3dly. By exhibiting some of the finest developments of Chemistry and Physics, to lay open an excellent practical school to Students of these kindred sciences.

4thly. To teach Capitalists, who may be desirous of placing their funds in some productive branch of industry, to select judiciously, among plausible claimants.

PROSPECTUS OF THE SPECTATOR.

THESE subscribers propose to publish, at the seat of Government, a Weekly Newspaper, to be called "THE SPECTATOR." They believe that such a publication will not be superfluous.

It will not give the debates at length, but present a comprehensive and satisfactory summary of the proceedings in both Houses of Congress, with such comment or remarks as will contribute to their elucidation.

Striking or interesting speeches will also be inserted, from time to time, or such extracts therefrom as may be most worthy of attention.

The editorial department will discuss the questions of the day with spirit and with fairness, and in a manner which it is hoped will prove acceptable to the popular taste.

A familiarity with domestic politics, acquired by a residence at the capital, and the journal of one of them abroad, of similar duration, at an interesting period of European history, have given them some slight advantages for the task proposed.

Communications from intelligent sources will also be furnished, and it shall be their effort to present to their readers that attractive variety, without which the most important topics are apt to fall upon the public mind.

Events are constantly occurring at home & abroad, beyond the sphere of mere personal and party politics, attention to which cannot fail to elucidate political questions, and promote national interests.

Judicious selections from foreign journals, which are so accessible in Washington, (containing, as well as English, (popular attention to the latter) cannot but interest the English reader, whose liberal curiosity and expansive sympathies extend beyond the confines of his own country.

Nor will literature and general criticism be neglected, though kept subordinate to the paramount end of a political journal.

In a work, it is the design of the subscribers to furnish a spirited paper, for which they are persuaded, peculiar facilities are found at the seat of Government.

Without appealing to their post position and exertions, they will content themselves with declaring that their opinions are thoroughly and unchangeably Democratic, yet, they would far hope, not differ or uncharitable. They will discuss questions and judge men with freedom, yet with that moderation which gives additional strength to firmness, and that candor which is the best proof and pledge of sincerity.

TERMS.

The Spectator will be published weekly, at Three Dollars per annum, and proportionably for shorter periods, payable invariably in advance; or Five Dollars for two subscriptions, or for two years. It is proposed to issue the first number early in June.

Postmasters are authorized to remit subscriptions. Letters and communications to the Editors must be post paid or free. Address MARTIN & HEART, Washington, D. C. June 3, 1842.

PROSPECTUS OF THE CONGRESSIONAL GLOBE AND APPENDIX.

THESE works have now been published by us for ten consecutive sessions of Congress. Commencing with the session of 1832-3. They have had such wide circulation, and have been so universally approved and sought after by the public, that we deem it necessary to issue this Prospectus to say that they will be continued at the next session of Congress, and to state, succinctly, their contents, the form in which they will be printed, and the prices for them.

The Congressional Globe is made up of the daily proceedings of the two Houses of Congress. The speeches of the members are abridged, or condensed, to bring them into a reasonable, or readable length. All the resolutions offered, or motions made, are given at length, in the mover's own words; and the yeas and nays on all the important questions. It is printed with small type—brevier and nonpareil—on a double royal sheet, in quarto form, each number containing 16 royal quarto pages. It is printed as fast as the business done in Congress furnishes matter enough for a number—usually one number, but sometimes two numbers, a week. We have invariably printed more numbers than there were weeks in a session. The approaching session of Congress, it is expected, will continue 7 months, if so, subscribers may expect between 30 and 40 numbers, which, together, will make between 500 and 600 royal quarto pages.

The Appendix is made up of the President's annual message, the reports of the principal officers of the Government that accompany it, and all the long speeches of members of Congress, written out or revised by themselves. It is printed in the same form as the Congressional Globe, and usually makes about the same number of pages. Heretofore, on account of the set speeches being so numerous and so long, we have not completed the Appendix until one or two months after the close of the session; but, in future, we intend to print the speeches as fast as they shall be prepared, and of course shall complete the work within a few days after the adjournment.

Each of these works is complete in itself; but it is necessary for every subscriber who desires a full knowledge of the proceedings of Congress, to have both; because, then, if there should be any ambiguity in the synopsis of the speech, or any denial of its correctness, as published in the Congressional Globe, the reader may return to the Appendix to see the speech at length, corrected by the member himself.

Now, there is no source but the Congressional Globe and Appendix, from which a person can obtain a full history of the proceedings of Congress. Gales and SEATON'S Register of Debates, which contained a history, has been suspended for three or four years. It cost about five times as much for a session as the Congressional Globe and Appendix, and did not contain an equal amount of matter, a great portion of the current proceedings being omitted. We are enabled to print the Congressional Globe and Appendix at the low rate now proposed, by having a large quantity of type, and keeping the Congressional Globe and Appendix at the low rate now proposed, by having a large quantity of type, and keeping the Congressional Globe and Appendix at the low rate now proposed.

Complete Index to both the Congressional Globe and the Appendix are printed at the close of each session, and sent to all subscribers for them.

We have on hand 300 or 400 surplus copies of the Congressional Globe and Appendix for the Extra Session, which make together near a thousand royal quarto pages. They give the full history of Congress that has ever been published. We now sell them for \$1 each; that is, \$1 for the Congressional Globe, and \$1 for the Appendix. We propose to let subscribers for the Congressional Globe and Appendix for the next session, have them for 50 cents each. They will be necessary to understand fully the proceedings of the next session. The important matters discussed at the last, will be brought up at the next session, in consequence of the universal dissatisfaction evinced in the late elections with the vast and novel system of policy which the powers have introduced, and which was forced through Congress without consulting public opinion, or even allowing the full discussion usual in regard to subjects of ordinary interest.

The reports of the Congressional Globe and Appendix are not in the least degree affected by the party bias of the Editor. They are given precisely as written out by the Reporters and the members themselves. And the whole are subject to the revision and correction of the speakers, as they pass in review in our daily sheet, in case any misunderstanding or misrepresentation of their remarks should occur.

We make a daily analysis of the doings in Congress, and give our opinions in it freely, but this is published only in the Daily, Semi-weekly, and Weekly Globes. The Daily Globe is \$10, the Semi-weekly Globe \$2 per annum, in advance. The Weekly Globe is printed in the same form as the Congressional Globe and Appendix, and a complete index made to it at the end of each year.

TERMS. For the Congressional Globe and Appendix for the last Extra Session, \$1.

For the Congressional Globe for the next session, \$1 per copy.

For the Appendix for the next session, \$1 per copy. Six copies of either of the above works will be sent for \$5; twelve copies for \$10, and so on in proportion for a greater number.

Payments may be transmitted by mail, postage paid, at our risk. By a rule of the Post Office Department, postmasters are permitted to frank letters containing money for subscriptions.

The notes of any bank, current where a subscriber resides, will be received by us at par.

To insure all the numbers, the subscriptions should be in Washington by the 15th December next, at farthest, though it is probable that we shall print enough surplus copies to fill every subscription that may be paid before the 1st day of January next.

No attention will be paid to any order unless the money accompanies it. BLAIR & RIVES, Washington City, October 25, 1841.

TO THE TANNERS OF THE UNITED STATES.

THE Undersigned have taken out a PATENT for an improvement made by themselves in the important art of Finishing Leather.

This improvement consists in a new mixture, of their invention, which is applied to the leather, and which saves the expense of tallow and the labor of whitening. They do not offer it to the public without having themselves effectually tested it, nor on their own recommendation alone, but ask attention to the certificates given below by highly respectable and experienced Tanners who have examined the invention, and being satisfied of its usefulness, have purchased rights;—and also to the certificates of the foot and shoe-makers who bear testimony to the quality and finish of the leather.

At the request of Messrs. Being satisfied of this, we have purchased for ourselves the right to use their patent.

PROSPECTUS OF THE NORTH CAROLINA TEMPERANCE UNION.

THE State Temperance Society of N. C. at its annual meeting, directed its Executive Committee to take measures for the establishment, at this place, of a Journal, devoted to the cause of Temperance.

In obedience to their wishes, and impressed with the importance of such a publication, the Committee have determined, if sufficient encouragement can be obtained, to issue the first number of such a publication, to be called the NORTH CAROLINA TEMPERANCE UNION, on the first of January next.

The leading object of the Union will be, the dissemination of Temperance principles. We shall endeavor to present in its pages, a full record of the progress of the Temperance cause in our own and in foreign lands;—of its effect upon individuals and communities;—and original articles in defence of its principles, and in reply to the various objections urged against it.

While, however, the promotion of Temperance will be the first and leading object of our Journal, it is our intention, that its pages shall be enlivened by a general summary of the most important events of the day, and by particular attention to the interest of Agriculture.

In carrying out this object, the Committee look with confidence to the friends of Temperance, particularly in North Carolina, for aid and support. A new impetus has been given to the cause in this State. Were this the proper occasion, we could tell a tale of what has been passing under our own eyes, which would send a thrill of joy through every benevolent heart.

The reformation of the temperate has commenced, and is still going on with a power and success, which the most sanguine never dared to anticipate. Give us but the means of communication, and we trust that an influence will go forth from the Capitol of the old North State, to its remotest boundary, that will tell upon its happiness and prosperity through all future generations.

Permit us, then, most earnestly to appeal to every friend of Temperance, Morality, and good order, to aid us promptly. As the object is to commence with the new year, delay on the part of its friends may be fatal. Let every individual then, who feels an interest in our success, and every Temperance Society, become responsible, at once for the number of copies, which they suppose can be circulated in their vicinity, and forward their names immediately, for 10, 20, or 50 copies, as they may think the demand of their neighborhood may justify. In this way only, can we hope for success in our effort.

At a meeting of the Executive Committee of the N. C. Temperance Society, the following resolution was adopted: Whereas, arrangements have been made to commence the publication of a Temperance Journal in the City of Raleigh, on the first week of January next, provided our WOODSOWN Subscribers can be obtained.

Resolved, That it be most earnestly recommended to each of the Officers of the State Temperance Society, and to the members of the late State Convention, and to any who are friendly to the cause, immediately after the receipt of this resolution, to become responsible for from 10 to 50 Subscribers, so that the publication may commence at the time contemplated.

By order of the Executive Committee of the North Carolina State Temperance Society.

TERMS: The North Carolina Temperance Union will be published weekly on a medium sheet, (say 20 by 18 inches), at One Dollar and Fifty Cents per annum, payable IN ADVANCE. Letters containing Subscribers names and remittances, must be directed, postpaid or free, to the Treasurer of the Society, JAMES BROWN, Raleigh, North Carolina.

All the newspapers in the State are respectfully requested to give this Prospectus one or two insertions.

THE FAMILY NEWSPAPER.

THE PHILADELPHIA SATURDAY COURIER.

WITH THE LARGEST CIRCULATION IN THE WORLD!

The publishers of this old established and universally popular Family Journal, would deem it supererogatory to say a word in commendation of its past or present excellence and usefulness. Its unrivaled and increasing circulation, (over 35,000,) is its best recommendation.

For the future, however, a determination to be first in the van of the American Newspaper Weekly Press, will call for increased expenditures and renewed attractions for the coming year, 1842, not the least of which will be an improvement in the quality of the paper, and addition of popular contributors, embracing, we fully believe, the best list in any similar Journal in the world.

The Courier is independent in its character, busily pursuing a straight forward course, and supporting the best interests of the public. It is strictly neutral in politics and religion. It will maintain a high tone of morals, and not an article will appear in its pages which should not find a place at every fireside. It has more than double the number of constant readers, to that of any other paper published in the country, embracing the best families of our Republic.

AMERICAN TALES.

Every one should be proud to patronize the Philadelphia Saturday Courier, as by its unbroken series of original American Tales, by such native writers as Mrs. Caroline Lee Hentz, Mrs. St. Leon Loud, "The Lady of Maryland," Professor Ingrahame, T. S. Arthur, Esq., Miss Sedgwick, Miss Leslie, and many others, it has justly earned the title of the American Family Newspaper.

Foreign Literature and News.

Determined to spare no expense in making the Saturday Courier a perfect model of a Universal Family Newspaper, of equal interest to all classes and persons of every nation, we have made arrangements to receive all the Magazines and papers of interest, published in England and on the Continent, the news and gems of which are immediately transferred to its columns, thus giving to emigrants, as well as others, a correct and connected account of whatever occurs of interest, either at home or abroad.

THE MARKETS.

Particular care is taken to procure the earliest advices in reference to the prices of all kinds of Grain, Provision, Produce, &c., & the state of Stocks, Banks, Agency and Lands, and our extensive arrangements will hereafter render our Prices Current of incalculable interest to the traveller, the farmer, and all business classes of whatever description.

The general character of the Courier is well known. Its columns contain a great variety of TALES, NARRATIVES, ESSAYS, AND BIOGRAPHIES, and articles in Literature, Science, the Arts, Mechanics, Agriculture, Education, Music, News, Health, Amusement, and in fact, in every department usually discussed in a Universal Family Newspaper, from such writers as Mrs. C. Lee Hentz, Charles Dickens, (Box), Professor Ingrahame, T. S. Arthur, J. Sheridan Knowles, Mrs. M. St. Leon Loud, Douglas Jerrold, Miss Sedgwick, Wm. E. Barton, Lieut. G. W. Patton, Thos. Campbell, Miss Mitford, Professor Wines, E. L. Bulwer, Joseph C. Neal, Thos. G. Spear, Capt. May, at, R. N. R. Penn Smith.

TO AGENTS—TERMS.

The terms of the Courier are \$2 per annum, payable in advance, but when any one will officiate to procure new subscribers, and send us \$15, per money and postage free, we will accept for one for each. Seven copies for \$10, three copies for \$5, or one copy three years for \$5.

CLUBBING.

Two copies of the Saturday Courier, and Godey's Lady's Book, one year, will be sent for \$3. Five copies of the Saturday Courier, and Godey's Lady's Book, one year, will be sent for \$10. Address, M'MAKIN & HOLDEN, Philadelphia.

Those with whom we exchange, will add to their many obligations by copying the above, or referring to it in their columns.

PROSPECTUS OF THE Western Carolina Temperance Advocate.

A monthly paper devoted to the Temperance Reform. Published at Asheville, N. C., and edited BY D. R. McANALLY.

A TEMPERANCE CONVENTION that was held at this place early in September, resolved on publishing a paper of the above title and character, and appointed Dr. John Dickson and D. R. McAnally to conduct it. From the many pressing engagements, Dr. Dickson already has, he deems it impracticable for him to be recognized as one of the editors, therefore, to promote its interest, the subscriber therefore, proceeds to issue this Prospectus in his own name, with a hope that he will be aided in the undertaking, by all the friends of the Temperance cause throughout the country; and that the paper may soon have an extensive circulation.

Friends of the Temperance Cause! to you we make a most earnest appeal—write thousands upon thousands of dollars are annually expended at theatres, at circuses, at the race track, at groceries, while no pains are spared, the luxury of retirement and ease foregone, and no labor deemed too severe to advance the interests of political opponents, can you not do something in a cause that must be dear to every true patriot, philanthropist, and Christian? Recollect there are but few, very few, such papers in all the Southern country.—The Western part of North Carolina, the Western part of Virginia, and the Eastern part of Tennessee particularly, need a periodical of this kind, and it is for you now to say whether they shall have it.

The very low price at which it was fixed by the Convention, will make it necessary, that a very large subscription be had, before the publication of it can be justified.

TERMS. The Western Carolina Temperance Advocate will be published on a medium sheet, in quarto form, each number making eight pages, and will be furnished at the very low price of Fifty Cents a copy. Where suitable copies are taken, the payment must be made invariably upon the reception of the first number.

Postmasters, editors or publishers of papers, and all Ministers of the Gospel, are authorized agents.
