We would add that Dr. Shimpock took an active part in effecting the establishment of this church at the above named place. Much taken by him in this matter.

An Outrageous Libel. - The vile. filelous, filthy document that has been sold in this section as the life of the late notorious John Allen Ketchey, has very faturally given rise to the question, is there no law to suppress the sale and circulation of such indecent slanders? There should be if there is not. Parties who sell such stoff may be proceeded against for libel, but this is not enough. There should be a law to suppress a document that is not only a vile slander on promineat citizens, but a gross outrage on the community in which it is circulated.
