

EXECUTION OF COL. HAYNE.

Among the distinguished men who fell victims during the war of the Revolution was Colonel Isaac Hayne, of South Carolina; a man who, by his ability of character and high sentiments of honor and patriotism, had secured the good will and affection of all who knew him.

During the imprisonment of the father, the eldest son was permitted to stay with him in prison. Beholding his only surviving parent, for whom he felt the deepest affection, loaded with irons and condemned to die, he was overwhelmed with consternation and sorrow.

Col. Hayne, as he was loaded with irons was unable to return the embrace of his son, and merely said to him in reply: "Live, my son; live to honor God by a good life; live to serve your country; and live to take care of your brother and little sisters!"

The next morning Col. Hayne was conducted to the place of execution. His son accompanied him. Soon as they came in sight of the gallows the father strengthened himself and said: "Now, my son, show thyself a man! That tree is the boundary of my life, and all my life's sorrows.

Col. Hayne, as he was loaded with irons was unable to return the embrace of his son, and merely said to him in reply: "Live, my son; live to honor God by a good life; live to serve your country; and live to take care of your brother and little sisters!"

Every thing in nature indulges in amusement of some kind. The lightning strikes, the winds whistle, the thunders roll, the snow flies, the rills and cascades sing and dance, the waves leap, the fields smile, the vines creep and run, the buds shoot, and the hills have tops to play with.

THE GRANT TICKET—WHY ARE SOME OF THE NAMES SUPPRESSED.

The Cincinnati Enquirer wonders why the Grant ticket does not add to the Philadelphia ticket which they are flying at the head of their columns, the names of the following named candidates, whose names and whose chances for a continuation in office are virtually included in the success of the Grant ticket.

For President of the United States—U. S. Grant; salary \$25,000.

For Vice President of the United States—Henry Wilson; salary \$8,000.

For Indian Trader in New Mexico—James Dent (Grant's brother-in-law) \$45,000.

For United States Marshall for the District of Columbia—Alexander Sharp (Grant's brother-in-law), \$9,000.

For Postmaster, Covington, Ky.—Jesse R. Grant (Grant's father), \$2,000.

For Donkeykeeper of White House—F. T. Dent (Grant's brother-in-law), \$5,000.

For Appraiser of Customs, San Francisco—George W. Dent (Grant's brother-in-law), 6,000.

For Minister to Denmark—Rev. M. C. Cramer (Grant's brother-in-law), \$7,500.

For Assessor of Internal Revenue, Third District of Ohio—G. B. Johnson (Grant's mother's second cousin), \$10,000.

For Clerk in Register Office—Adam Dent (Grant's brother-in-law's third cousin), \$1,600.

For Minister to Guatemala—Silas Hudson (Grant's cousin), \$7,500.

For Keeper of Public Store in New York—George K. Leet (Grant's brother-in-law's cousin), \$5,000.

For Clerk in Fifth Auditor's Office—Orlando H. Ross (Grant's cousin), \$1,000.

THE NEW MARRIAGE LAW.

This act of the last Legislature will be in force from the first day of July, 1872. It prohibits the marriage of males under 16 and of females under 14; limits Whites, Blacks and Indians to their respective races. Parties under 18 years of age cannot obtain License without the consent of their parents or some near relative with whom they reside.

Either man or wife eloping with another party forfeits all claim on the person or the property of the party forsaken. In granting a divorce, the Judge is to give proper orders in regard to the support and education of the children.

INDIAN WAR.—Judge Hubbel, General Agent of the Atlantic & Pacific Railroad, has just returned from a business tour in Texas, and brings information that before leaving Sherman, Texas, an army officer arrived there from Fort Richmond, Jack county, and reported that a body of Indians, variously estimated at from three to ten thousand, had made an incursion into Texas, and were overrunning Young, Jack, Denton and Parker counties, and that the settlers were filled with consternation and alarm.

Judge Hubbel says there is no doubt in the mind of well informed Texans, that a big Indian war is at hand; many are leaving their homes, and it is believed that Kiowas were leaders of the raid, assisted by Apaches and others.

GREENEY'S FIRST BULL PUP.—On last Wednesday afternoon Horace Greeley received a small package through the mail. It was wrapped in brown paper, bearing the printed words: "One ounce Horace Greeley chewing tobacco, Adler & Co., proprietors, 140 West Lake street, Chicago, Ill." Dr. Greeley looked at the paper of tobacco, and then handed it to Orange Stevens, saying, "There, Stevens, you may have that; that's my first bull pup."

Every thing in nature indulges in amusement of some kind. The lightning strikes, the winds whistle, the thunders roll, the snow flies, the rills and cascades sing and dance, the waves leap, the fields smile, the vines creep and run, the buds shoot, and the hills have tops to play with.

THE TEA-PARTY.—Well, the conference has conferred, and though selected by GREENEY'S enemies, it appears that only three or four of the seventy gentlemen present were in favor of undoing what was done at Cincinnati.

Will they bolt again? The Commissioner of Internal Revenue decides that a package of fine-cut chewing tobacco of less than one ounce will not be under the new law, a legal package, even with a one-ounce stamp attached.

HEAVY GALE IN BOSTON.—Boston, June 13.—A heavy gale here last evening was sadly destructive to life. Several persons killed in the vicinity, buildings damaged and trees shivered.

Two colored men, while digging a ditch near Charleston a few days since, unearthed a large iron pot filled with Spanish silver dollars, doubloons and Mexican gold coins. The lucky finders, says the News, have concluded to settle in life upon the proceeds of their fortunate discovery, and will doubtless have a special interest in the subject of drainage.

There's a prospect that the Stokes affair will end another way, before the law's delays reach it. The last month has told with fearful effect on the prisoner. He has gone all to pieces, and is so nervous that morphine injected into the arms is constantly necessary. All things considered, Stokes very likely will never come to trial.

The Grant ratification meeting, held in Columbia on Friday, was a small affair; only about 200 persons being present. The usual speeches were made by Governor Scott, Treasurer Parker and Comptroller Neagle.

The telescope of Washington and Lee University, to be the gift of Cyrus McCormick, Esq., for the Astronomical Observatory at that institution, will be one of the largest in the world.

A slight shock of what was supposed to be an earthquake, was recently felt in Ashland, Manchester, Chertfield and Charlottesville, Va.

The Boston Post, which has until recently favored a Democratic nomination for President, has taken strong and unequivocal ground for Greeley.

Four sisters in New London, Conn., are to be married this month, on the same day and in the same house.

A man in Clarke county, Ga., has killed a "bull snake" seventeen feet in length.

THE WATCHMAN OFFICE

is well supplied with a large and elegant assortment of

PLAIN & FANCY JOB TYPES,

Pictorial or CUT ILLUSTRATIONS, &C.,

suitable for all kinds of

HANDBILL PRINTING.

Also—Finer and more Ornamental Types for

K. BURKE, Assignee of J. W. BITTLING. Salisbury, April 18, 1872.—311f

PARKER'S BREACH-LOADING DOUBLE BARRELED SHOT GUN BEST IN THE WORLD. PARKER BROTHERS WEST-MERIDEN CONN. SEND FOR A CIRCULAR. New York Office, 27 BEEKMAN ST. April 26, 1872.—32:1y Marriage Certificate for sale here.

Super Extra Spring Steel, Warranted Refined. EBEN MOODY BOYNTON, 80 BEEKMAN STREET, New York. Nov. 27, 1866; July 23, 1867; Jan. 14, 14, 1868; July 27, 1869.

Not One Failed in 20,000. The New Year finds the LIGHTNING SAW universally acknowledged to lead the American market. No manufacturer of saws has dared to question or publicly test at the American Institute, or otherwise, the matter of superiority of the latest improved saws. The 6000 challenge for expense of public contest is regarded on the saw.

The large increase of the business has compelled those of No. 80 Beekman street and arrangements for the manufacture of five thousand LIGHTNING Cross cut saws per month, and hope to be able to fill all orders promptly. The supply has been augmented to the demand of the LIGHTNING CROSS CUT SAW, but hereafter I will endeavor to keep a stock on hand. The sale of several dozen of the above mentioned saws cannot be better than they are the best blades in the market. All Lightning Saws are made, they are made with my name, the Cross-Cut with directions for fitting using, &c.

Each Lightning saw will cut and touch ends unimpaired. Not one in twenty thousand has proved imperfect, so thorough is the inspection of these regular goods, but for the benefit of such unskilled men as can not set and use a this saw, a gauge however (the regular 12) will be inserted in order. Since enlargement of dust pipe, one year ago, no complaint of clogging has been received. The Lightning Saws are equally adapted for small and large timber, soft or hard wood, but soft timber requires it to be set wider. Lightning Saws are all set and sharpened ready for use when sent out, are two grades thinner on back.

NEW YORK AMERICAN INSTITUTE FAIR BUILDING, Nov. 4, 1871. E. M. BOYNTON, 80 Beekman St., New York.—It is certified that I saw the Lightning Cross-Cut Saw, worked by hand, by two men and saw cut off a sound 2x8x12 log in 2 1/2 minutes, and 16 cuts of same, continuously, in two minutes and 30 seconds, at the rate of a cord of wood in one this nine minutes. I am satisfied that for all purposes of cross-cutting large and small timber, your cross-cut and wood saws have no rival in speed, in ease and in simplicity. If he save the universal use would save a vast amount of money and time, and lighten the toil of millions of men.

Superintendent and Engineer, American Institute Fair. It is better than the old V. Frick's process used by all other saws. Highest hardware men will procure the genuine for their customers, even if they are overstocked with inferior goods, but where they do not keep them, agents are wanted. N. B. Millions of acres are used for cutting wood a Lightning Cross-Cut Saw, either for one man or two, will cut five times as fast as an axe. Why not try them? Also, Lightning Ice Saws, 4 to 6 feet long, suitable for general use. See that the name and warrant are on each saw. E. M. BOYNTON, Sole Proprietor and Manufacturer. New York.
