Kerosene Lamps.

This is the season when nearly every paper will take up relates some horrible case of explosion of a kerosene lamp, or the like, and women and children are either killed outright or terribly burned, and scarred for life. A simple knowledge of the inflammable nature of the fluid would probably put an end to nearly all the accidents. First, no lamp should ever be filled after dark by the light of a candle. Always do this work after the breakfast dishes are put away, and then not only fill them, but wash the chimneys, for if dim and smoky, you cannot expect to have a bright light.—Take the chimney in one hand, breathe through it, then draw a large wisp of paper up and down it, and all the blur will be removed. If the chimney is blackened with lamp smoke, turn warmish water through the tube, and then wipe outwith paper in the same style as before. If the lamps are glass, and they become clouded with a deposit from the kerosene, take lime water that is milky with the lime and shake it up in the lamp. Do this with two different washings, and all the deposit will be removed. A little chloride of lime, dissolved in warm water and left in a lamp or can which has held kerosene, will deodorize it very soon.—Lamps must be filled every morning.—This is an imperative duty for every housekeeper to perform, for as the oil burns down in a lamp, there is created a highly inflammable gas, which gathers imperceptibly over the surface, and as fast as the oil is consumed this gas increases, so when the oil is nearly out of the lamp the slightest jar of the table will set the gas on fire; an explosion follows instantaneously, and a bombshell would not be more destructive, for its touches are deathly. But if the oil is burned only half way down in your lamp, the gas is not of sufficient power to do any injury; therefore let me beg of you never to defer the operation of lamp filling to another day, but see yourself that it is done.

CURRENCY NEEDS.

Governor Kemper, of Virginia, in his message to the Legislature on the 1ts instant, referred to the currency needs of that State with especial emphasis. He claims that Virginia has less than one-third of her proper proportion of national bank currency, and urges, with good reason, that either her allowance should be largely increased or else that the nationnal tax on bank notes be abolished, so that the State banks may supply the pressing need by issuing currency. From all parts of the country except New York and New England there come the same loud complaints about the arbitrary limitation of the circulating medium, but if other sections could only be as well supplied as Massachusetts they would be perfectly content.—*Philadelphia Press.*

BOOTY AND BEAUTY.

The following good sleeping-car joke is going about: A gentleman occupied an upper berth in a certain section and a lady the lower. In that dim, uncertain light which dawns on travelers in heavily curtained "sleepers," the gentleman above referred to tried to find his boots, but nowhere about his narrow bed could he see more than one of them. Looking downwards he espied the saw another on the berth below him; so reaching down he tried to lift it up. Strange to say, it lifted to a certain height and then fell from his hand. He tried again with the same result, and yet again with no better luck, when suddenly the boot apparently became endued with life and evaded his grasp. Then the situation flashed upon him and he became contrite. Contrition is a good thing, but it may also become a nuisance, for fancy the gentleman in the upper berth apologizing to the lady in the lower for mistaking her boot on her own foot for his own.

THE Syracuse *Courier* says: The great work of driving from power this party that has proved false to all its pledges of reform, begun so well in 1873, will, we predict, be prosecuted with unabated vigor in 1874, and fructify in victory complete in 1876. The Republican party cannot do business much longer on the capital of its form r reputable name. The people are fast finding out that it is only a "pious fraud." The exhalations that come up from the raking over of the heaps of offical rottenness in Washington are not so savory as to invite back stray or wavering sheep into the Republican fold. The turning tide of 1873 will, we predict, increase to a grand swelling flood in the year that now follows.

The Springfield Republican states that after Attorney General Williams had taken $1,600 of public money to pay for a stylish carriage for his wife, he took $700 more to buy her a pair of horses.

Plain people call the taking of other people's money stealing; but perhaps such stealing does not constitute any reason why the thief should not be appointed Chief Justice of the United States.

THIEVES.—We learn a bed spread was stolen recently from the back piazza of Mr. U. L. Rights' dwelling, and afterwards found secreted in a pile of lumber at the upper end of town.

On Tuesday night last, the clothing hanging out on the line to dry, on the premises of Mrs. Rominger, were all stolen. No clue to the thief further than a suspicion.

Wilmington, Goldsboro, Raleigh, Charlotte, and even Greensboro, seem to be troubled with rogues in this age of progress.—*Salem Press.*

We have heard of no stealing here with in a week past.

An unfortute Jersey editor thus addresses his delinquent subscribers; "Friends, we are penniless. Job's turkey was a millionare comparent with our depressed treasury. To-day, if salt was two cents a bunch, we could not buy enough to pickle a fly bird."

NEWSPAPER LAWS.

We receive so many inquires as to the laws governing the circulation of newspapers, that we find it necessary to publish the following summary, which will cover all the questions that have been addressed to us:

1. Subscribers are considered wishing to continue their subscription.

2. If subscribers ordering the discontinance of their periodicals may continue to send them until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are held responsible till they have settled their bill, and ordered them discontinued.

4. If subscribers move to other places without informing the publishers, and the papers are sent to the former direction, they are held responsible.

5. The courts have decided that refusing to take papers from the office, or removing and leaving them uncalled for, is *prima facie* evidence of intentional fraud.

6. Any person who receives a newspaper and makes use of it, whether he has ordered it or not, is held in law, to be a subscriber and must pay for it.

THE NEW FAMILY SINGER SEWING MACHINE.

We claim and can show that it is the CHEAPEST, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the INTERLOCKED-ELASTIC-STITCH, alike on both sides of the fabric sewn. Thus, beaver cloth, or leather, may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of tartatan, or ruffling, or almost any other work which delicate fingers have been known to perform.

And with its simplicity of construction; ease of operation; uniformity of PRECISE action at any speed; capacity for range and variety of work, fine or coarse—leaving all rivals behind it.

We with pleasure refer the public to the Gold and Bronze Medals and Diplomas awarded to our Machines in America, Prussia, England, and recently in Austria at the Exposition in Vienna, where we were awarded five Medals, Merit, Progress, and three for articles manufactured on our Machines. But it gives us much greater pleasure, to present to the public the sworn returns of sale, (to which any one can have access) of the different Manufacturers of Machines, for the last four years, made to the receiver appointed by the owners of valuable Sewing Machine Patents, and which shews the precise number of machines sold by each Company.

VINEGAR BITTERS

PURELY VEGETABLE — FREE FROM ALCOHOL

DR. WALKER'S CALIFORNIA

VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.

Grateful a thousandfold proof of VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, Swellings, Goitre, Scrofulous Inflammations, Sores, Eruptions, Tetter, In these, as in all other constitutional cases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases, – Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
