrix*; Godolphin, was got by Eclipse; his dam Sybil, by Hampshire out of Lottery, by imported Bedford, &c. His pedigree was got by the imported Bedford out of the dam of Sir Archy.

DESCRIPTION, PERFORMANCE, &c.
LATH is a fine bay, without white, 15 hands, inches high, with good bone, and capital action. At 4 years old, he won the produce stake at Columbia, 2 miles from town, beating Mr. Taylor's Filly, Daisy, and Capt. Spain's Colt, Convention, nine others staying forfeit. Two weeks afterwards he won the Jockey Club Purse, 3 miles heat, at Augusta, being like *endurance* to the *Birds*. At Charleston he was beaten by Cloudopper for the Jockey Club Purse, 2 miles heats; being very much envious he was withdrawn after the first heat. At 4 years old, he won the Jockey Club Purse, 4 miles heats, at Camden, beating Sir Kenneth and Perseverance, a grey, and the first in consequence of halting when several lengths in advance of the field, just before he reached the judges' stand; and getting enraged amongst the carriages, he sustained an injury which occasioned his withdrawal from the Turf.

LATH was a race horse of the first class, which he evinced in his trials with Bay Maria, Charlotte Russ, and Katie Heath, and in point of blood he inferior to none, whether imported or native. His constitution is robust, having never been sick, and his temper good. His color, form, and action, speak for themselves. In a word, *LATH* unites in himself as many claims to public patronage, as any young Stallion that I know.

W. HAMPTON.
Willwood Jan. 22, 1842.

From the above Certificate of Col. Hampton, who bred and has *LATH* trained for the Turf, it will be seen that he considered him a *Race horse* of the first class,—not only from the races he has run, but from his training on pasture, cut from private trials he has made with horses which are now on the Turf, and running with considerable success. It will also be observed by his certificate, that he considered *LATH* of the purest blood,—not to be surpassed by any horse, imported or native.

I consider it entirely unnecessary to attempt to eulogize *LATH*, either for his performances on the Turf or as his blood, since, in every respect, he is so well attested. But will remark that *LATH* has not only descended from pure blood, but has come from stock both Sire, Grandpa, Dam, and Grand-dam, that are of the running blood. For instance, his sire Godolphin made his four miles in 2 minutes and 30 seconds; his Grand-dam, the American Eclipse, so well known at the North and South, made his time in the great match race, the North against the South, \$20,000 aside, in 7 minutes and 37 seconds, which Eclipse won with considerable ease. This race gained him the memo- rable name of the Champion of the North. His dam, sired by the renowned Sir Archy, whose reputation as a racer, &c., stands unquestioned both in England and America. The grand-dam of *LATH*, Old Lottery, bred by the great Southern Amateur of horses, Col. R. Singleton, of South Carolina, which has produced more fine race horses than any other man in the Union. Thus it will be seen that there is united in *LATH* two of the best studs of the South, Hampton's and Singleton's, crossed with Gen. Coles of the North.

The public is now presented with such an opportunity of improving the blood of that noble and useful animal, the horse, as rarely occurs in this section of country.

PROSPECTUS

OF THE
Western Carolina Temperance Advocate,
A monthly paper devoted to the Temperance Reform.
Published at Asheville, N.C., and edited
BY D. R. MCANALLY.

A TEMPERANCE CONVENTION was held at the place early in September, resolved in publishing a paper of the above title and character, and invited John Dickson and D. R. McAnally to conduct it. From the many pressing engagements, Mr. Dickson already has, he deems it impossible for him to be recognised as one of the editors, though he will certainly use his influence otherwise, to promote its interest; the subscriber therefore, proceeds to issue this Prospectus in his own name, with a hope that he will succeed in the undertaking, by all the friends of the Temperance cause throughout the country, and that the paper may hence have an extensive circulation.

Friends of the Temperance Cause will make a most earnest appeal—while the suns open broad-sands of dollars are earnestly expended elsewhere, at the expense of the track, at great expense, and are secured, the luxury of retirement and ease, bringing no nobler reward for service to subserve the interests of political aspirants, can you not do something in a cause that most to dear to every true patriot, philanthropist, and Christian! Recollect there are but few very few such papers in all the Southern states.—The Western part of North Carolina, the Western part of Virginia, and the Eastern part of Tennessee, particularly, has a prospect of this kind, and it is for you now to say whether they shall exist.

TERMS:

The *Western Carolina Temperance Advocate* will be published on a medium sheet, for 25c per number, making 250 pages, and will be sent out at the very low price of *15c* a copy. When single copies are taken, the payment must be made in advance. Letters containing subscribers names and remittance, must be directed postpaid free, to the Treasurer of the Society, James Brown, Raleigh, North Carolina.

All the newspapers in the State are respectfully requested to give the Prospectus one or two insertions.

TO THE TANNERS
OF THE
UNITED STATES.

THE Undersigned have taken out a PATENT for an improvement made by themselves in the important art of

Finishing Leather.

This improvement consists in a new mixture, of their invention, which is applied to the leather, and which saves the expence of tallow and the labor of whitening. They do not offer it to the public without having themselves effectually tested it, nor on their own recommendation alone, but ask attention to the certificates given below by highly respectable and experienced Tanners who have examined the invention, and being satisfied of its usefulness, have purchased rights—and also to the certificates of the less and shoe-makers who bear testimony to the quality and finish of the leather.

CERTIFICATES:

At the request of Messrs. Ronald & Miller, and for our own satisfaction, we have particularly examined their improved plan of finishing leather, and pronounce it altogether beyond our expectation for value; and we cheerfully recommend it to the Tanners of the Country as a great saving of labor and expense, and as giving a fine gloss and high finish to the leather. Being satisfied of this, we have purchased for ourselves the right to use their patent.

WM. R. GOVAN,

We have manufactured a considerable quantity of leather finished on the improved plan lately invented by Messrs. Ronald & Miller, and we consider it of the best quality, both for beauty of finish, and lasting properties.

PROSPECTUS

OF THE

North Carolina Temperance Union.

THE State Temperance Society of N. C. at its annual meeting, directed its Executive Committee to take measures for the establishment, at this place, of a Journal, dedicated to the cause of Temperance.

In due course to their wish, and in pursuance with the importance of such a publication, the Committee have determined, if sufficient encouragement can be obtained, to have the first number of such a publication to be called the *NORTH CAROLINA TEMPERANCE UNION*, on the first of January next.

The leading object of the Union will be, the dissemination of Temperance principles. We shall endeavor to present in its pages, a full record of the progress of the *Temperance cause* in our own and in foreign lands; and its effect upon individuals and communities—and original articles of interest of its principles, and in reply to the various objections urged against it.

While, however, the promotion of Temperance will be the first and leading object of our Journal, it is our intention, that its pages shall be enlightened by a general summary of the most important events of the day, and particularly attention to the interest of Agriculture.

In carrying out this object, the Committee look with confidence to the friends of Temperance, particularly in North Carolina, for aid and support. A new impulse has been given to the cause in this State. Were in the proper occasion, we could tell tales of what has been passing under our own eye, which would send a third of us through every doorway. The information is incomplete, and cannot be communicated, and still going on with a power and success, which the most sagacious could not anticipate. Give us but the means of communication, and we trust that an influence will go forth from the Capital of the new North State, to disperse the boundary, that will fall upon us, happiness and prosperity throughout future generations.

Permit us, then, most earnestly to appeal to every friend of Temperance, Morality, and good order, to use *promptly*.

As the object is to commence with the new year, *definite* on the part of friends may be required. Let every individual, who sees an interest in our success, and every Temperance Society, become responsible, *at once* for the number of copies, which may suppose can be circulated in their vicinity, and forward their names immediately, to 102, 103, or 104 copies, as they may think fit, to be deposited in some newspaper office, in the same city, or in another, in which they reside.

The petition, when received, will be referred, for hearing, to their respective *Stated Courts*, in the Spring.

For instance, all within the District of Albemarle, will be heard at Edenton; all within the District of Pamlico, will be heard at Newbern; and all within the District of Cape Fear, at Wilmington. And publications will be ordered as directed by the Court.

The District of Albemarle comprises the two State Districts of Edenton and Halifax; the District of Pamlico comprises the Districts of Newbern and Hillborough, together with all that part of the District of Wilmington which lies to the Northward and Eastward of New River; and the District of Cape Fear comprises the remainder part of the State.

All Communications on the subject of Bankruptcy, addressed to me by mail, if not post paid, will remain in the office.
