

Prospectus of "THE PATRIOT."

"THE PATRIOT," a daily Democratic and Conservative newspaper, is published by the "Patriot Newspaper Association," at No. 927 D street, between Ninth and Tenth, city of Washington.

"The Patriot" will advocate a prompt and perfect restoration of the Union in all its parts and its entire integrity; equality among the States as prescribed by the constitution; the immediate removal of all disabilities resulting from the civil war, and the restoration of harmony and fraternal fellowship between all sections of the country, which the abuses and usurpations of partisan power have criminally labored to prevent.

A Tariff for revenue to cover the expenditures of an economical administration, and to meet the just obligations of the Government, as opposed to the existing system of exorbitant protection for special monopolies and undesignated partiality for favored manufacturers.

Reduction of the present odious and oppressive scale of taxation, both as applied to duties on imports and on internal revenue.

Rigid economy in every department of the Government and reformation of the expenses.

Reform of the public service in all its branches, Civil, Military and Naval.

A sound National currency, equally distributed among the States, and protected against speculative fluctuations.

The rights of intelligent labor, against all selfish combinations to degrade and depreciate it.

Legislation by which the public lands will be reserved for actual settlers, and as a resource of National credit, in opposition to the Radical policy of enormous grants to speculators and corrupt schemes.

The fullest and firmest protection to American citizens abroad.

And cordial sympathy with all peoples struggling for liberty and self-government.

It is intended to publish a newspaper of the first class, and to enlist the best available talent in all its departments.

National Democratic Executive Resident Committee.

WASHINGTON, D. C., August 29th, 1870

We take pleasure in recommending most cordially to the support of our Democratic and Conservative friends throughout the country "The Patriot" newspaper, as announced in the foregoing prospectus.

There is no journal at the Capitol through which the voice of opposition can now be heard, or the abuses and iniquities of the party in power may be exposed.

Such an organ has become an admitted necessity, which we are persuaded will be ably and satisfactorily supplied by "The Patriot."

This enterprise rests upon a firm foundation, and is entitled to the confidence and favor of all men who desire to redeem the Government from misrule and corruption, and to bring back the principles, simple virtues, and integrity of our forefathers.

CONGRESSIONAL COMMITTEE:

Do not forget that we are coming with an Avalanche of Talent. Wait for us, for we are coming.

THE TREMAINE Piano Fortes

are acknowledged by all who have them in use, and by the **First Musical Talent,** to be equal and in many respects,

Superior to any Manufactured

They combine Immense Power, Equality, Sweetness and Brilliance of Tone, Elasticity of Touch, and Great Durability.

Dealers, Teachers and others

desiring to purchase a first-class instrument are invited to examine these Pianos before making their selections elsewhere.

PATENT AGRAFFE TREBLE,

Together with all modern improvements. The most thoroughly seasoned timber the market affords is selected, regardless of cost, as we feel assured it will be the cheapest in the end.

The great increase in the sale of our instruments, enabled us to reduce our prices for First Class Pianos, from ten to twenty-five per cent. less than any other house (offering the same class of instruments) in the United States.

While we act upon the maxim of "quick sales and small profits," we make it, at the same time, a special object to furnish our customers with instruments in no way inferior to the best in the market.

Many families have had a desire to obtain a Piano, but could not afford to pay the dealer's profit of from \$100 to \$300, neither do they wish to purchase a cheap made instrument, that would cost more to keep in repair than it is worth, hence a large class of our music loving people have been obliged to do without.

We can furnish New Seven-Octave Piano Fortes from **275 to 950 dollars.** Second hand Pianos from **40 to 250 dollars.**

Parties ordering by mail may rely upon the best selections.

Our Pianos are fully warranted for six years. Descriptive Circulars sent to all parts of the country upon application.

THE BURDETT Combination ORGAN.

(With Carpenter and Burdett's New Improvements.)

The disagreeable reedy tone entirely over come in this instrument.

The Verdict is Unanimous!

The Greatest Success of the Age!!

We Challenge the World to Equal It!!

And cordially invite the profession, dealers and the musical world generally to examine this truly wonderful instrument.

The Burdett Combination Organ

As its name indicates, is an ingenious union of all standard improvements, combined with many new features never before introduced or attempted in Reed Organs, together making this Organ the most perfect of instruments, and one that has already created a revolution in the public mind in the decided favor of the general adoption of Reed Organs, both for secular and sacred music, when an instrument is required either to accompany the voice or to produce orchestral effects.

With the multitudinous and surprising combinations that are contained in this instrument, the most intricate music of the "great masters," can be rendered as on a grand organ; or the most simple music for the meditative can be played by a child.

All the various improvements on the Burdett Organ are protected by patent, being exclusively the property of the Company, and can be used on no other organ.

The present Burdett Organ has received the most cordial and highest encomiums from those ranking among the first of musicians and organists.

The *New York Independent* says of the Burdett Organ: "It is by far the most perfect reed instrument we have ever seen."

The *Christian Leader* says: "We had doubts that a reed instrument could be brought to such perfection."

The *New York Observer* says: "In point of voicing, richness of tone, and wonderful of chestal combinations, together with a number of new and original stops, render it an instrument of such perfection as to be beyond comparison."

The press and public everywhere who have had an opportunity of listening to its beautiful strains, not only give it their unqualified approval, but unhesitatingly concede that it stands without a rival.

The Burdett Organ ranges in price from **\$135 to \$1000.**

We have also New Cabinet Organs at \$45, \$75, \$100, &c.
