

Col. T. G. Walton, of Burke, has qualified as the administrator of the late Gov. Caldwell.

They had a grand Democratic Celebration in Wilmington, N. C., last Friday night over the late victory in this State.

Taken the Veil.—A cat with 2 bodies, 2 tails, 8 legs and one head has taken the veil—gone into alcohol—at Beir's Drug Store.

A Street Scene.—A hog gathered a negro's ginger cake and ran off with it. The chase by Africa produced quite a scene.

The Rev. W. A. Mangum, the popular and eloquent preacher, spent a few days in our town on his return from the Springs.

Returned.—We notice Messrs. Kerr, Craig, A. H. Boyd, and P. A. Ferecks in the city. They have been absent several weeks at Raleigh, Saratoga, and White Sulphur Springs, respectively.

The vulgar mob, made up of Beecher's followers, was so much incensed against Mr. Moulton at Plymouth Church for telling the truth that he narrowly escaped with his life.

B. & L. A. Regular meeting next Monday night. It is earnestly desired that every Stockholder will be present, apparent value of one share \$9.06.

Judge Cloud was again in the city last Monday. It is understood that he was here in consultation with his counsel in regard to contesting the right of Judge Wilson to the position to which he has been elected by the people.

The Rural Carolina for September is received. It is a splendid number and the 3rd volume. There is no Agricultural Journal so well adapted to the use of the Southern farmer. Published at Charleston, S. C., at \$2.00 a year.

We understand that Roberson's Show is coming, and how glad the showgoing people are. Those that don't go, will celebrate the occasion by feasting on corn beef in a room 10x12 feet square.

Removed.—A. Parker has removed to his new store, next door to Klutz's Drug Store where he will be pleased to see his friends and customers.

Fresh Mackerel and Cheese just received at A. Parker's.

Mr. Tho. Ramsey, of Raleigh, called on us a few days ago, on his way from the mountains where he has been laboring in the cause of Temperance. He met with good success in the mountains, and is highly delighted with the grand scenery of Western Carolina.

Removed.—Alex. Parker of his old stand to the east corner of Main and Innis streets in the brick store adjoining Theo. F. Klutz's Drug Store. We learn that Mr. P. has bought the store into which he has just moved, and will arrange it especially for his business.

Mr. J. H. Griffin of Rocky Mount, N. C., while Turkey hunting a few days ago, was shot by Mr. D. B. Gay, who was also hunting and mistook Mr. Griffin for a Turkey, as he was partly concealed and making a noise like one. The wounds are quite serious, but not thought to be mortal. How long will such inexcusable blunders continue to be made!

THEFT.—Mr. Jno M Coffin about ten days since had stolen from him eighteen splendid chickens, water bucket and brass preserving kettle; and on last Sunday night they again visited him, that time taking all of those fine grapes intended for wine to be exhibited at our Fair in October. Mr. C. wants to compromise by an equal dividend next time. Mr. Jno. H. Edgins also had a lot of fine cabbage stolen!

POOLE & HUNT, of Baltimore, whose reputation as Founders and Machinists have become national within the past twenty-five years, appears elsewhere in our columns in an advertisement of their well-known and highly regarded Jax. Leffel Turbine Water Wheel, as well as in enumeration of various other lines of their manufacture. We invite, for this firm, the favorable consideration of those of our readers who may be in need of anything in their line; their machinery, wherever used, best speaking for itself as regards quality, durability and capacity for the work designed. Send for their circulars before purchasing elsewhere.

Gen. Seales' majority over Billy Henderson for Congress in the 5th District, is 1630.

Kerr's majority for Judge in the 7th Judicial District, is 352.

Mr. George D. Harding, Editor of the Indianapolis Herald, a gentleman of the highest character, shot and it is hoped mortally wounded, a Sol. Moritz, a prominent Hebrew merchant of the place, who had seduced the daughter of Mr. Harding. His daughter confessed the crime and then committed suicide.

We are glad to learn that J. N. H. Sumner, A. B., of Salisbury, N. C., has been elected Prof. of Mathematics and Natural Science of Ghent College, Ghent, Ky. Mr. S. graduated two years ago at Davidson College, and since that time has been teaching at Jefferson, Texas.

Cow-Fencing.—The Commissioners have thought proper to enforce the ordinance requiring the owners of Cows to pen them at night thus keeping them off the pavement, and the usual cry of disapprobation and disgust is raised. The question, we think, to be considered in all such cases, when the public weal or security is not in the way, will more or less be accommodated by the enforcement of such an ordinance than will be inconvenienced? If in the affirmative, let the law be enforced. If in the negative, let it be dispensed with. Our people have no taste for superstitious city airs, and they will not quietly submit to them, unless there is good reason why they should be indulged.

Incredible!—A visitor to a pleasure resort the present season declared that the same chicken leg was brought to him five days in succession. When asked how he knew it, he said he noticed it with his knife on the first day. A friend who knew his great fondness for fried chicken expressed a serious doubt about a piece of chicken falling into his plate and being left in condition for another appearance on the table; but the reply was "It took me five days to masticate the piece I noticed out."

Babies in the woods. A few weeks since while rusticiating in the western portion of this state, one of Salisbury's fair daughters and her escort, about sun down one evening made the terrible discovery that they were lost.

After due consultation, they concluded to hitch their horse and walk back to a farm house, just passed a short while before. Failing to find the house, they began retracing their steps to the buggy, when lo! they could not find it. Lost! doubly lost! So among the panthers, mosquitoes, and black gnats, they in a very dignified manner spent the night in a friendly fence corner gazing. At last morning dawned, they found the buggy and hungry steed, and went on their way rejoicing that they had lived through such an ordeal and come out with no damage except mosquito bites from head to foot.

Moral. Young ladies when traveling pay strict attention to all forks of the road. The whitewash committee of Plymouth Church has reported, exonerating Beecher from the serious allegations of crime against him. The report sets forth that the charges preferred by Mr. Tilton have not been proved; but nothing is said of the fact that they have not been disproved.

The correspondent of the Richmond Whig has at last been heard from. He passed through Salisbury last week, stopped at the National, the fare at which hotel he delights himself with ridiculing. But we doubt not the proprietors of the National feed their guests as well as any hotel in Virginia. We are only surprised that the Richmond Whig should publish such unwarranted stuff about our town.

Valuable Land for Sale.—Attention is invited to Ad of Messrs. Harrison & Patterson, who offer valuable land for sale.

The Route South.—The Charlotte, Columbia & Augusta Railroad is advertised as the safest, most expeditious and comfortable line of travel in going South or West. Mr. Louis Zimmer is Special Agent for this and other routes. Mr. J. A. McConaughey is local agent.

Mr. T. W. Taylor of Henderson Co., N. C., who was recently elected to the State Senate, shot a Mr. James Osborne for the alleged seduction of Mr. Taylor's daughter. The shooting took place at Hendersonville a few days ago. The wounded party will recover.

Buffalo prides itself on a sunflower plant ten feet high, and nearly four feet in diameter at the part where the leaves are largest. It now contains more fifty full blossoms, besides a number of profuse buds, and is just as happy as it is possible for so big a sunflower to be.—Exchange.

A very small sunflower indeed. The Rev. Mr. Crawford of this place has one in his garden the stalk of which, at the base, measures 15 inches in circumference, is ten feet high, with branches extending nine feet in diameter and has 175 blossoms. It was crowded almost to death with corn and other growth, and didn't have a chance to do its best.

Notice.—Persons visiting the printing office are respectfully requested not to mix up or talk with the compositors. Loud talking and laughing are positively forbidden in all well regulated printing offices, and in the future this regulation will be enforced by us.

They have Sunday School swimming parties in Beecher-land. This is perfectly consistent with Beecher-Tilton-ism, and we have no doubt the young ladies and their sainted teacher greatly enjoy it.

They are getting up a Circus Company at Raleigh. It is said it will be ready to take the field by the middle of October.

The academy near the Presbyterian church is under going repairs.

The article in our last paper about the funeral of the Stames Twins, was taken from the Salem Press. Credit was unintentionally omitted.

We regret to hear that Col. McLeod Turner accidentally fell on the streets in Asheville a few days ago, and broke his arm.

Dr. Thomas P. Atkinson of Va., and formerly editor of the Danville Reporter, died of apoplexy at Buffalo Springs in that State, a few days ago.

On The Tapis.—Madam Remor says that there are five or six marriages to take place in this city in about that many weeks. We do not vouch for the rumor, but hope it is true, as there is nothing like marrying and giving in marriage.

One of Brigham Young's wives, has sued for a divorce. Brigham in response to the complaint of Ann Eliza, the obstreperous spouse, admits that celestial or plural marriage is only an ordinance of the Mormon Church, and outside of the pale of the law, and that legally he has only one wife. This admission is creating quite a sensation among the polygamous family.

The Concert.—Signor Silvano has been amusing and interesting our citizens the last few nights by his wonderful feats in magical art, and as a ventriloquist. He is a veritable magician, and his skill in legerdemain, illusory manipulation, and his wonderful control of electrical agencies are astonishing to all who have seen him. His performance is really wonderful. His method of distributing gifts is fair and unobjectionable. Everybody goes to see him.

State Fair.—We have received from the clever and worthy Secretary, Mr. R. T. Fulghum, a copy of the premium list, issued by the North Carolina Agricultural Society. The fourteenth annual exposition of this Society will begin at Raleigh, on the 10th of October next, and will last one week. It is intended, if possible to make the forth coming exhibition the most complete in all particulars ever enjoyed in this State. \$10,000 in premiums are offered, and all the necessary arrangements have been perfected to meet the wants of exhibitors, and to secure the comfort of visitors. See Ad in another column.

Our Fair.—We see that the Bill Posters have been around Town, posting up the Fair Bills; They are very handsome and make a beautiful appearance. They were printed in Cincinnati, but it is only fair to state that all the rest of the printing was done in North Carolina and the only reason that any of the work was done outside of the State is because there was no press in the State capable of printing billboards large as the Association desired. The work goes bravely on in the Fair grounds and every preparation is making to have the grandest exposition ever seen in Western North Carolina. Many entries have already been made and the Secretary is busily occupied in sending Bills, Premium Lists &c., to all parts of the State.

A Good Sign.—We notice lately that a great many improved plows are going to the country. For the last ten or fifteen days a wagon has rarely left town without taking a Watt or a Moneyplo, some times two or more. This we think a good sign; for we feel satisfied that the products of our soil can be greatly increased by an improved system of farming. Good farming tools and good deep plowing are especially essential to fine yields. We suspect that the Granges have had something to do with introducing improved Plows and other utensils on the farms. At least their tendency is to improve the present system of farming. That is all our farmers need to make them the most independent, most respectable, and most influential class of our population.

ROBBINS—4,373 MAJORITY.—The enthusiastic renomination of Maj. Robbins to Congress in the 7th District, presages the brilliant and overwhelming and unprecedented victory he has achieved. He has carried our banner proudly, and in common with the whole District we rejoice over his victory.

He has swept every county in the District—something unprecedented in the history of our party. The gain in the District is over 2,500. The gain in Wilkes—the home of Cook—is over 500. If your vindication from the base calumnies, circulated throughout the District by his apostate opponent is needed, it is to be found in the most brilliant victory ever gained in the State. If there is such a thing as shame in them his maligners and traducers ought to hang their heads.

The following is the official vote of the 8th Judicial District:

Table with 4 columns: Name, Wilson, Bailey, Dobson, Joyce. Lists names like Surry, Yadin, Davie, Rowan, Davidson, Forsyth, Stokes, and their respective vote counts.

Let all profane swearers read the Tablet printed in profane, issued by the Genl. General Linnaeus, May 22, at Pointe La Reine, in which the General warns his soldiers that the violation of the following article of the penal laws will be rigorously enforced against all violators. "He who blasphemes the holy name of God, of the virgin, and of the saints, will be immediately seized and chastised, the first time by the gag, which shall bear two hours in the morning and two hours in the evening; the second time, after having been bound to a post, and if he repeats his sins without faith, he shall be hanged by a hot iron by the hand of the hangman, and afterward be ignominiously expelled from the regiment on the decision of the Council of War."

TO THE Wholesale Trade. Judging the future by the past, we enter with confidence upon this our new enterprise of separating our Wholesale from our Retail Trade, by having a separate and distinct House for each; and in doing so we flatter ourselves that it will not only meet the approval of our numerous customers, but that an "Exclusive Wholesale House" will bring us a large influx of new trade, and of a character not heretofore enjoyed.
