SALISBURY, THURSDAY NOV. 27.

Come to Time, Gentlemen. This is the season of the year for peo ple to settle up old scores, so as to start right with the New Year. We therefore hope that those indebted to us will come to time, and pay up. We are in need of funds.

The Governor's Message.

Much better matter is crowded out this week to make room for the Governor's long, windy message. Our readers generally desire to read and expect us to publish such documents, otherwise we should not have given it entire.

We regret that we have not the space to comment on the message as we would

The Governor has much to say about the State debt and repudiation. His hypecritical cant about the dishonor of repudiation is simply contemptible, when we remember that he acted with and beto repudiate the most sacred and binding obligation ever imposed upon North Carolinians : We refer to the debt incurred to feed and cloth her brave sons, noble women, and helpless orphans during the death struggle for liberty and independence. But the Governor while he pretends to hate repudiation, really advocates it. He is in favor of compromising, another term for repudiating, the so called new debt swindle, and even, the old "sacred debt." Such hypocrisy is simply ridiclous .-We shall again refer to this subject more at length.

The Funeral of Judge Boyden took place at the Episcopal Church last Saturday and was well attended. After the usual service, at the church, the corpse was conveyed to the Salisbury Cemetery, and was followed by quite a number of persons both white and black. Among the pall bearers, we noticed the Hons. Burton Craige, Z. B. Vance, Lewis Hanes, Dr. Summerell, W H. Bailey, Esq., A J. Mock, and other gentlemen whose names we can not re-

Our readers generally will be always in advace. glad to hear this. Our people do not want a war with any country or nation. If war does come, however, we are in favor of those who wish for it doing the fighting.

The Legislature has been mainly engaged so far with the injunction case and the State debt. Some resolutions with respeet to back pay and Cuba have passed. Back pay was not indorsed. - Cuba is coveted, or at least her independence desired.

Boss Tweed, of N. Y. city, has been con visted of the many charges against him ane sentenced to a fine of \$12,000, and twelve years in the county Work House. The Obituary of Mr Daniel Plyler, of

Soiled clothers are placed in the boiling water of the machine and come out clean in thirty minutes, and need only to be put through a wringer or riused out in cold water. We can most conscientously recommend it as a labor saving machine thoroughly cleansing clothes without rubbing.

# THE NEW FAMILY

We claim and can show that it is the CHEAP-EST, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the INTER-LOCKED-ELASTID-STITCH, alike on both sides of the fabric sewn. Thus, beaver cloth, or leather, may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never-wearying instrument may be adjusted for fine work on gauze or govenmer tissue, or the tucking of tarlatan, or ruffling, or almost any other work which delicate fingers have been

known to perform. And with its simplicity of construction; ease of operation; uniformity of PRECISE action at any speed; capacity for range and variety of work, fine or coarse-leaving all rivals behind it. We with pleasure refer the public to the Gold and Bronze Medals and Diplomas awarded to onr Machines in America, Prussia, England, and recently in Austria at the Exposition in Vienna, where we were awarded five Medals, Merit, Progress, and three for articles manufactured on our Machines. But it gives us much greater pleasure, to present to the public the sworn returns of sale, to which any one can have access) of the different Manufacturers of Machines, for the last four

years, made to the receiver appointed by the owners of valuable Sewing Machine Patents, and which shews the precise number of machines sold by each Company.
