Carolina Watchman,

SALISBURY, FRIDAY, OCT. 20, 1871.

LOCAL AND STATE ITEMS.

Strawberries!—What, on the 18th of October? Yes, fresh and sweet, just picked from the vines, all with their green caps on. They are from Mrs. WILLIAMS BROWN'S garden. The incredulous may call and see.

We have not yet had a killing frost.

THE SKATING RINK.—Maj. GEO. H. BRIGGS, manager, will give his first grand Reception at Market Hall, this evening, when our citizens will have an opportunity of witnessing the wonderful skating of Miss GEORGIE. We have heretofore spoken of her beautiful movements, and feel sure they cannot be excelled.

☞ The great heart of the "old and the new world" has been touched by the overwhelming disaster of Chicago, and contributions for the relief of the suffering people are pouring in from all quarters of Europe and America. This is a gratifying illustration of human sympathy and makes one think better of his fellow man.

BEAUTIFUL CAKES.—We are indebted either to the Boyden House or to Mrs. WREN, (we know not which, nor is it material,) for a dish comprising specimens of the various fine cakes prepared by that well known, artistic lady, for the Coronation Ball given at the Boyden House, Friday evening last. The cakes are certainly worthy the fame of Mrs. WREN, and creditable to the liberal endeavor of Col. BROWN, of the "Boyden," to please his patrons.

They are talking about having a narrow guage railroad from Asheville to Pendleton, S. C.

A few days ago on the Wilmington & Weldon railroad, near Black Creek, an old colored man named Abram Strickland was run over by the train and killed. Two much "tangle-foot" was the cause.

Pardoned.—A negro named Graham Sharpe, from Perquimans county, under sentence in the penitentiary for three years, for larceny, was pardoned by Gov. Caldwell, on Friday last.—*Sentinel.*

TO CORRESPONDENTS.—Our thanks are due those who have sent us contributions for the columns of the "*Watchman*," and we shall endeavor to realize the wishes of all such in our management of this department. Correspondents cannot be too careful in writing out their thoughts. Letters formed in an unusual way are apt to mislead the type-setter and come out wrong *words* and mar the sense. Much depends on the penmanship of contributors, the very best articles sometimes being rejected on this account alone.

We have several articles on hand which pressing engagements have compelled us to defer for a few days.

We acknowledge receipt of a Complimentary Ticket to the Fifth Grand Fair of the Border Agricultural Society of Virginia and North Carolina, open from Oct. 24th to 29th, inclusive.

We acknowledge the receipt of a Complimentary Ticket from the managers of the Anniversary Celebration of the Literary Societies of Trinity College. The celebration is to be observed on the 27th instant.

FAIR OF THE CAROLINAS.—We understand that an extra train, with reduced fare, will run between Salisbuary and Charlotte during the Fair at the latter place on the 24th, 25th, 26th and 27th inst. The train will be run so as to enable parties along the line to go down and return the same day.

SPECIAL NOTICES.

FALL AND WINTER MILLINERY.

MRS. CORRELL, solicits inspection of her Fall and Winter stock of Millinery goods, just to hand, which she will display to customers to-day (Friday) and to-morrow. All her friends are invited to call. The selection is very pretty, and she thinks will please the most cultivated taste.

Call and see.

EXUBERANT HEALTH

Is a blessing vouchsafed to few. Even those who have been favored by nature with strong constitutions and vigorous frames are apt to neglect the precautions necessary to preserve these precious endowments. Indeed, as a rule, the more healthy and robust a man is, the more liberties he is inclined to take with his own physique. It is some consolation to the naturally weak and feeble to know that they can be so invigorated and built up, by a proper use of the means which science has placed at their disposal, as to have a much better chance of long life, and exemptions from disease and pain, than the most athletic of their fellows who are foolish enough to suppose themselves invulnerable, and act accordingly.

It is not too much to say that more than half the people of the civilized world need an occasional tonic to enable them to support the strain upon their bodies and minds, which the fast life of this restless age occasions. In fact, a pure, wholesome, unexciting tonic is the grand desideratum of the busy millions, and they have the article in Hostetter's Stomach Bitters. It is a staminal medicine, *i. e.* it imparts permanent strength to weak systems and invigorates delicate constitutions. Its reputation and sales have steadily increased. Competitive preparations have been introduced *ad libitum*, and, as far as the public is concerned, *ad nauseum*, in the hope of rivaling it; but the have all either perished in the attempt, or been left far in the rear. It has been the great medical success of the present century, and it is quite certain that no proprietary medicine in this country is as widely known, or as generally used.

Ten lightning presses, running incessantly, (Sundays excepted,) the whole year through, barely supply the demand for the Illustrated Almanac, in which the nature and uses of the preparation are set forth, the circulation now being over eight millions a year.

THE CAUSE AND CURE OF CONSUMPTION.

The primary cause of Consumption is derangement of the digestive organs. This derangement produces defficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into solids of the body. Persons with digestion thus impaired, having the slightest predisposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus and slime, which is clogging these organs so that they cannot perform their functions, and then rouse up and restore the liver to a healthy action. For this purpose the surest and best remedy is Schenck's Mandrake Pills. These Pills clean the stomach and bowels of all the dead and morbid slime that is causing disease and decay in the whole system. They will clear out the liver of all diseased bile that has accumulated there, and rouse it up to a new and healthy action, by which natural and healthy bile is secreted.

The stomach, bowels and liver thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid and the appetite poor. In the bowels the lacteals are weak, and requiring strength and support. It is in a condition like this that Schenck's Seaweed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and fresh; it will give permanent tone to this important organ, and create a good hearty appetite and prepare the system for the first process of a good digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of Consumption is the free and persevering use of Schenck's Pulmonic Syrup. The Pulmonic Syrup nourishes the system, purifies the blood, and is readily absorbed into the circulation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses or tubercles, and then assists Nature to expel all the diseased matter, in the form of free expectoration, when once it ripens. It is then, by the great healing and purifying properties of Schenck's Pulmonic Syrup, that all ulcers and cavities are healed up sound, and my patient is cured.

The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion, so that the body will grow in flesh and get strong. If a person has diseased lungs,—a cavity or abscess there,—they cannot heal the matter, nor throw it off, so long as there is any thing to be digested. What is necessary to cure is a new order of things—a good appetite, good nutrition, the parts to build flesh and give Nature the means she needs to cure herself with. The matter will then be thrown off in large quantities, and the person regain health and strength. This is the tried and only pathway to cure Consumption, and I believe no very bad, if the lungs are not entirely destroyed or even if one lung is entirely gone, if the system is enough shaken to throw out the cheese that is in the lungs, whatever it may be.

I have seen many persons cured with only one sound lung, live and enjoy life to a good old age. This is what Schenck's Medicines will do to cure Consumption. They will clear out the liver, which, sweetened and strengthened, will give a good digestion, and give Nature the means she needs to cure herself with all the disease that is in the lungs, whatever it may be.

It is important that while using Schenck's Medicines, each should be exercised as to take cold; keep indoors in cold and damp weather, get a good night's rest, and take outdoor exercise only in a genial and warm sunshine.

I wish it distinctly understood that I would recommend a patient to be careful in regard to taking cold, while using my Medicines, I do so for especial reason. A man who has but partially recovered from the effect of a bad cold is far more liable to a relapse than one who has been entirely cured; and it is precisely the same in regard to Consumption. So long as the lungs are not perfectly healed, just so long is the imminent danger of a fatal return of the disease. Hence it is that I so strenuously caution pulmonary patients against exposing themselves to an atmosphere that is not genial and pleasant. Confirmed Consumptives' lungs are a mass of sores, which the least change of atmosphere will flame. The grandest one of my successful chemical Medicines consists in my ability to subdue this inflammation by one of your kind. It is many of the faculty do, for inflamed lungs cannot with safety to the patient be exposed to the biting blasts of Winter or the chilly winds of Spring or autumn. It would be cruelty to shield from all irritating influences. The utmost caution should be observed in this particular as with out it a cure under almost any circumstances is an impossibility.

The person should be kept on a wholesome and nutritious diet and all the Medicines continued until the body has restored to it the natural quantity of flesh and strength.

I was myself cured by this treatment of the worst kind of Consumption, and have lived to get fat and hearty as many can testify who live in my native place. I have cured thousands since and every day many have been cured by this treatment who I have never seen.

From first of October I expect to take possession of my new building at the North-east Corner of Sixth and Arch Streets, where I am always pleased to give advice to all who may require it.

Full directions accompany all my Remedies, so that a person in any part of the world can be readily guided by a strict observance of the same.

NOTICE TO THE LADIES.

Among the many useful inventions produced by the Nineteenth Century none occupies a more prominent position than that of the Sewing Machine. The cheerful hum of these tireless little helpmates of our mothers and wives may now be heard in almost every house in the land.—They are made in endless variety and one is almost at a loss to choose when there are so many of decided merit. One of the latest and most improved is the EMPIRE, manufactured by the EMPIRE SEWING MACHINE Co., 294 Bowery, N. Y., *speedy, noiseless* and *durable;* and we can conscientiously recommend parties in search of a Machine to give it an examination before concluding to purchase.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these **Bitters** have been most successful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by the Derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid **Liver and Bowels,** which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the System, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Such a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

Sarsaparillian Resolvent

Has made the most astonishing Cures: so quick, so rapid are the changes the body undergoes, under the influence of this truly Wonderful Medicine, that

EVERY DAY AN INCREASE IN FLESH AND WEIGHT IS SEEN AND FELT.

THE GREAT BLOOD PURIFIER.

Every drop of the Sarsaparillian Resolvent communicates through the blood, sweat, urine and other fluids and juices of the system the vigor of life, for it repairs the waste of the body with new and sound material, scrofula, syphilis, consumption, glandular diseases, ulcers in the throat, mouth, tumors, nodes in the glands and other parts of the system, sore eyes, strumorous discharges from the ears, and the worst forms of skin diseases, eruptions, fevers, sores, scald head, ring worm, salt rheum, erysipelas, ache, black spots, worms in the flesh, cancers in the womb, and all weakening and painful discharges, night sweats, loss of sperm and all wastes of the life Principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person wishing it for either of these forms of disease its potent power to cure them.

If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood—and this the Sarsaparillian will and does secure—a cure is certain; for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, it repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving and flesh and weight increasing. Not only does the Sarsaparillian Resolvent excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional and Skin diseases; but it is the only positive cure for KIDNEY & BLADDER COMPLAINTS, Urinary and womb diseases, gravel, diabetes, dropsy, stoppage of water, incontinence of urine, Bright's disease, Albuminuria, and in all cases where there are brick-dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg, or threads like white silk or there is a morbid, dark, bilious appearance and white bone-dust deposits, and when there is a pricking, burning sensation when passing water, and pain in the small of the back and along the bone.
