

Special Notice

Mere announcements of marriages or deaths, or short religious notices, we publish without charge, and would be glad to ministers and friends would furnish us with such. But all obituaries, tributes of respect, life sketches, or other matter of whatever character, not of general interest to the public, are charged as advertisements.

The widow of the late Governor Worth is dead.

Mr. J. W. Holden, has been elected Mayor of Raleigh on the Temperance ticket.

There were nearly three colored votes to one white polled here last Monday and it was a bad day for colored votes at that.

Soda—We tender thanks to Mr. Theo. F. Klutz, druggist, for a season ticket at his soda fountain.

Mr. W. F. Davidson has been re-elected Mayor of Charlotte. Mr. Van Pelt re-elected Mayor of Statesville, and prohibition in Statesville Township defeated.

New Hardware Store.—Do not fail to read the advertisement of Messrs. Smith and Hartman. Their Stock is entirely new and they are determined not to be undersold.

One of our citizens had an old hen lifted off a brood of young chicks the other night. Some body is fond of chicken. A setting hen does not eat good, a rooster would be preferable, if he does sometimes crow in the wee hours of the night.

We understand that a Mr. Linton, a drummer from N. Y., was dragged from his bed at the dead hours of night by two police and taken before a magistrate on a charge, for which he was not liable. Is this true? Will some one give us the facts in the case?

An Elegant Soda Fountain.—Messrs. Barker & Co. have just received one of Taft's celebrated Soda Fountains, which is handsome very. They offer extra inducements to the drinkers of the beverage this summer. Go to see them, and try their Soda.

The Tax-payers desire to know whether the Clerk of the Town has listed for taxes all those who voted here last Monday. If not, why? They think the names could be easily taken from the registration books, if they have not returned before now. Every one is liable for poll tax, at least.

If you want Ice-cream Soda Water, better than has ever been made in Salisbury, call at Klutz's Drug Store. In this invention is not made good, it will be because the very best apparatus in the world, with most delicious cream, shaved ice and syrups, will not make it so.

County Commissioners.—We have heard the name of Mr. Jas. S. McCubbins spoken of as a suitable person to fill the office of County Commissioner. He is a most excellent business man, honest, high-toned, and liberal. We would like to see such men at the head of public affairs. If all, or half we hear is true, we are sadly in need of some changes in the County Board, and we know of no one who would be more likely to give general satisfaction than Mr. McCubbins.

Scotch-Irish Ahead.—It will be seen that the citizens of Scotch-Irish are the first to hold a Township meeting and appoint delegates to the County Convention to be held here on the 16th. It is to be hoped that other counties will do likewise. Let every Township hold a meeting and send in a full delegation of its best citizens and there will be no cause for dissatisfaction. It is the only way harmony can be preserved and success achieved. Send in your delegations, let's have a roaring meeting.

Medical Society of N. C.—This body will meet in Charlotte on the 19th inst., and the Board of Medical Examiners will hold its annual meeting at the same time and place for the purpose of hearing applicants for license to practice medicine.

It is expected that a very large attendance of the medical profession will be present from all parts of the State. These meetings are of very great importance to the profession and to the public as well.

Miss Dr. Dimmock, of Baltimore, who was elected an honorary member last year, has promised to be present.

May Day.—"The Sons and Daughters of Zion," represented by the colored people, celebrated the 1st day of May by a procession, (in regalia), with other ceremonies. They seemed to have a fine time of it. Some of them were rigged out in the highest styles of the Mantua Maker and Milliner's arts. Don't know that these "Daughters of Zion" subject themselves to the animadversions of the prophet, (Isaiah iii), or incur the wrath threatened against those of whom he wrote.

They do not; but that their organization abounds in good works, humanity and charity, and may avert from themselves the evils threatened against their fellow namesakes.

That Report.—The Charter of the Town makes it obligatory upon the retiring Board of Commissioners to publish a full and accurate statement of all the receipts and disbursements of the public funds during the year ending with its administration. Such report for the last year has not yet been made, we therefore call for it. The citizens desire to see it.

We know that the debt of the Town at the beginning of the administration of the last Board was about seven thousand or seven thousand and five hundred dollars, and that the amount due the town for property sold and the amount of taxes for the year summed up near Eight Thousand Dollars. If this statement is correct, and we know that it is not far wrong, and she amount due the town has been properly collected and appropriated, it ought to be quite out of debt. How is it? Is it still in debt, and if so, how much? The Tax-payers desire to see a full report.

The Municipal Election Passed off quietly. The vote was very small. There were nearly three colored votes to one white polled. The whiskey men with the Rad vote carried the day.

The following ticket which was backed by both the whiskey men and the Radical vote was elected.

- FOR MAYOR, T. W. KEEN. FOR COMMISSIONERS, NORTH WARD, J. M. Corkle, P. P. Meroney, SOUTH WARD, A. L. Clark, S. E. Linton, WEST WARD, A. M. Sullivan, M. L. Holmes, EAST WARD, F. A. Frecke, L. D. Bringle.

The vote at Gold Hill resulted in the selection of a dry Mayor and a wet Board as follows:

- FOR MAYOR, F. H. MAUNEY. FOR COMMISSIONERS, J. C. Bunn, J. C. McAndlish, R. F. Martin, R. Small, and P. Revis. For Constable John Jenkin.

Honor to Whom Honor is Due.—Just before the election a great deal was said about the excellent administration of the Board of Town Commissioners whose time expired last Monday. Some were so much carried away that they really seemed to doubt whether the Town government could be carried on if the old Board should be beaten. The names of those composing it were brought forward and a great effort made to make the citizens believe that a re-election of one and all was indispensable to the prosperity of, if not to the very existence of municipal government in Salisbury. Although we were satisfied that the effect of running the Old Board would be just as the sequel proved—to our damage and its own defeat,—still we allowed its praises to be sung through our columns without uttering a word, preferring to give its friends a full and fair hearing however extravagant, or unjust to ourselves. From the very moment this Old Board was brought forward with Dr. Keen at the head of it—thus placing him to two tickets for Mayor, a wet and a dry one—it was evident that there was no chance for the writer, to say nothing of the many illegal and non-resident, non-tax-paying voters believed to have been polled on Monday.

The object of this article is not to cast undue reflections upon the Old Board, for it was composed of good men, and we take it for granted that all composing it were actuated by pure and disinterested motives, but the truth with respect to it and previous Boards should be known. It was said that the last year's Board saved to the town a large "controversial claim" that, of course, would have been lost; that it got the debt in ship shape, bought a gravel pit, and done many other wonderful things. And yet these sayings were mere assertions, exparte utterances, unsupported by figures and fit only for electorating purposes.

The fact is the McCubbins' Board of 1871-72 was the first Board since the war to inaugurate measures of reform. It was the first Board to ascertain the indebtedness of the town and to arrange it so as to be understood. It paid up part of Two Thousand Dollars of said debt without selling any town property. The so-called controversial claim that is alleged to have been saved by the last Board was in reality saved by the McCubbins' Board, and would have been definitely settled by it or the succeeding Board, had it been possible without difficulty to do so while a main party was living. If the defendant was still living the controversial claim would still be controverted—unsettled.

The McCubbins' Board did about as much work on the streets as the last. And did it better, it secured the erection of a wall around the Lutheran Grave Yard, paid less money for police and had about as good order, had the bridges rebuilt and repaired over the Rail Roads, drove away no citizens and dug no useless wells.

As to the purchase of a gravel pit, it is safe to say that if anything like the sum was given for it reported, the interest on the money one year would buy more gravel than has been put on the streets since the war. Gravel can be bought for 8 and 10 cents a load. It is better to buy at those prices, or even give more, than to have a sum however small invested in pine fields. The debt of the town, as we have shown in another article, ought to be quite settled up. The other wonderful things alleged to have been done were not beyond the capacity of a similar number of the humbly of our citizens. So think and so say, those best acquainted with the town affairs. Then, what claims had it upon our people above other equally good citizens!
