THE PUBLIC WELL. - This magnificent enterprise is in statu quo; and promises to Salisbury, or the pons asinorum.

THE FUNCTIONS OF AN ANGLE.—The Faculty of Davidson College have just issued a neat and convenient circular for the use of the students of that flourishing institution, giving the functions of an angle, and it would greatly interest others besides students, if they have a talent for such things.

Davidson College is one of the best, if not indeed the best, institution of the kind in the State. The Faculty is unexceptionable, and the standard of scholarship very high.

ENCOURAGE YOUR MECHANICS.

The Atlanta Constitution has the following on this subject, which is full of good sense, and we commend it to our people. Our mechanics are one of the most useful and industrious classes of our people, and do as much, or more, towards building our city than any other.

"Do not send abroad for help if you have work to do when it can be done in your own town. Encourage your own honest, indus- out pay until somebody offers pay, if notrious, faithful mechanics. They need all body offers pay within three years, the gained much experience and knowledge in the the work they can get. By such a course candidate may look upon this circumstance proper management of business, has returned to you keep money at home, assist the worthy. with the most implicit confidence as the and have just as good work performed. It sign that sawing wood is what he was is the way to make your town prosper—to intended for. press. Where there is a disposition to send a houdred miles for an article that, to say the least, could be manufactured as well at your own door, there will always be little or no business done in that place. The churches will be thinly attended and all kinds of labor extremely dull. Wherever mechanics are the best employed, prosperity is seen, the social virtues predominate, and kindly, brotherly feeling is experienced, which is the source of Robert Hall. anspeakable bappiness.

"Whatever you have to be done, look around and see if your mechanics cannot do it. If you have a house to build, a shoe to snother, and praising the speaker; but tap, or a saddle to be made, tinware to mend that which makes them go a way thought. 4.000 SACKS GROUND ALUM, a house to paint, or pack of cards to print a house to paint, or pack of cards to print, ful and serious, and hastening to be alone. just look among your homefolks before you Burnet. send abroad and if there is none in your town capable of doing the task it will be time enough to look elsewhere. It is a wrong Roman citizen was presented the civic to purchase works made by their neighbor, worthy, who has saved a soul from death, and sent to a distant city for the articles which they needed, and paid a third more for them. when, behold, they had been manufactured and sent away to sell by the same of whom they refused to purchase.

"Let the motte of all be, I will encourage my own mechanics. In turn you will be encouraged also. A mutual feeling of goodwill and kindness will spring up to our midst, and prospertly will be observable in every street and in every dwelling."

The above appeared in the Watchman of a late date; but we have been requested to publish it again, and as it is a subject that can not be too closely studied, or too frequently brought to the attention of our leading citizens, we comply.

should be encouraged and assisted in every way possible.

sale from a distance that can be as well Hamilton. made by our mechanics, if it is really a matter of importance, or if it is, at all desirable, to promote the prosperity of our labormatter of the first moment; for a town

place as can be imagined. There are hundreds of articles brought on here for sale that can be made among cles of mechanical skill brought from the North; and the main reason why they can not do so, is because they are not sufficiently patronized. If all the work the country demands was given to our mechanics they would soon be able to introduce labor saving machines and other difficulty.

In a urst copper coinage of the United States was made in the year 1737, and Connecticut can claim the distinction, security will present the same to Burton Craige on or before the same to Burton Craige on or B

YOU CAN DO YOUR OWN PAINTING

BRADLEY'S PATENT

The Most Economical, Beautiful and Durable.

HESE PAINTS are composed of Pure WHITE LEAD, ZING and LINSLED OIL, with other muterials which add greatly to the durability, clasticity, beauty and strength of the Paint. The whole are chemically combined, so that the pigments are held in permanent solution, thus forming a smooth glossy, firm, elastic, beautiful and durable Paint. The Oil, which is the real life of the Paint, cannot leave it and be absorbed by the substance to which it is applied, as it does in the paints mixed in the ordinary way, and thus leave the pigment dead and brittle, to wash and rub off in a few months or at farthest in three or four years. This Paint is unaffected by changes of temperature, is perfect-ly impervious to the action of water, is well adapted to all classes of work, and is in every way a better Paint for either Inside or Outside Work or Boat Painting, than any other paint known to the trade, and will last at least three times as long as the best Lead and Oil mixed in the or-

Always Ready for Use and Basily Applied. Sold by the Gallon. ONE GALLON COVERS TWENTY SQUARE YARDS, TWO COATS.

Assistant Secretary.

BUSINESS CHANGE The firm of J. A. CLODFELTER & CO., is this day desolved by mutual consent by S. R. HARRISON withdrawing. The business will be continued by J. A. Clodfelter and P. N. Heilig. under the same style of firm as beretofore. We are thankful to our friends and the public for the liberal patronage given us and hope it may be continued to succeeding members of the firm.

J. A. CLODFELTER, P. N. HEILIG, S. R. HARRISON.

I take great pleasure in recommending to the public my former partners and successors in the Furniture trade knowing them to be gentlemen on whom the public can rely with perfect confidence.

S. R. HARRISON.
