LOOKOUT FOR THE ✕ MARK.—When you see a CROSS upon your paper, it may know that your time is out, and you are indebted to the office, and your time will soon be up. In either event send forward your subscription.

I. O. O. F.—The members of North Star Lodge No. 26, are requested to attend in full force at the Lodge room, on Tuesday night, 24th inst.. The nomination of officers and other business of importance requiring their attention.

FINE RAINS.—After a long dry, cold spell, we are having fine rains.

OUR City fathers have bought a pump. We expect to see the city water works in full operation soon.

THE EPIZOOTIC.—This disease has left Salisbury generally throughout the country, but it appears to be a very mild form. We have heard of but two deaths.

FINE BEEF.—We notice that very fine beef is still brought to the market. We were shown some by Messrs. Reeves & Heard a few morning's since that was hard to beat.

NORTH MISSOURI INSURANCE CO.—Messrs. Rice & Bro., who had a fire policy in this Co., had the pleasure of receiving a prompt payment of the Company's engagement on losses they sustained be the fire in this place on 6th of October last.

LINTON FEMALE COLLEGE.—We call attention to the advertisement of Prof. Taylor Martin. Some months ago, we alluded to a narrow escape Capt. Martin, by which Providence was saved from Beast Butler and his men. We know of nothing more dashing during the war.

It is gratifying to know that the School is in charge of a gallant soldier, a Christian gentleman and accomplished scholar.—*South. Home.*

The advertisement of the Simonton Female College will be found in the *Watchman* also. Capt. Martin, the president, stands very highly recommended, and we have no doubt that what we said of him is true.

THE QUESTION SUBMITTED.—The County Commissioners have finally agreed to submit the question to the citizens of Salisbury, whether they will secure the Yadkin River Railroad by subscribing $100,000. The question will be put to the people in such a way as to be acceptable to those who are informed, and it will be for them to say whether they will have this road or not. The stock holders met at Albemarle this week. After we hear from their action we shall have more to say on the subject. The matter is of great importance to Salisbury and, in fact, to Rowan County. But the people ought to be able to see this and we are willing for them to decide.

ROWAN SUNDAY SCHOOL CONVENTION.

The friends of Sabbath Schools in this County held their annual convention at Lutheran chapel, on the 12th Sept., last. We have waited for the Secretary's report of proceedings, which has just been published through the columns of "The Lutheran Visitor," of Columbia, S. C., Dec. 6th. From that report we make the following abstract, which comprises the items of interest to the workers in the Sabbath School cause.

1st—That "nearly all the churches in the county were represented by a clerical or lay delegation." And, 2d—The Secretary's gratuitous and individual fling at *one* church and *one* pastor who declined to participate in the Convention. [We say *individual* fling, because we almost *know* that the members had no proceedings in Convention to justify the Secretary in publishing that allusion to any one who felt disposed to decline joining them.] 3d—The election of officers for the ensuing year, resulted in the choice of Rev. G. B. Wetmore, Prest.; Rev. R. G. Barrett, Vice Prest.; Rev. J. G. Neiffer, Secretary; Rev. J. Ingle, Assist. Sec.; and Mr. R. R. Crawford, Treasurer. 4th.—The subjects for discussion at the next annual meeting are: "First—whose duty is it to see that children attend Sunday School? Second—Are picnics promotive of the Sunday School cause?" 5th—The Convention recommend that the officers and teachers of sabbath schools be selected from members of the church; and that the official members of churches are the proper authority to select and appoint such officers and teachers, and that they ought to give a pledge to the appointive power for the faithful performance of their duties." 6th—The Committee "on the State of Sunday Schools" reported about 30 sabbath schools in the County; that it is an efficient instrumentality in promoting Christianity; that much interest is manifested in them throughout the county; And 7th—A resolution was adopted requesting Sunday Schools to furnish their delegates to the annual Convention with certificates of their appointment.

SECRETARY NEIFFER.

We have been waiting to see the official report of the proceedings of this Convention from a motive of personal concern. We were informed by several members present, that on the introduction of a resolution requesting the Secretary to furnish copies of the proceedings for publication in the newspapers in Salisbury, that functionary arose and objected in so far as it required the proceedings to be sent to the *Watchman*, averring that he had reason for believing that it would not be acceptable to the editors and proprietor of that paper; that the *Watchman* had declined, or refused, or omitted to publish the proceedings of the Rowan County Sabbath School Executive Committee, and he did not wish to be placed in the position of asking a favor under circumstances so hopeless of its being granted.

This, we are assured, was the substantial matter of the Secretary's remarks. It was put to the Convention in a form which seems to have carried conviction to the minds in that body; and upon motion, the Resolution was so modified as to meet the wishes of the Secretary, to wit:

"*Resolved*, That the Secretary furnish an abstract of the proceedings of their Convention for publication."

There can be no doubt that the members of the Convention believed the Secretary had told the *truth*; and not being prepared on the spur of the moment, to refute his allegations, as doubtless they would have done had they known the facts in the case, the Secretary prevailed. The resolution adopted at his suggestion gave him the largest possible discretion—publish, when, where, and as you please. And the Secretary *pleased* to delay the publication for *three months*, and then make it in a Columbia (S. C.) paper, having only a limited denominational circulation in Rowan. No member of the Convention has any right to object to the *pleasure* of the Secretary in this matter. Their own Resolution is a complete defense against themselves.

But *we* have a right to complain that he should have published them without some note of his act of injustice to us. His statement of our refusal (or omission) to publish the proceedings of the S. S. Executive Committee was false, as the *Watchman* of 22d Aug. will show. We have a right to complain that he not only misrepresented us in Convention, but unjustly suppressed a correction of his false statement after knowing it was false. How could he dare to stand up in a public assemblage and make a charge against us without *knowing* whereof he spake! He either knew or he did not know. If he knew, he deliberately falsified. If he did not know, he was so eager to carry his point against us as to make a falsehood to gain it. He may take either horn of the dilemma,—And shall he, after being informed that it was false, publish the proceedings of the Convention and make no correction of it! It will not do to say it was *foreign* matter. It was a part of the proceedings.—It was mere legitimate than his record of "one pastor who had declined to participate," &c. Nor has he, since knowing his statement to be false, offered any apology or satisfaction for the wrong done. Any one with the instincts of an honest man and a gentleman would have been swift to do this. Any one with no malicious intent, would have adopted this course, or experienced some mental disturbance. Not to do it, is evidence either of guilt or insensibility. Not to do it, is a graver offense, if the man be responsible, than the first; for he virtually still stands before that audience at Lutheran chapel uttering his false charge against us, and asking them to believe it! Not to do it, is to stifle conscience, or it is evidence of no conscience at all—turning again upon the question of the man's personal responsibility for his actions, where, out of charity to him, we for the present leave it.

IMPORTANT FROM CONGRESS.

Bills have been introduced in Congress to repeal the Tobacco tax, to refund the taxes collected on raw cotton, to repeal the tax on spirits made from fruit and to remove all political disabilities.

All these bills are important to our people. Congress has adopted a resolution requesting the President to give information concerning the condition of affairs in Louisianna, and what action he has taken in relation thereto.

THE STATE PRINTING.—The Joint Printing Committee of the two Houses yesterday morning awarded the contract for the public printing for the ensuing twelve months to Messrs. Stone & Uzzell, of the *Daily News*. They commenced work upon the same yesterday evening.—*News.*

THE GREAT PICTORIAL ANNUAL.

Hostetter's United States Almanac for 1873, for distribution, *gratis*, throughout the United States, and all civilized countries of the Western Hemisphere, is now published and ready for delivery, in the English, German, French, Norwegian, Welsh, Swedish, Holland, Bohemian, and Spanish languages, and all who wish to understand the true philosophy of heal h should read and ponder the valuable suggestions it contains. In addition to an admirable medical treatise on the causes, prevention and cure of a great variety of diseases, it embraces a large amount of information interesting to the merchant, the mechanic, the miner, the farmer, the planter, and professional man; and the calculations have been made for such meridians and latitudes as are most suitable for a correct and comprehensive NATIONAL CALENDAR.

The nature, uses, and extraordinary sanitary, effects of Hostetter's Stomach Bitters, the staple tonic and alterative of more than half the Christian world, are fully set forth in its pages, which are also interspersed with pictorial illustrations, valuable recipes for the household and farm, humorous anecdotes, and other instructive and amusing matter, original and selected. Among the Annuals to appear with the opening of the year, this will be one of the most useful, and *may be had for the asking*. The proprietors, Messrs. Hostetter & Smith, Pittsburg, Pa., on receipt of a two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood. The Bitters are sold in every city, town and village, and are extensively used throughout the entire civilized world.

$5 to $20 per day! Agents wanted! All classes of working people, of either sex, young or old, make more money at work for us in their spare moments or all the time than at anything else. Particulars free. Address G. Stinson & Co., Portland, Maine.

CAN'T DO WITHOUT IT."—This is what the stage and horse car companies, livery-stable keepers, members of the turf, and all grooms, and trainers says of the MUSTANG LINIMENT. They "can't do without it." And why? Because it infallibly reduces the external swellings &c., which, under various name, impair the usefulness and value of the kind of quadrupeds, and also because, for sprains, strains, galls and other injuries to which horse flesh is liable, it is the most worthy preparation in the market. Yet these recommendations comprise only a portion of its claims to public confidence. During a period of more than sixteen years, it has been recognized as a specific for many of the most agonizing disorders which afflict the human family—such as rheumatism gout, neuralgia, lumbago, tic-doloreux, sore throat earache toothache; and likewise as a peerless application for cuts, bruises, burns and scalds.
