New Goods are coming in. We notice that several of our Merchants are receiving supplies.

The Commissioners are still working on our streets; and the work, for the most part, is pretty well done.

QUITE SICK—We regret to hear that Dr. F. N. Luckey is lying quite sick at his residence in the country.

Going North.—Several of our Merchants have gone North to buy their fall and winter stock of goods.

Mowing Again.—We notice that Mr. T. E. Brown is again mowing the fine clover on his farm near town.

Crops in Davis.—We learn from a gentleman who lives in Davis County that the crops are very fine there this year.

The young folks amuse themselves after noon now, running horses over our splendid race track at the Fair grounds.

Salisbury still continues healthy, lively, and is growing rapidly. Charlotte and the other little towns around will soon be overwhelmed.

Dead.—Mr. Moses L. Reide, a young man well known in this place, died at his home in the eastern part of this county, last Friday, after a short illness.

L. V. Brown & Co. have purchased the right to the State of HERMAN'S COFFEE ROASTER, and are now ready to supply orders for that excellent utensil.

The officers of the Fair Association are putting the tract in good repair and other wise making arrangements for the big crowd that is to be here during Fair week.

Moses L. Holmes, Esq., of this city, has been elected a director of the N. C. Railroad on the part of the Stockholders, Vice John I. Shaver, Esq., deceased.

New Goods.—Do not fail to read the Advertisement of Messrs McCubbins & Co. They have just received a large stock of New Goods and are determined to sell them at the lowest cash prices.

New Firm.—We understand a new firm will shortly begin business in one of the new stores in process of completion. The names of the gentlemen connected with it will be made known in due time.

Messrs. Hedrick & Son have begun the brick work of their three large stores.

Mr. I. P. O'Neil is the contractor and the work will go forward rapidly and well.

Mrs. McCorkle's boarding house is now open for the reception of guests, on the corner of Main and Bank streets. Mrs. Brown, the seamstress and dress maker, can be found there.

Fair at Hickory.—The second annual Fair takes place at Hickory Tavern, Catawba Co., N. C., October 25, 30, 31. They have gotten up quite a handsome premium list. Success to the enterprise.

The yellow fever is most fearfully scourging Memphis, Shreveport, and other western towns. It is said that six hundred persons are prostrated with it in the latter place. The suffering is very great.

Committed for Larceny.—Elmira Parlee, a colored woman, was committed to jail in default of bond, a few days ago, by J. L. Sloan, Esq., of Atwell Township, on the charge of stealing a pocket book containing \$80 from Mr. Henry Sloop.

Committed on the Charge of Attempted Rape.—J. A. Hawkins and W. A. Luckey, Esqrs., sent to the County Jail from Scotch Irish Township last week on the charge of attempted rape on the person of a colored girl, James Donathan.

A Large Plant.—One of the most stately annuals ever grown in this Town may now be seen in the garden of the senior editor. It is of the palma christi family, though not the ordinary castor oil plant. It is about 13 feet high, standing very erect on a dark red stalk which measures nearly 9 inches in circumference. It has not yet formed seed pods, but is growing right up, as if it would rival the surrounding trees in height. Its large leaves measure about 3 feet across.

Wm.—Mr. S. T. Mickey, of Salem, N. C., makes known through our paper where his excellent wines may be found. See dissolution notice of Barnhardt, Holmes & Co. Cotton Gins—J. M. Elliott. Cow for Sale.

Coming to Rowan.—Mr. W. H. Best formerly of this County, but late of Mecklenburg, has bought land of W. F. Watson, Esq., some five miles from the city, and will begin at once the work of improving for the purpose of removing his family on it. Mr. B. was a brave and excellent soldier, and is a worthy, industrious, and intelligent farmer. We welcome him back to Rowan.

Capt. R. A. Shotwell has been released from the Albany Penitentiary unconditionally. Some say he was pardoned, but it is not clear that he was ever guilty of any crime calling for such clemency. The Court that attempted to disgrace him has acted nobly under most trying circumstances. He has suffered much, but there is a hereafter for his persecutors.

A Suggestion.—We suggest to the various Agricultural Fair Associations in the State to offer a premium of \$20 or \$25 for the best Fair poster printed in the State for the Fairs of 1874. Something like this would make amends for the egregious blunder of flouting flashy posters with a foreign imprint in the faces of those who are expected gratuitously to employ their types and presses in behalf of home enterprises.

We were pleased to have a call from our old friend and editorial contemporary, G. A. MILLER, Esq., this morning. Mr. M. returns to his native place after a long absence, to revive old acquaintanceship with persons, places, &c. He is principal editor of the Columbus (Ga.) Daily Sun, which position he has filled for a number of years. Mr. M. developed quite early in life a fondness for the editorial profession. His first efforts were made here on the Roman Whig and Advocate, in 1853-4. Removing West, he resumed the pen and scissors and has held them pretty constantly ever since.

Burglarious Attempt.—A man was discovered Saturday night last, between 10 and 11 o'clock, attempting to break into the large warehouse fronting on Fisher street. He was pursued, but proved more fleet than his pursuers, although the latter were young and well legged. The thief in design was either in better training than his pursuers or was more desperately in earnest than they.—He left a bag at the door of the warehouse which may yet lead to his detection.

W. H. Bailey, Esq., in a note to the Charlotte Democrat, insists that the word clerk may with much propriety pronounced 'ch'el'. But with all due deference to his opinion, we think he will not get many persons to agree with him at this late day. The changes that have taken place in the spelling and pronunciation of words within the last half century are sufficient to make all but the most reckless hesitate to give such a barbarous sound now to the single vowel and that, too, in a monosyllable. But we will let brother Yates answer Mr. Bailey who is evidently squizing.

Cow-Penning.—The police force was out last Tuesday night engaged in Cow penning. We understand that several bo-villians were arrested and locked up for keeping late hours. The Cows are now on their good behavior, and remain out of town all night.

This is likely to prove a source of annoyance to those who keep cows, and we think, it will outweigh the inconvenience incurred by allowing them to run at large. The city authorities, however, are but enforcing an ordinance of the town. If it is a bad law, the citizens can petition its repeal.

Unwishtly.—The weather cock, or fish which answers the purpose, on the cupola over the Court-house, has, by some mishap, become defanged and is leaning over, presenting a very unsightly appearance. And as it is in full view and most likely to be noticed by everybody, we respectfully suggest to the County Commissioners the propriety of having it straightened. By so doing they will relieve the public of a view which is to say the least very unsightly.

By the way, what has become of the Old Town clock? Can it not be resurrected, and restored to usefulness? We ought to have a public time piece! Some slight repairs would no doubt put the old clock in working order again.

FOR LOSS OF APPETITE.—Dyspepsia, Indigestion, Depression of Spirits & General Debility, in their various forms, FERRO-CHLORIDE OF CALSAYA made by CASWELL HAZARD & Co., New York, and sold by all druggists, is the best tonic Assamulant tonic for patients recovering from fever or other sickness, it has no equal. If taken during the season it prevents fever and ague and other intermittent fever.

TWO SMART BOYS. We desire to procure two smart boys as apprentices to serve in this office and learn the art and mysteries of the printing business. None need apply who are not willing to bind themselves to stay at least three years, or longer. Applicants must be able to read and write moderately well.

But Three Legally Qualified.—We are informed that there are but three Magistrates legally qualified to act as such in the County. All, or nearly all, of those recently elected have been sworn in, but not within the time required by law. The law requires they should have been sworn in within five days after the election; but this they did not do, and consequently, it is said they are not qualified to act. It was not their fault that they were not sworn in according to law, but an oversight of the County Commissioners. The matter can only be remedied now by those who have not done so, applying to Mr. J. A. Boyden, Superior Court Clerk, and obtaining from him a commission of appointment. He will appoint and commission all those who were elected, if they will apply. It is to be hoped that all who were elected will make application without delay.

Why do young ladies whiten their faces? Because they think the powder will make go off.

According to Blackwood every man who is not a monster, a mathematician, or a mad philosopher, is a slave of some woman or other.

What is the difference between a Jew and a lawyer? The one gets his law from the prophets and the other his profits from the law. A Detroit woman sues for divorce because her husband insists upon sleeping with his feet upon the pillow so that he can tickle her feet when she snores. E. J. Walker was struck on the neck and killed by J. Malpass at a little place called 'Traveller's Rest,' near Wilmington, on last Wednesday. Both drunk.

The latest instance afforded by a fond mother of her son's cleverness, is said to be his correcting her for saying he was all over dirt. He said the dirt was all over him.

Were you guarded in your conduct while in New York? asked a father of his son, who had just returned from a visit to that city. 'Yes, sir; part of the time by two policemen.'

Amos Fink, a farmer residing near Lancaster Pa., raised in one seventeen acres of wheat an average of forty-five bushels to the acre! This extraordinary largeness of yield is hard to beat.

The title of a religious article on 'Mirth as a Means of Grace,' is perceived by a rural compositor into 'Mirth as a Measur of Grease.' He was doubtless thinking of the proverb, 'Laugh and grow fat.'

A Chinese proclamation has been issued to prevent the drowning of female infants, and among the arguments used against the practice is that the ghosts of the slaughtered children will avenge themselves upon the unnatural parents.

ACCEPTED.—Hon. Josiah Turner, editor of the Raleigh Sentinel, has been invited to deliver an address during the next fair of the Petersburg Agricultural Society. A telegram received yesterday from Raleigh by Mr. E. S. Gregory, signified Mr. Turner's acceptance of the invitation.—Petersburg Index and Appeal.

POISONED IVY.—The time of the year is approaching when we are most likely to be poisoned by the ivy—poisoned oak, as it is called by some. Every year we meet persons who have been poisoned and who suffer great inconvenience therefrom. The following remedy is an infallible cure: Take a tablespoonful of the solution of belladonna, and put it into a tumbler of water and bathe the parts affected which will decrease the swelling and the irritation.

NEW ADVERTISEMENTS.

Warranted Chill Cure. The only warranted chill cure sold in this section of the State. Prepared by the Medicinal Co., of N. C. Purely vegetable, children take it as well as adults. For sale only by G. M. Bues & Co. Money refunded in all cases where cures are not effected. Sept. 11, if

Positive and Permanent Cures! Read the following. CLAYTON, N. C., Aug. 15, 1873. THEO. F. KLUTZ, Esq., Salisbury, N. C.

Dear Sir.—I bought last fall from Wade, Boykin & Co., Baltimore, 1 dozen bottles of your 'Klutze's Chill Cure.' I sold it to those having chills, and as this is a prevalent sickness in many sections, I was anxious to find a specific for Chills, Fevers and Ague &c. I looked carefully after the results of each bottle, and found that it was used in long-standing cases, and allowed me to say that every bottle effected a cure. I am now selling it and warranting a cure or no pay. This 'Klutze's Chill Cure' saves many a Doctor's bill of \$5, \$10, or \$20. I enclose the pay for 4 dozen more, as the last dozen is all gone, every bottle wanted, and not in a single case has the benefit of the warrant been applied for. Very Respectfully Yours, H. J. RYALS.

KLUTZE'S CHILL CURE, contains neither Quinine nor Arsenic, is perfectly safe, and makes positive and permanent cures. Only 50 cents. Sold by all Druggists and country Merchants. Prepared by THEO. F. KLUTZ, Druggist, Salisbury, N. C. Sept. 4, if

NEW SPRING STOCK.

MOCK & BROWN are now receiving their usual large stock of Spring Goods, Consisting of all classes of goods adapted to this section of Country.

Their stock is full and complete in all descriptions of Fine Black and Colored Domestic Linens, Drills, Dress goods in the newest styles, Ladies' ready made suits, a most beautiful selection of Casesires and Coating. Pant Jeans of all kinds. Their stock of Clothing, shirts and finishing goods the largest and most desirable to be found in this market. A full and complete stock of S. Oes, Hats, Hosiery, Goggles, Ribbons &c. Sugar, Colic, Mulsans, and all kinds of

GROCERIES.

Their terms are strictly cash and barter with a few exceptions. Those who are reliable and prompt in paying their accounts it stands them in good stead. To enable them to sell goods at close prices, which they are determined to do, this policy has been adapted, when goods are sold on time to indiscriminate parties, heavy losses will occur from the Bankrupt and Home-made provisions of the law, and when losses are sustained by merchants, it is a well settled fact that such losses are met and it is reasonable to suppose that the losses to be made up as far as practicable, falls on the honest paying customers. They have determined to stop this way of doing business, by selling at the lowest cash and barter prices and credit no man who is unworthy of it. They are thankful to their daily friends and customers for their very liberal custom and confidence, and hope by selling Good Goods at low prices to secure their continued favors. MOCK & BROWN.

Iron in the Blood

PERUVIAN SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protochloride of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest Food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Purifying the System. The enriched and vitalized blood permeates every part of the body, repairing damages and wastes, searching out morbid secretions, and leaving nothing for disease to feed upon. This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, and it is perfectly safe, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution. Those who have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and who cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP printed on the glass, Pamphlets Free.

DR. TUTTS

VEGETABLE LIVER PILLS.

The startling drawback on nearly all medicine agents have ever been that in their process of purification and purification they have also debilitated the system. To obviate this difficulty physicians long sought for an agent that would PURGE PURIFY AND STRENGTHEN At one and the same time.

Their research has at last been rewarded by a discovery which fully realizes the fondest desires of their operation. They unite the heretofore irreconcilable qualities of a Strengthening Purgative and a Purifying Tonic.

Dr. Tutts' Vegetable Liver Pill, which purify the blood and remove all corrupt humors and unhealthy accumulations from the body, and yet produce no weakness or lassitude whatever, but on the contrary tones the stomach and invigorates the body during the progress of their operation. They unite the heretofore irreconcilable qualities of a Strengthening Purgative and a Purifying Tonic.

Dr. Tutts' Pills are the most active and searching medicine in existence. They at once attack and remove every morbid humor, and their action is so prompt that in an hour or two after they are taken the patient is aware of their good effects. They may be taken at any time without restraint of diet or occupation, they produce neither nausea, griping or debility, and as a family medicine they have no rival. Price 25 cents a box. Sold by all Druggists. Principal office, 48 & 50 Cortlandt St., N. Y.

THE GREAT SOUTH AMERICAN

JURUBEA

BLOOD PURIFIER

Is the most powerful cleanser, strengthener and remover of Glandular Obstructions known to Malaria Medicine. It is especially adapted to constitutions "worn down" and debilitated by the warm weather of Spring and Summer, when the blood is not in active circulation, consequently gathering impurities from sluggishness manifested by Tumor Eruptions, Blisters, Boils, Pustules, Scrofula, &c., &c.

When weary and languid from overwork, and dulness, drowsiness and inertia take the place of energy and vigor, the system needs a Tonic to build it up and help the Vital Forces to regain their recuperative power.

In the heat of Summer, frequently the Liver Spleen do not properly perform their functions the Uterine and Urinary Organs are inactive, producing weakness of the stomach and intestines, and a predisposition to bilious derangement.
