

Carolina Watchman.

SALISBURY, THURSDAY MAY 14

Dr. J. J. Mott, of Statesville, is suggested as the Republican candidate for Congress from the 7th Congressional District. The Statesville *Intelligencer* pays him a handsome compliment, and well deserved, too, we think. His politics we do not admire, and shall do all we can to defeat him should he be the candidate of his party; but he is undoubtedly the most prominent, the most popular, if not the ablest Republican in the District, and if we must have a Republican in Congress from this district, we know of no man whom we would prefer above Dr. J. J. Mott.

COUNTY MATTERS.

We promised in our last to give this week the law requiring publication to be made with respect to county matters. We do so for the purpose of showing the public that we have been justified in demanding of the Board a public exhibit of their official acts. It is a matter of great interest to the people. They have a right to know all about the doings of their County Board. They have a right to know how much money is levied, collected, each year and what is done with it, and the law makes it the duty of those in charge to keep them well and accurately informed. Our County Board has from some cause failed to do this, and in behalf of the people we have complained. We have heretofore called attention to the fact that this same Board from some cause failed to assess the Merchants' tax while it was done, as we are informed in other counties. Our merchants were not to blame for this, for none are more ready and prompt to meet their obligations in this particular than ours. Then who is to blame? There must be some valid reason, what is it? For the last three or four years our people have been kept in utter ignorance of the doings of the county Board. The Board have kept matters to themselves. They have obstinately refused to let the people know what was going on, we may say what has done this in utter contempt of the people's wishes and of law as well; for the said extracts are taken from the Acts of 1869, '70; and whether it has been in operation all the time is a matter of but little consequence, since it is now the law. Battle's Revision, Section 13, Chapter 27, reads: "The Board (County Board of Commissioners) shall cause to be posted at the Court-house, and to be published in one or more county papers, if there be any, within five days after each regular September meeting, and for at least four successive weeks, the name of every individual whose account has been audited by them, the amount claimed and the amount allowed; and also at the same time a full statement of county revenue and charges, showing by items the income from every source and the disbursements of account for the past year, together with the permanent debt of the county, if any, when contracted and the interest paid, or remaining unpaid thereon." The law also makes it the duty of the Clerk and the Treasurer to publish similar statements of their operations from time to time. Battle's Revision, Section 19, Chapter 27, reads: "The Clerk shall annually, or within five days next before the first Monday of September, make out and certify, and cause to be posted at the Court-house, and published in a newspaper printed in the county, if there be one, for at least four weeks, a statement for the preceding year showing the amount, items, and nature of all compensation audited by the Board to the members thereof severally. The number of days the Board was in session, and the distance travelled by the members, respectfully, in attending the same. Whether any unverified accounts were audited, and, if any, how much and for what? Now, if the Board has anything to say in its defense, it shall have a hearing, if desired, through the Watchman. We shall take no advantage of any of its members, though we shall have much to say during the coming summer. Since the above was put in type, the Clerk of the County Board has handed in a report for the year 1873. This report should have been given to the public some time ago, but we suppose it was an oversight.
