Suspended.—We regret to learn that the Masonic Monitor, published at Galesboro, has been suspended.

Blustery Weather.—Monday, rain; Tuesday, sun-shine and cloudy; Wednesday, misty and snowy, with considerable wind and coldness.

Snuff.—An exchange of gavel informs us that the best article of McAbey snuff is made out of dried tobacco worms, first having had their skins taken off.

Removed.—The Rev. W. Kimball, Pastor of St. Paul and Luther Chapel Churches, has bought property and removed near China Grove Post office, at which place he should heretofore be addressed.

F. H. Pendleton, Esq., makes his bow in the last Statesville Intelligencer as associate editor. Mr. P. writes well and will no doubt add much to his paper. We wish him much joy in his "new field of labor."

Real Estate.—Recent sales of real estate have shown a looking up—Property sold in the last few days is said to have approached ante war prices and brought all that it is worth.

Changed Hands.—Capt. P. B. Kennedy purchased, on last Saturday, the late residence of Jas. S. McCubbins, Esq., situated on Main below Horah street, for the handsome sum of \$2,950.

Married.—It will be seen by extract in this paper, taken from the Raleigh News, that Ker Craige, Esq., our worthy representative from this county, was married on the 12th instant, in Raleigh. We wish him and his fair bride much happiness.

Fine Oysters.—We are indebted to Messrs Snider and Wiley for a bowl of very fine oysters. They were the largest and fattest we have ever seen in this market. But they will have none except the best, and they receive them fresh, every morning in the week, from Norfolk.

Turner's Almanac for 1874.—We have heretofore called attention to this most excellent publication; but it is well worthy of another reference. It is undoubtedly the best publication of the kind in the State. There is no other to compare with it in point of useful information and general adaptation to the wants of our people. Kept for sale by McNeely and Walton.

Hay Coming In.—We notice that the Farmers of Rowan are beginning to bring in their hay. The crop in the county this year, we learn, is very good. If transportation could be had for it at reasonable rates, it would prove a more valuable product than cotton. If the Rail Road companies were wise they would be more accommodating to the farmers than what they are. Like every other business, they are all dependent on the farmers for prosperity.

The Tremaines exhibited at Morone's Hall Monday evening last to a large and appreciative audience. The actors all did well. The music was good, and the performance chaste, but laughable.—Mr. Stanley acted the Prima Donna elegantly. The burlesque on Gilmore's anniversary, as performed at the Great Peace Jubilee, Boston, Mass.—was a decided failure; and there about as much music in the Tremaine's way of performing it, as there was when performed by the great humbug at the hub. But Gilmore had the crown.

Our Doctors Abroad.—We notice that Dr. George A. Foote, of Warrenton, and Dr. S. S. Satchell, of New Haven, are in attendance upon the Medical Society of Virginia, now in session at Norfolk. Being invited to a seat and to participate in the proceedings, they made appropriate speeches in response to calls made upon them. They are prominent members of our State Medical Society, both having delivered on different occasions the annual address.—Sentinel.

Dr. J. J. Sumnerell, of this city, and not Dr. S. S. Satchell, was the gentleman who, in company with Dr. Foote, attended the Medical Society of Virginia. We noticed a similar mistake in the Daily News a few days ago. In announcing the arrival of Dr. Sumnerell at the Yarnborough, the News put it Dr. J. J. Sumnerell, of Salisbury. A gentleman of Dr. Sumnerell's professional skill and prominence should be better known to the Press.

Fresh Pork Sausage Manufactured by A. Parker—six pounds to the dollar Apply at his store.

Come to Time, Gentlemen.—This is the season of the year for people to settle up old scores, so as to start right with the New Year. We therefore hope that those indebted to us will come to time, and pay up. We are in need of funds.

Passing Away.—We learn from Mr. J. D. McNeely who has just returned from New York, that the effects of the money crisis is passing away and that things are looking much brighter than a few weeks ago.

THE GOVERNOR'S MESSAGE.—This document did not reach us in time for this issue. We have not read it carefully, but are inclined to think that its chief merit consists in its great length. We shall try to give it in full next week, and then our readers can form their own opinions of its value.

Hop at Charlotte.—During Fair week in Charlotte, there will be a series of hops given by the Charlotte Hop Club, on the evenings of the 26th and 27th of Nov. inst., at the Central Hotel.

A Distinguished Man Gone.—The Hon. NATHANIEL BOYDEN departed this life today, about noon. He bore up under his painful affliction far beyond the expectation of his friends, and yielded at last to exhaustion and extinction.

The deceased was, in many respects a distinguished man having filled, during his life, numerous places of public trust and honor, and at his death, was one of the Justices of the Supreme court of North Carolina.

But we shall leave to some able pen to write his obituary, only meaning, in this notice, to recognize the fact that a great man has fallen in our midst.

MARRIAGE.—Col Hamilton, C Jones and Miss Connie Myers, of this city were united in the bonds of holy wedlock yesterday evening at half past eight o'clock. The ceremony took place at the Episcopal Church. Rev. B. S. Brown officiating. The church was filled with spectators. Prof. Shufeldt played a wedding march upon the organ.—Charlotte Observer, 13th, inst.

Another Elegant Marriage.—Christ Church, yesterday evening, presented one of the liveliest scenes Raleigh has lately witnessed, on the occasion of the marriage of Miss Josephine, youngest daughter of the late Gen. L. O. B. Branch, and Kerr Craige, Esq., son of Hon. Burton Craige, of Salisbury. Rev. Dr. Mason officiated, and the elegant little church was crowded to its utmost capacity. The building was brilliantly illuminated and was appropriately decorated. The bridal party was of the gayest and most appropriately dressed. First came Miss Anna Craige, sister of the bridegroom, and Mr. W. A. Branch, brother of the bride; next Miss Janet Hogg and Dr. T. J. Moore, of Charlotte; Miss Alice Jones, of Warren, and Miss S. T. Williams, Miss Lucinda Little, of Raleigh, and Norman Jones, Jr., Miss Emma Schmitt and Stephen J. Brown, Esq., of Salisbury; Miss Bessie Steddes, of Raleigh, and W. W. Fleming, Esq., of McDowell; Miss Annie Perkins

and P. F. Pescud, Jr., of this city, and following the bride and bridegroom were Mrs. L. O. B. Branch with her brother Maj. W. A. Blount.

The bridal party take a short trip North this morning. Mr. Craige having to attend to his duties as a member of the General Assembly, but he and his bride have the best wishes of the community.—Sentinel, Nov. 13th.

THE PUREST AND SWEETEST COD-LIVER OIL is Hazard & Caswell's, made on the sea shore, from fresh, selected livers, by CASWELL, HAZARD & CO., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market.

On the 13th, of this month by the same, Joseph Brown and Mary L. Yost, all of Rowan County.

On the 21st inst., Mrs. Catherine Cook, relict of the late Jacob Cook.

NEW ADVERTISEMENTS.

Living Advertisements. A medicine that has done more than all the prescriptions of the pharmacopoeia to protect the human system against the bodily superinduced by unhealthy surroundings, is certainly worthy of universal confidence. It is mainly on account of its extraordinary preventive properties that Hostetter's Stomach Bitters is so exceedingly popular in localities subject to the visitation of miasmatic fevers and other diseases produced by impure air. A family that has escaped sickness during a sickly season in consequence of using the Bitters as a safeguard, is a living advertisement of the preparation. The whole neighborhood realize the fact. "I couldn't have believed it," says one. "I scarcely credited the advertisement; but one must believe what one sees," says another. "It is the very thing we need in the unwholesome section of country," remarks a third. And the result is that the instinct of self-defense, the first law of nature, induces three-fourths of that community to obtain a supply of the great vegetable antidote before the next sickly season sets in. In winter, when the system requires extra vigor and elasticity enable it to baffle the effects of damp and cold, the Bitters will be found particularly serviceable. Rheumatism will not be apt to fasten upon muscles and nerves that have been braced up by this excellent invigorant; nor will the severities of the season which have such a disastrous effect on the pulmonary organs of the feeble and delicate, be likely to exercise the same untoward influence in cases where the stomach and external surface of the body (which always sympathize with the digestive organs) have been toned and stimulated by a course of the restorative. The fits of indigestion and irregularities of the bowels which proceed from sudden changes of weather, may always be averted by a timely use of the Bitters.
