ORGAN

(With Carpenter and Burdett's New

Improvements.) The disagreeable reedy tone entirely over

come in this instrument.

The Greatest Specess of the Age!! We Challenge the World to Equal Et!

And cordially invite the profession, dealers

and the musical world generally to examine

this truly wonderful instrument.

The Burdett Combination Organ As its name indicates, is an ingenius union of all our standard improvements, con.bined with many new features never before introduced or attempted in Reed Organs, together making this Organ the KE PLUS ULTRA of instruments, and one that has already created a revolution in the public mind in the decided favor of the general adoption of Reed Organs, both for secular and sacred music, where

voice or to produce orchestral effects. With the multitudinous and surprising combins tions that are contained in this instrument, the most intricate music of the "great masters," can be ren dered as on a grand organ; or the most simple mu sic for the melodeon can be played by a child.

All the various improvements on the Burdett Organ are protected by patent, belong exclusively to the Company, and can be used on no other organ. The present Burdett Organ has received the most cordial and highest enconiums from those ranking

The New York Independent says of the Burdett Organ: "It is by far the most perfect reed instrument we have ever seen." The Christian Leader says: "We had no idea

The New York Observer says: "Its purity Bright's disease, Albamimura, and in all cases date nor No. remembered. This notice of voicing, richness of tone, and wonderful of where there are brick-dust deposits, or the wa is given in reference to application for a chestral combinations, together with a number of new and original stops, render it an instru ment of such perfection as to be beyond com
