The celebrated author, in this admirable Essay, clearly demonstrates from a thirty years' successful practice, that the alarming conse-quences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effec-tual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

THE NEW FAMILY

We claim and can show that it is the CHEAPst, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the INTER-LOCKED-ELASTIC-STITCH; alike on both sides of the fabric sewn. Thus, beaver cloth, or leather, may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of tarlatan, or ruffling, or almost any other work which delicate fingers have been

known to perform.

And with its simplicity of construction; ease of operation; uniformity of PRECISE action at any speed; capacity for range and variety of work, fine or coarse-leaving all rivals behind it. We with pleasure refer the public to the Gold and Bronze Medals and Diplomas awarded to our Machines in America, Prussia, England, and recently in Austria at the Exposition in Vienna, where we were awarded five Meduls, Merit, Progress, and three for articles manufactured on our Machines. But it gives us much greater pleasure, to present to the public the sworn returns of sale, (to which any one can have pocess) of the different Manufacturers of Machines, for the last four years, made to the receiver appointed by the owners of valuable Sewing Machine Patents, and which shews the precise number of machines sold by each Company. 1869 1870 1871 1872

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable tive herbs found on the lower ranges of the Sierra Nevada mountains of Califorpia, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked. "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the darkcolored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
