County Convention.
The Conservatives of Davidson County are requested to assemble in Convention at the Court-House, in Lexington, on Monday the 29th day of April 1872, being the first week of the Superior Court, on the adjournment of Court at noon for recess, for the purpose of electing delegates to represent Davidson county in the State Convention, to be held at Greensboro, on the 1st day of May next; and also in the Congressional District Convention to be held where and when the Executive Committee of the District shall appoint.
All persons, without regard to party, who are opposed to fraud, corruption and extravagance; and who favor a cheap government and amendments to the State Constitution, are invited to attend.
MANY CITIZENS.
March 11th, 1872.

LUTHERAN CHURCH.—To-morrow, being Good Friday, there will be divine service in this church both morning and night. Prof. W. E. HUBBERT, will preach in the night. Next Sunday, being Easter, the Holy Communion will be distributed in the morning. Prof. HUBBERT, will preach both morning and night—the Easter sermon will be preached in the morning.
NEW PAPERS.
"Monthly Herald."—Messrs. JOHNSON & HOGAN, propose to begin the publication of a monthly paper in Lexington, N. C., of the above title. It is to be devoted to Religion, Temperance, Agriculture, Literature, Science, &c. Price 50 cts. per year.
"The Daily Dispatch." is the title of a new daily to be started at Charlotte, by D. BRADFORD & Co.

REGULARY.—The Auction House of Burke & Coffin was entered through the back door on Monday night last, and robbed of one bag of flour and a few articles of Merchandise. It is now known what all was taken. The robber seems to have been easily satisfied, or else was frightened off before finishing his work.
SNOW.—We had a heavy snow storm on Friday last, but the warm sun on Saturday carried it away. On Monday old Winter tried to rally and re-assert his dominion, but the best he could do was to give us a cold rain with now and then a snow flake. Spring weather has ruled since, but it is very late. The martins here on the 12th, have not yet put in their appearance. Peach blossoms are several weeks behind time, and beans show a fortnight ago sleep very profoundly.

CATAWBA STATION.—The Hickory Tavern Eagle surprises us with a glowing account of a visit to Catawba Station, which it represents as a very thriving condition. The village has been incorporated, and the town authority organized by the election of Mayor, &c.
ELECTIC MAGAZINE.—The April number of the Electric is embellished with a finely engraved portrait of Charles Sumner, which, as the publisher announces, initiates a series of the more eminent men in American public life. The portrait of Mr. Sumner is a very handsome one, and the series will impart exceptional value to the current volumes of the magazine.
The leading article of the April number is a suggestive essay on "The Later English Poets," including Swinburne, Rossetti, and Morris. The remainder of the contents are highly varied and interesting, and embrace "Wandering in Japan," "Brounig and some of his Contemporaries," "Dickens in Relation to Criticism," "Notes on East Greenland," "George Sand," "Practical Hints on the Art of Decoration," "Recollections of Mendelssohn and his Friends," "John Bright," "Serpent Charming in Cairo," "The Kriegspiegel, or Prussian Game of War," "A Conversation," by Arthur Helps; and "An Old Himalayan Town." The remarkable story of "The Strange Adventures of a Phaeton," by William Black, is continued, and the Editorial departments are full as usual.

Published by F. R. PELTON, 108 Fulton Street, New-York. Terms, \$5.00 a year; two copies, \$9.00. Single number, 45 cents.
Injunction.—G. W. Swenson has made application to Judge Tourge and obtained an injunction preventing Woodfin & Co., from selling the mountain lands transferred to them by him for the benefit of the Western Division of the Western N. C. railroad. This ends the one thousand and "one" lesson taken by the people of this section on the subject of railroads.
Askefle Citizen.

W. W. Corcoran, Esq., of Washington, has purchased of the "Howard Library" thirty-five hundred volumes and presented them to Washington and Lee University. It is the most classical collection in the State.
The next election in Virginia will be held on the fourth Thursday in May (23d) when Congressmen will be elected.
The last that a man does not object to have laid on his shoulders. The eye lash of a pretty girl.

To the People of North Carolina.
The time approaches when it will become necessary for the people of the United States to meet in Conventions for the purpose of nominating candidates for the offices of President and Vice President. The undersigned Republicans, and friends of Union and Liberty, irrespective of race and color, are deeply impressed with the opinion that the Administration of General Grant has signally failed in the performance of its high duties; that it has governed for the benefit of a party, and a section, and not for the good of the whole; that the President has neglected his duties in the pursuit of pleasure; that he has practiced nepotism to an unprecedented and odious extent; that he has received gifts, which have biased his judgment, and which have caused him to take some of the worst men in the Republic into his confidence; that under his rule official corruption has become the order of the day, and integrity the exception; that he has become blind to the faults and the crimes of those who profess devotion to his personal ambition, and closes his ears to the complaints of the people; that it has become the policy of his Administration, and of his supporters in Congress to suppress investigations into the conduct of his subordinates, and shield guilty peculators from exposure and punishment; and that for base partisan purposes he and his friends have trampled on the rights of the Southern people, and shown a disposition to degrade them to the condition of slaves; that laws have been enacted with his approbation, which violate some of the plainest and most essential guarantys of constitutional liberty; that the writ of *habeas corpus* has been denied and resisted, and the trial by jury taken away; and that throughout, he and his friends have displayed a purpose to turn this Federal Republic into a centralized despotism, in which the States are to be treated as counties, and the people as subjects.
In view of this alarming state of public affairs, we call on all our fellow citizens who concur with us to meet in their several Counties and Congressional Districts at an early day, and appoint delegates to the LIBERAL REPUBLICAN NATIONAL CONVENTION which will assemble in Cincinnati on the first day of May next. To this end, no time should be lost; and it may be hoped that the friends of Liberty and Union will not fail to respond at this call.
DANIEL R. GOODLOE,
HARDIE HOGAN HELPER.

All who sympathize with the Liberal Republican movement are requested to meet at Greensboro, May 1st, 1872, for consultation, when and where they will be in telegraphic communication with the Cincinnati Convention.
In the meantime information of Republicans friendly to the above call should be addressed to Mr. H. H. Helper, Salisbury, N. C.
DR. SAGE'S CATARRH REMEDY.—\$500 reward for an incurable case. Sold by Druggists at 50 cents.
LASTING LOVELINESS.—Twenty years ago, when paint and powder and enamel, were running the complexion and destroying the health of women of fashion, HAGAN'S MAGNOLIA BALM was brought out as a pure botanical cosmetic, guaranteed to restore bloom and beauty to the skin. From that time to the present it has been continually rising in public estimation as the safest and most unexceptionable preparation of its class. Instead of producing an artificial metallic surface, like the deadly enamel, or whitening the cuticle like the poisonous fluids sold under various names as "beautifiers," it keeps the skin as soft as velvet, renders it as smooth and glossy as satin, and imparts to it that delicate, rosy tinge, which is the basis of all complexion loveliness. This exquisite chromatic effect is not transient. By applying the Balm daily it may be prolonged from youth to age. A lady who purchased the first bottle of the article nineteen years ago, writes to say that her complexion at forty is purer, clearer and more brilliant than it has ever been; and she attributes her beauty solely to the daily use of HAGAN'S MAGNOLIA BALM.

MARRIED:
Near Troy, in Iredell county, by Rev. D. Horn, on the 19th inst., Mr. R. F. Burke and Miss Kate Angle.
DIED:
On the 6th of March, at his residence in this county, Mr. Hilary Elliot in the 68th year of his age.
The deceased was a highly esteemed and respectable citizen, a member of the Presbyterian Church at Franklin, and was consistent in his daily walk and conversation. During his affliction, as well as before, he manifested the power of the Christian faith, and at his death he expressed his firm belief in truths divine and declared his friends that he was assured of going to rest. Peace be with the afflicted family who mourn their loss, and may great consolations be vouchsafed to them in this their day of trial.
Com.
In Sten, N. C., on the 14th inst., Miss Lucinda Frederica Biggs, aged 57 years and 16 days.
Personal.—We learn that Hon. Matt W. Ransom, our U. S. Senator, has been spending the past several days with his family. He returned to Washington city to-day. Strong hopes are entertained of his early admission to his seat, and we are pleased to know that he shares this opinion. North Carolina sadly needs the services of her distinguished son, in the U. S. Senate, and it is no credit to the dominant party in the Senate that he should have been kept out so long.—Walden News.

WHAT DYSPEPSIAMAY END IN.
Indigestion is not dangerous, say the Physicians; but in itself, while it remains merely indigestion; but look at the consequences to which it may lead, and often does lead when it becomes a chronic disease. A spark of fire is a small thing. A pressure of the foot will put it out; a breath will extinguish it. Yet it may fire a powder mill, or kindle a flame that will consume a city. Like manner indigestion may produce gastritis, cancer of the stomach, congestion of the bowels, epilepsy, liver disease, and many other dangerous maladies. It is not wise, then, to check it in the germ. Nothing is more clear, true, and indisputably established than that Hostetter's Stomach Bitters will eradicate dyspepsia in all its stages. The true policy, however, is to extinguish it in the first stages with this wholesome, powerful, and infallible remedy. It is easier to quench a spark than a flame, and it is easier to cure dyspepsia when it is first developed, than when it has made headway by neglect, and become complicated with other ailments. There is not the shadow of a doubt that the Bitters are as directly antagonistic to dyspepsia as water is to fire. There are thousands of cases on record proving this fact. The remedy is safe and agreeable. All the liquors of commerce prescribed as stimulants leave a stinging, burning, and astringent taste on the tongue, which is the sign of a great remedy by vegetable medication, and, moreover, the stimulant thus medicated is of exceptional purity. Of all tonics taken as safeguards or remedies for fever and ague, dyspepsia, and other epidemics, it is the only one that can uniformly be depended on.

Premature Loss of the Hair, may be entirely prevented by the use of Burnett's Cocaine. It has never failed to arrest decay, and to promote a healthy and vigorous growth. It is at the same time unrivaled as a dressing for the hair.
Cast Them Out.—If there any diseases which deserve the name Demons, Dyspepsia is one of them. It tracks and tears the system like a veritable fiend, and renders life a burden. The medicines of demagogues will not expel it. Cast it out with Dr. Walker's Vegetable Bitters. There is no form of indigestion or liver complaint that can withstand this potent tonic and alterative.
No Ladies Toilet Complete Unless there be the fragrant Scent of Burnett's Scented Oil over the hair. It is a rich, redness soon assumes, the teeth quick rubalabaster tint, and seem as pearls set in a coral vase.
\$50,000 Will be Paid for any Remedy which will cure Chronic Rheumatism, Pains in the Limbs, Back and Chest, Sore Throat, Insect Stings, Crown Injuries, Cuts, Sprains and Vomiting, quicker than Dr. Tobias Venetian Liniment, established in 1847. Never fails. Sold by the Druggists. Depot 10 Park Place, New York.

Carbolic Salve, recommended by the leading Physicians and the President of the New York Board of Health, as the most wonderful Healing compound ever known. Gives instant relief to burns, cuts of all kinds, sores, cuts and wounds; and a most invaluable salve for all purposes. Sold everywhere at 25 cents. John F. Henry, sole Proprietor, 8 College Place, New York.
Svapnia is Opium purified of its sickening and poisonous properties, discovered by Dr. Bigelow, Professor of Botany, Detroit Medical College. A most perfect anodyne and soothing agent. John F. Henry, Chemist, 8 College Place, New York.
Christodoro's Hair Dye is the safest and best. It corrects the bad effects of inferior dyes, while the black or brown tints it produces are identical to nature. Factory 68 Maiden Lane, New York.
Frat's Astral Oil.—Safest and best illuminating Oil ever made. It does not smoke or explode, if the lamp is upset or broken. Over 150,000 families continue to use it, and no accidents of any description have occurred from it. Oil House of Charles Pratt established 1770, New York.
The Purest and Sweetest God Liver Oil in the world is Hazard & Caswell's, made on the sea-shore, from fresh selected livers, by Caswell, Hazard & Co., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in the market.
Jovian's Inodoros Kid Glove Cleaner restores soiled gloves equal to new. For sale by Druggists and Fancy Goods Dealers. Price 25 cents per bottle. F. C. Wells & Co., New York.
Risley's Phitoken is an established, warranted remedy for Painful Menstruation, and equally efficacious as a Nervous Antidote in all cases of Nervous Excitement, Stomach and Sleeplessness in male or female. Sold everywhere for \$1.00 a bottle. Morgan & Risley, Druggists, New York, General Agents.
A Youthful Appearance and Beautiful Clear Complexion is the desire of every body. This effect is produced by using G. W. Laird's "Bloom of Youth," a harmless beautifier of the skin. Will remove all Discoloration, Tan, Freckles and Spurns. The use of this delicate, light toilet preparation cannot be detected. For sale by all the Druggist and Fancy Goods Dealers, Depot, 5 Gold St., New York.
Mrs. Winslow's Snoothing Syrup.—It relieves the little sufferer from pain, cures Wind Colic, Regulates the Stomach and Bowels, Corrects Acidity, and during the process of teething it is invaluable. Perfectly safe in all cases, as millions of mothers can testify.

NOTICE TO THE LADIES.
Among the many useful inventions produced by the Nineteenth Century none occupies a more prominent position than that of the Sewing Machine. The cheerful hum of these tireless little helpers of our mothers and wives may now be heard in almost every home in the land. They are made in endless variety and one is almost at a loss to choose when there are so many of decided merit. One of the latest and most improved is the EMPIRE, manufactured by the EMPIRE SEWING MACHINE CO., 224 Bowery, N. Y. It is speedy, quiet and durable; and we can conscientiously recommend parties in search of a Machine to give it an examination before concluding to purchase.

PATENT AGRAFFE, TREBLE,
Together with all modern improvements. The most thoroughly seasoned timber the market affords is selected, regardless of cost, as we feel assured it will be the cheapest in the end.
The great increase in the sale of our instruments, has enabled us to reduce our prices for First Class Pianos, from ten to twenty-five per cent. less than any other house (offering the same class of instruments) in the United States.
While we act upon the maxim of "quick sales and small profits," we make it, at the same time, a special object to furnish our customers with instruments in no way inferior to the best in the market.
Many families have had a desire to obtain a Piano, but could not afford to pay the dealer a profit of from \$100 to \$300, neither do they wish to purchase a cheap made instrument, that would cost more to keep in repair than it is worth, hence a large class of our music loving people have been obliged to do without.

The Burdett Combination Organ
As its name indicates, is an ingenious union of all our standard improvements, combined with many new features never before introduced or attempted in Reed Organs, together making this Organ the most perfect extra of instruments, and one that has already created a revolution in the public mind in the decided favor of the general adoption of Reed Organs, both for secular and sacred music, where an instrument is required either to accompany the voice or to produce orchestral effects.
With the multitudinous and surprising combinations that are contained in this instrument, the most intricate music of the "great masters," can be rendered as on a grand organ; or the most simple music for the melodeon can be played by a child.
All the various improvements on the Burdett Organ are protected by patent, being exclusively the property of the Company, and can be used on no other organ.
The present Burdett Organ has received the most cordial and highest encomiums from those ranking among the first of musicians and organists.
The New York Independent says of the Burdett Organ: "It is by far the most perfect reed instrument we have ever seen."
The Christian Leader says: "We had no idea that a reed instrument could be brought to such perfection."
The New York Observer says: "Its purity of voicing, richness of tone, and wonderful or chrestal combinations, together with a number of new and original stops, render it an instrument of such perfection as to be beyond comparison."

And cordially invite the profession, dealers and the musical world generally to examine this truly wonderful instrument.
The Burdett Combination Organ
As its name indicates, is an ingenious union of all our standard improvements, combined with many new features never before introduced or attempted in Reed Organs, together making this Organ the most perfect extra of instruments, and one that has already created a revolution in the public mind in the decided favor of the general adoption of Reed Organs, both for secular and sacred music, where an instrument is required either to accompany the voice or to produce orchestral effects.
With the multitudinous and surprising combinations that are contained in this instrument, the most intricate music of the "great masters," can be rendered as on a grand organ; or the most simple music for the melodeon can be played by a child.
All the various improvements on the Burdett Organ are protected by patent, being exclusively the property of the Company, and can be used on no other organ.
The present Burdett Organ has received the most cordial and highest encomiums from those ranking among the first of musicians and organists.
The New York Independent says of the Burdett Organ: "It is by far the most perfect reed instrument we have ever seen."
The Christian Leader says: "We had no idea that a reed instrument could be brought to such perfection."
The New York Observer says: "Its purity of voicing, richness of tone, and wonderful or chrestal combinations, together with a number of new and original stops, render it an instrument of such perfection as to be beyond comparison."
