

**IMPORTANT WORK!**  
NOW IN THE COURSE OF PUBLICATION.

**A DICTIONARY OF**  
*Arts, Manufactures and Mines,*  
CONTAINING A CLEAR EXPOSITION OF THEIR PRINCIPLES  
AND PRACTICES.

By ANDREW URE, M. D., F. R. S. M. G. S. M. A. S.  
Lond., Mem. Acad. N. S. Philad., S. Ph. Soc. N.  
Germ. Hanov., Mulh. &c. &c.

**ILLUSTRATED WITH ONE THOUSAND TWO  
HUNDRED AND FORTY-ONE ENGRAVINGS.**

THIS is unquestionably the most popular work of the kind ever published, and a book most admirably adapted to the wants of all classes of the community. The following are the important objects which the learned author endeavors to accomplish:

1st. To instruct the Manufacturer, Metallurgist and Tradesman in the principle of their respective processes, so as to render them, in reality, the masters of their business; and, to emancipate them from a state of bondage to such as are too commonly governed by blind prejudice and a vicious routine.

2ndly. To afford Merchants, Brokers, Drysalers, Druggists, and officers of the Revenue, characteristic descriptions of the commodities which pass through their hands.

3rdly. By exhibiting some of the finest developments of Chemistry and Physics, to lay open an excellent practical school to Students of these kindred sciences.

4thly. To teach Capitalists, who may be desirous of placing their funds in some productive branch of industry, to select judiciously, among plausible claimants, the most profitable and least hazardous.

5thly. To enable gentlemen of the law to become well acquainted with the nature of these manufactures, which are so apt to give rise to litigation.

6thly. To present to legislators such a clear exposition of the simple manufactures, as may enable them from enacting laws which obstruct industry, or cherish one branch of it to the injury of many others.

And lastly, to give the general reader, intent chiefly on Intellectual Cultivation, views of many of the noblest achievements of Science, in reflecting those grand transformations of matter to which Great Britain and the United States owe their permanent wealth, rank and power among the nations of the earth.

The latest statistics of every important object of Manufacture are given from the best, and usually from official authority at the end of each article.

The work will be printed from the 2d London Edition, which sells for \$12 a copy. It will be put on good paper, in new brevity type, and will make about 1400 royal pages. It will be issued in twenty-one semi-monthly numbers, in covers, at 25 cents each, payable on delivery.

To any person sending us five dollars at one time in advance, we will forward the numbers by mail, post paid, as soon as they come from the press.

To suitable agents this affords a rare opportunity, as we can put the work to them on terms extremely favorable. In every manufacturing town, and every village throughout the United States and Canada, subscribers may be obtained with the greatest facility. Address, post paid, La Roy Sunderland, 129 Fulton street, New York.

To every editor who gives this advertisement entire 12 insertions, we will forward, to order, one copy of the whole work, provided the paper containing this notice be sent to the New York Watchman, N. York, March 11, 1842.

**BANKRUPT LAW.**

UNITED STATES—NORTH CAROLINA DISTRICT.

**I HEREBY GIVE NOTICE,** That on the first day of February next, I shall hold a Court at my house in Fayetteville, for the purpose of receiving petitions under "An Act to establish a uniform system of Bankruptcy throughout the United States," and that the said Court will be kept open every day in succession (Sundays excepted), until notice shall be given to the contrary.

In the case of voluntary bankrupts, the Act provides that all persons whatsoever, residing in the State, &c., owing debts, which shall not have been created in consequence of a delinquency as a public officer, or as executor, administrator, guardian or trustee, or while acting in any other fiduciary capacity, who shall, by petition, setting forth to the best of their knowledge and belief, a list of their creditors, their respective places of residence, and the amount due to each, together with an accurate inventory of his or her property, rights and credits, of every name, kind, and description, and the location and situation of each and every parcel and portion thereof, verified on oath, (or affirmation) apply to the proper Court, for the benefit of the Act, and therein declare themselves to be unable to meet their debts and engagements, shall be deemed bankrupts within the purview of the Act, and may be so declared accordingly by a decree of the Court.

It is my opinion, that all persons coming within the purview of the Act, though they may be entirely destitute of property, are entitled to its benefit.

I perceive in the publications of several of the District Judges, a diversity of opinion, as I anticipated, on the construction of the act, even in the incipient stage of proceeding under it; and I am aware that other and more important difficulties will occur in the sequel. But I am now engaged in a correspondence with several District Judges, with the view of reconciling, as far as we can, the discrepancies of the Act, and of forming, at least, something like a uniformity of practice. I shall, however, hold myself in readiness to put the Act in operation, according to its spirit and the best of my ability, whether it be amended or not.

The necessary rules and forms, together with a tariff of fees, shall be given in due time.

According to my construction of the Act, the petition may be filed before any Judge or Justice of the Peace of this State; but I think the petitioner is required to appear in Court, in person, either in person or by attorney, to declare himself to be unable to meet his debts and engagements.

The petitioner must comply in his petition with the items required; and it will be found safest to adopt the very letter of the Act. His name must be in the county in which he resides.

The petitions, when received, will be referred, for hearing to their respective State Courts, in the Spring.

For instance, all within the District of Albemarle, will be heard at Edenton; all within the District of Pamlico, will be heard at Newbern; and all within the District of Cape Fear, at Wilmington. And publications will be ordered as directed by the Act.

The District of Albemarle comprises the two State Districts of Edenton and Halifax; the District of Pamlico comprises the Districts of Newbern and Hatteras; together with an undivided part of the District of Wilmington which lies to the Northwest and Eastward of New River; and the District of Cape Fear comprises the remainder part of the State.

All Communications on the subject of Bankruptcy, addressed to me by mail, if not post paid, will remain in my office.

H. POTTER, Judge U. States  
for District of North Carolina.  
Fayetteville, January 17, 1842.

**PROSPECTUS**

OF THE  
**Congressional Globe and Appendix.**

THESE works have now been published by us for ten consecutive sessions of Congress. Commencing with the session of 1822-3. They have had such wide circulation, and have been so universally approved and sought after by the public, that we deem it necessary only in this Prospectus to say that they will be continued at the next session of Congress, and to state, succinctly, their contents, the form in which they will be printed, and the prices for them.

The Congressional Globe is made up of the daily proceedings of the two Houses of Congress. The speeches of the members are abridged, or condensed, bringing them into a reasonable, or readable length. All the resolutions offered, or motions made, are given at length, in the member's own words; and the yeas and nays on all the important questions. It is printed with small type—brayer and nonpareil—on a double royal sheet, in quarto form, each number containing 16 royal quarto pages. It is printed as fast as the business done in Congress furnishes matter enough for a number—usually one number, but sometimes two numbers, a week. We have invariably printed more numbers than there were weeks in a session. The approaching session of Congress, it is expected, will continue 7 months; if so, subscribers may expect between 30 and 40 numbers, which, together, will make between 500 and 600 royal quarto pages.

The Appendix is made up of the President's annual message, the reports of the principal officers of the Government that accompany it, and all the long speeches of members of Congress, written out or revised by themselves. It is printed in the same form as the Congressional Globe, and usually makes about the same number of pages. Heretofore, on account of the great number of speeches, and so long, we have not completed the Appendix until one or two months after the close of the session; but, in future, we intend to print the speeches as fast as they shall be prepared, and of course, shall complete the work within a few days after the adjournment.

Each of these works is complete in itself; but it is necessary for every subscriber, who desires a full knowledge of the proceedings of Congress, to have both; because, then, if there should be any ambiguity in the synopsis of the speech, or any denial of its correctness, as published in the Congressional Globe, the reader may return to the Appendix to see the speech at length, corrected by the member himself.

Now, there is no source but the Congressional Globe and Appendix, from which a person can obtain a full history of the proceedings of Congress. Gales and Seaton's Register of Debates, which contained a history, has been suspended for three or four years. It cost about five times as much for a session as the Congressional Globe and Appendix, and did not contain an equal amount of matter, a great portion of the current proceedings being omitted. We are enabled to print the Congressional Globe and Appendix at the low rate now proposed, by having a large quantity of type, and keeping the Congressional matter that we set up for the daily and semi-weekly Globes, standing for the Congressional Globe and Appendix. If we had to set up the matter afresh for these works, we could not afford to print them for double the price now charged.

Complete Indexes to both the Congressional Globe and the Appendix are printed at the close of each session, and sent to all subscribers for them.

We have on hand 3,000 for 4,000 surplus copies of the Congressional Globe and Appendix for the Extra Session, which make together near one thousand royal quarto pages. They give the fullest history of Congress that has ever been published. We now sell them for \$1 each; that is, \$1 for the Congressional Globe, and \$1 for the Appendix. We propose to let subscribers for the Congressional Globe and Appendix for the next session, have them for 50 cents each. They will be necessary to understand fully the proceedings of the next session. The important matters discussed at the last, will be brought up at the next session, in consequence of the universal dissatisfaction evinced in the late elections with the vast and novel system of policy which the powers have introduced, and which was forced through Congress without consulting public opinion, or even allowing the full expression of public opinion in regard to subjects of ordinary interest. The reports of the Congressional Globe and Appendix, set out in the best degree affected by the party bias of the Editor. They are given precisely as written out by the Reporters and the members themselves. And the whole are subject to the revision and correction of the Reporters, as they pass in review in our daily sheet, in case any misunderstanding or misrepresentation of their remarks should occur.

We make a daily analysis of the proceedings in Congress, and give our opinions as to freely, but this is published only in the daily, Semi-weekly, and Weekly Globes. The Daily Globe is \$10, the Semi-weekly Globe \$2 per annum, in advance. The Weekly Globe is printed in the same form as the Congressional Globe and Appendix, and a complete index made to it at the end of each year.

**TERMS.**

For the Congressional Globe and Appendix for the last Extra Session, \$1.  
For the Congressional Globe for the next session, \$1 per copy.  
For the Appendix for the next session, \$1 per copy.  
Six copies of either of the above works will be sent for \$5; twelve copies for \$10, and so on in proportion to a greater number.  
Payments may be transmitted by mail, postage paid, at our risk. By a letter of the Post Office Department, postmasters are permitted to frank letters containing money for subscriptions.  
The notes of any bank, current where a subscriber resides, will be received by us at par.  
To insure all the numbers, the subscriptions should be in Washington by the 15th December next, at farthest, though it is probable that we shall put enough surplus copies to fill every subscription that may be paid before the 1st day of January next.  
No attention will be paid to any order unless the money accompanies it.

**TO THE TANNERS**  
OF THE  
**UNITED STATES.**

THE Undersigned have taken out a PATENT for an improvement made by themselves in the important art of  
**Finishing Leather.**

This improvement consists in a new mixture, of their invention, which is applied to the leather, and which saves the expense of tallow and the labor of whitening. They do not offer it to the public without having themselves effectually tested it, nor on their own recommendation alone, but ask attention to the certificates given below by highly respectable and experienced Tanners who have examined the invention, and being satisfied of its usefulness, have purchased rights;—and also to the certificates of the Foot and Shoe-makers who bear testimony to the quality and finish of the leather.

WM. A. RONALD,  
HENRY C. MILLER.

Letters to the subscribers should be addressed,  
Chatham, Rowan County, N. C.  
March 4, 1842.

**CERTIFICATES:**

At the request of Messrs. Ronald & Miller, and for our own satisfaction, we have particularly examined their improved plan of finishing leather, and pronounce it altogether beyond our expectation for value; and we cheerfully recommend it to the Tanners of the Country as a great saving of labor and expense, and as giving a fine gloss and high finish to the leather. Being satisfied of this, we have purchased for ourselves the right to use their patent.

**PROSPECTUS**

OF THE  
**North Carolina Temperance Union.**

THE State Temperance Society of N. C. at its annual meeting, directed its Executive Committee to take measures for the establishment, at this place, of a Journal, devoted to the cause of Temperance.

In obedience to their wishes, and impressed with the importance of such a publication, the Committee have determined, if sufficient encouragement can be obtained, to issue the first number of such a publication, to be called the NORTH CAROLINA TEMPERANCE UNION, on the first of January next.

The leading object of the Union will be, the dissemination of Temperance principles. We shall endeavor to present in its pages, a full record of the progress of the Temperance cause in our own and in foreign lands;—of its effect upon individuals and communities;—and original articles in defence of its principles, and in reply to the various objections urged against it.

While, however, the promotion of Temperance will be the first and leading object of our Journal, it is our intention, that its pages shall be enlivened by a general summary of the most important events of the day, and by particular attention to the interest of Agriculture.

In carrying out the object, the Committee look with confidence to the friends of Temperance, particularly in North Carolina, for aid and support. A new impulse has been given to the cause in this State. Were this the proper occasion, we could tell a tale of what has been passing under our own eyes, which would tend a thrill of joy through every benevolent heart. The reformation of the intemperate has commenced, and is still going on with a power and success, which the most sanguine never dared to anticipate. Give us but the means of communication, and we trust that an influence will go forth from the Capitol of the old North State, to its remotest boundary, that will tell upon its happiness and prosperity through all future generations.

Permit us, then, most earnestly to appeal to every friend of Temperance, Morality, and good order, to aid us promptly. As the object is to commence with the new year, delay on the part of its friends may be fatal. Let every individual then, who feels an interest in our cause, and every Temperance Society, become responsible, at once for the number of copies, when they suppose can be circulated in their vicinity, and forward their names immediately, for 10, 20, or 50 copies, as they may think the demand of their neighborhood may justify. In this way only, can we hope for success in our effort.

At a meeting of the Executive Committee of the N. C. Temperance Society, the following resolution was adopted: Whereas, arrangements have been made to commence the publication of a Temperance Journal in the City of Raleigh, for the first week of January next, provided one thousand subscribers can be obtained.

Resolved, That it be most earnestly recommended to each of the Officers of the State Temperance Society, and to the members of the late State Convention, and to any who are friendly to the cause, immediately after the receipt of this resolution, to become responsible for from 10 to 50 subscribers, so that the publication may commence at the time contemplated.

By order of the Executive Committee of the North Carolina State Temperance Society.

**TERMS:**

The North Carolina Temperance Union will be published weekly on a medium sheet, (say 20 by 15 inches) at One Dollar and Fifty Cents per annum, payable IN ADVANCE. Letters containing Subscribers names and remittances, must be directed, postpaid or free, to the Treasurer of the Society, JAMES BROWN, Raleigh, North Carolina.

All the newspapers in the State are respectfully requested to give this Prospectus one or two insertions.

**Laborers Wanted.**

Wanted,—a number of hands to work at the mining business at Conrad's Hill, in Davidson County. The usual wages will be given, and the hands will be paid off weekly, or monthly, as they may wish.—Good board may be had near the mine on reasonable terms.

**THE FAMILY NEWSPAPER.**

**THE PHILADELPHIA SATURDAY COURIER.**

WITH THE LARGEST CIRCULATION IN THE WORLD!!

The publishers of this old established and universally popular Family Journal, would deem it supererogatory to say a word in commendation of its past or present excellence and usefulness. Its unrivaled and increasing circulation, (over 35,000), is its best recommendation. For the future, however, a determination to be true to the van of the American Newspaper Weekly Press, will call for increased expenditures and renewed attention for the coming year, 1842, not the least of which will be an improvement in the quality of the paper, and addition of popular contributors, embracing, we fully believe, the best list to any similar Journal in the world.

The Courier is independent in its character, fearless in pursuing a straight forward course, and supporting the best interests of the public. It is strictly neutral in politics and religion. It will maintain a high tone of morals, and not an article will appear in its pages which should not find a place at every fireside. It has more than double the number of constant readers, to that of any other paper published in the country, embracing the best families of our Republic.

**AMERICAN TALES.**

Every one should be proud to patronize the Philadelphia Saturday Courier, as by its unbroken series of original American Tales, by such native writers as Mrs. Caroline Lee Hentz, Mrs. St. Leon Loud, "The Lady of Maryland," Professor Ingraham, T. S. Arthur, Esq., Miss Sedgwick, Miss Leslie, and many others, it has justly earned the title of the American Family Newspaper.

Determined to spare no expense in making the Saturday Courier a perfect model of a Universal Family Newspaper, of equal interest to all classes and persons of every nation, we have made arrangements to receive all the Magazines and papers of interest published in England and on the Continent, the news and gems of which are immediately transferred to its columns, thus giving to emigrants, as well as others, a correct and connected account of whatever occurs of interest, either at home or abroad.

**Foreign Literature and News.**

Particular care is taken to procure the earliest advices in reference to the prices of all kinds of Grain, Provision, Produce, &c., the state of Stocks, Banks, Money and Land, and our extensive arrangements will hereafter render our Prices Current of inestimable interest to the traveller, the farmer, and all business classes whatsoever.

The general character of the Courier is well known. Its columns contain a great variety of

**TALES, NARRATIVES, ESSAYS, AND BIOGRAPHICAL**

and articles in Literature, Science, the Arts, Mechanics, Agriculture, Education, Music, News, Health, Amusement, and in fact, in every department usually discussed in a Universal Family Newspaper, from such writers as

Mrs. C. Lee Hentz, Charles Dickens, (Dox.) Professor Ingraham, T. S. Arthur, J. Sheridan Knowles, Mrs. M. St. Leon Loud, Douglas Jerrold, Miss Sedgwick, Wm. E. Burton, Leut. G. W. Patton, Thos. Campbell, Miss Mitford, Professor Wines, E. L. Belzer, Joseph G. Neal, Thos. G. Spear, Capt. Murray, R. N. R. Penn Smith,	Mrs. S. C. Hall, Professor Duglison, M. M'Michael, Miss Ellen S. Rand, George P. Morris, Mrs. Gore, Joseph R. Chandler, Mrs. Leslie, Professor J. Frost, Lydia H. Sigourney, Hon. Robert T. Coates, Robert Morris, Mrs. C. H. W. Eling, A. Green, Jr., John Neal, Countess of Blessington, Lucy Seymour.

**TO AGENTS—TERMS.**

The terms of the Courier are \$2 per annum, payable in advance, but when any one will oblige to procure ten new subscribers, and send us \$15, per money and postage free, we will accept for one for each. Seven copies for \$10, three copies for \$5, or one copy three years for \$5.

**CLUBBING.**

Two copies of the Saturday Courier, and Godey's Lady's Book, one year, will be sent for \$5.  
Five copies of the Saturday Courier, and Godey's Lady's Book, one year, will be sent for \$10.  
Address, N. MAKIN & HOLDEN, Philadelphia.

**PROPOSALS**

For publishing in the City of Richmond, a new Weekly Paper, to be entitled

**THE VIRGINIA DEMOCRAT.**

It will be printed on good paper, weekly, and after the next election, at the uncommonly low price of Twenty Five cents to a single subscriber, and copies for Two Dollars, TWENTY-THREE copies for Five Dollars, FIFTY copies for Ten Dollars, payable invariably in advance.

It will wage an uncompromising war with all the ruinous schemes now advocated and supported by the Federal party; and nothing shall be left undone, which the most zealous exertions can accomplish, to effect the entire overthrow of the Federal faction at the ensuing election. The articles will be brief, witty and pungent, but yet courteous and respectful; Federalism in all its guileful forms and Protean shapes, will be handled without gloves.

We respectfully ask that a generous patronage may be bestowed upon our efforts to promote the success of the cause in which we are engaged. Orders addressed to THOMAS FENN, will receive prompt attention.

**LATH,**  
**Grand-Sired by the**  
**AMERICAN ECLIPSE,**  
**The Champion of America,—**  
**Winner of the great match race,**  
**The North against the South,**  
**\$20,000 Aside.**

THE thorough-bred horse LATH, bred by Col. Wade Hampton, of South Carolina, will make his fourth and last season, which is now commenced and will end the 1st July, at the following places, viz: at Jacob Coleman's, Cabarrus county, every Monday and Tuesday; at Salisbury, Wednesday and Thursday; and at Lexington, Davidson county, Friday and Saturday. He will be regularly at his stands, public days and high water excepted. He will be let to races at the following reduced prices:—\$12 the season, to be discharged by ten if paid before the season expires, and \$15 to insure, payable as soon as the mare is ascertained to be in foal, or the property changes owners, and fifty cents to the groom. Care will be taken to prevent accidents, but, in no instance, will I be responsible for any that may occur.  
R. W. LONG,  
Salisbury, N. C., March 18, 1842.

**PEDIGREE:**  
I certify that LATH was bred by me, and that he was foaled in the Spring of 1833. He was got by Godolphin, his dam Peachblow, by Sir Archy; his g. dam Young Lottery, also by Sir Archy, out of Col. Singleton's celebrated Lottery, by the imported Bedford out of the imported mare Antivilla; Godolphin was got by Eclipse; his dam Sylph, by Hephæstion out of Lottery; by imported Bedford, &c. Hephæstion was got by the imported Buzzard out of the dam of Sir Archy.

**DESCRIPTION, PERFORMANCE, &c.**

LATH is a fine bay, without white, 15 hands, 3 inches high, with good bone, and capital action. At 3 years old, he won the produce stake at Columbia, 2 mile heats, beating Mr. Taylor's Filly Daisy, and Capt. Span's Colt, Convention, nine others paying forfeit.—Two weeks afterwards he won the Jockey Club Purse, 3 mile heats, at Augusta, beating Kite, and distancing Black Bird. At Charleston he was beaten by Clodhopper for the Jockey Club Purse, 3 mile heats; being very much amused he was withdrawn after the first heat. At 4 years old, he won the Jockey Club Purse, 4 mile heats, at Camden, beating Sir Kenneth and Dorabella at 3 heats; losing the first in consequence of bolting when several lengths in advance of the field, just before he reached the judges' stand; and getting entangled amongst the crowd, he sustained an injury which occasioned his withdrawal from the turf.

LATH was a descendant of the first class, which he evinced in trials with Bay Maria, Charlotte Race, and Kitty Heth, and in point of blood he is inferior to none, whether imported or native. His constitution is robust, having never been sick, and his temper good. His color, form and action, speak for themselves. In a word, Lath unites in himself as many qualities as public patronage, as any young Stallion that I know.  
W. HAMPTON,  
Willwood Jan. 22, 1839.

From the above Certificate of Col. Hampton, who bred and had LATH trained for the turf, it will be seen that he considered him a Race horse of the first class,—not only from the races he has mentioned as having run publicly, but from private trials he has made with horses which are now on the turf, and running with considerable success. It will also be observed by his certificate, that he considered Lath of the purest blood,—not to be surpassed by any horse, imported or native.

I consider it entirely unnecessary to attempt to eulogize LATH, either for his performances on the turf or as to his blood, since, in every respect, he is so well attested. But with regard to Lath, has not only descended from pure blood, but has come from stock both Sirs Grandville, Dam, and Grand-dam, that are of the running blood. For instance, his sire Godolphin made his four miles in 7 minutes and 50 seconds; his Grand-sire, the American Eclipse, so well known at the North and South, made his time in the great match race, the North against the South, \$20,000 aside, in 7 minutes and 37 seconds, which Eclipse won with considerable point. This race gained him the memorable name of the Champion of the North. His dam, sired by the renowned Sir Archy whose reputation as a racer, &c., stands unquestioned both in England and America. The Grand-dam of LATH, the Lottery, bred by the great Southern Amateur of horses Col. R. Singleton, of South Carolina, which has produced more fine race horses than any other mare in the Union. Thus it will be seen that there is united in LATH two of the best studs of the South, Hampton's and Singleton's crossed with Gen. Coles of the North.

The public is now presented with such an opportunity of improving the blood of that noble and useful animal, the horse, as rarely occurs in this section of country.

Published at Asheville, N. C., and edited  
BY D. R. McANALLY.

A TEMPERANCE CONVENTION that was held at the place early in September, resolved on publishing a paper of the above title and character, and appointed H. John Dickson and D. R. McAnally to conduct it. From the many pressing engagements, Dr. Dickson already has, he deems it imperative for him to be recognized as one of the editors, though he will cheerfully meet his influence otherwise, to promote its interests; the subscriber therefore proceeds to issue this Prospectus in his own name, with a hope that he will be aided in the undertaking, by all the friends of the Temperance cause throughout the country, and that the paper may soon have an extensive circulation.

Friends of the Temperance Cause! to you we make a most earnest appeal,—while thousands upon thousands of dollars are annually expended at theatres, in circuses, at the race track, at groceries, where no pains are spared, the luxury of retirement and ease foregone, and no labor deemed too severe to advance the interests of political aspirants, can you not do something in a cause that must be dear to every true patriot, philanthropist, and Christian? Recollect there are but few very few, such papers in all the Southern country.—The Western part of North Carolina, the Western part of Virginia, and the Eastern part of Tennessee particularly, need a periodical of this kind, and it is for you now to say whether they shall have it.

The very low price at which it was fixed by the Convention, will make it necessary, that a very brief subscription be had, before the publication of it could be justified.

**TERMS.**

The Western Carolina Temperance Advocate will be published on a medium sheet, in quarto form, each number taking eight pages, and will be furnished at the very low price of Fifty Cents a copy. Where single copies are taken, the payment must be made immediately upon the reception of the first number.

Postmasters, editors or publishers of papers, and all Ministers of the Gospel, are authorized agents.
