

When God threatens, that's a time to repent; when he promises, that's a time to believe; when he commands, that's a time to obey.

Remember that every word you utter wings its way to the throne of God, and it is to effect the condition of your soul forever.

However many the characters of men, however various their experience, it is one thing and all are alike. There is but one way at last to the gates; there are no inlets of ground before the mercy seat.—*Anna Warner.*

Alexander the Great had a cowardly son who dishonored his name, and the Senate voted that as that man did not sustain the character of his father he should not be permitted to bear his name. And every one who has taken on the name of Christ, ought to adorn the doctrine or renounce it.

A week ago the Plymouth congregation offered up prayers for Mr. Milton. On Thursday night it wanted "to knock bell out of Mr. Milton." The old Adam is still strong in these specimens of liberal Christianity.—*N. Y. Herald.*

To-day let our heart overflow with love to God; love to our neighbor. In the love of this love may each harsh word and unkind thought be drowned. To-day let us be patient, virtuous and truthful. To-day may we strive to make home pleasant, and those around us happy. To sum it all, let us daily endeavor to live a true and earnest Christian life.

Attorney general Hargrove in a communication to Governor Brogden, gives it as his opinion that Judges of the Superior Court in the districts holding election have possessed no judicial functions since August 1st, the day when their successors were elected. Under this decision all acts of Judge Clarke since August 1st are invalid.

Applications has been made at the Adjutant General's office for arms by a new volunteer company recently organized in Salisbury. It is colored, and represents itself as having the full number required by law, and duly organized. We suppose, of course, the arms will be forwarded at once.—*Newbern Times.*

H. W. Fries, of Salem, has been elected to fill the vacant Directorship in the North Carolina Railroad. John E. Harrison, of Raleigh, and John A. Randall, of Concord, have been elected to serve on the Finance Committee. These elections took place at a meeting of the Board of Directors at Company Shops several days ago.

We learn that Adjutant General Gorman has been notified by the ordnance officer at Washington City, and there are now arms in his department due the State of North Carolina to the value of \$45,956.36 now ready for delivery. General Gorman will at once make the necessary requisition, and when received they will be issued to the various volunteer companies now organizing in the State.

"What is this for?" asked the porter at the hotel, Long Branch, the other day, holding out a twenty-five cent note given him by the gentleman addressed for carrying up his trunk. "That," said the gentleman, taking the note and putting it back into his pocket, "was for your trouble, and this is for your impudence," and he kicked him eleven feet, nine inches and a half into the hallway.

Recently a swimming match was arranged to take place at Eastbourne, England, between a fisherman and a mastiff dog. But there was no race, because the dog, once in the water with the man, supervised his duty there was to save the latter's life, and persisted in his endeavors to keep the man afloat by thrusting his head under his opponent's chin.

FATAL ACCIDENT.—Mr John Ewing, aged 18 years, was killed in Mallard Creek Township, on last Friday afternoon, while engaged in digging a well. He was at the bottom of the well when a rock fell from the top striking him on the back, injuring him so that he died in about an hour. The young man was severely injured while digging Mr Wm. Rankin's well in Sharon Township about a year ago.—*Charlotte Democrat.*

That Democratic victory in Wilmington, Delaware, on Tuesday last, points to still more glorious ones for the whole state in November next. The *Delaware Gazette* says: "It is only another step showing the direction of the minds of the whole people of the country are averse to the longer continuance in power of a party that has proved itself a mass of corruption in every State where it has had an overpowering hold on power."

A relative of Edgar A. Poe's is preparing a mine which when touched off, he thinks will knock Henry W. Longfellow higher than a kite. His "statement" will show Poe under the same of "Hindwale," and that when he died the manuscript was in Longfellow's hands. The latter afterward published it as his own. As a character doesn't seem to count for much in these days, perhaps Mr. Longfellow had better "step down and out" at once.

TO DAY.—To-day I do appreciate its value. Well-spent days are sparkling drops in Eternity's ocean. They are shining gems scattered all along the peaceful pathway which leads to happiness; the world is panting in its wild chase for happiness. Oh, why do many, with all their strivings, fail to obtain it? It is because their eyes are strained on some delusive Will-o'-the-Wisp, ever flitting about the shadowy mist of to-morrow, while, 'neath unheeding feet, the golden hours of to-day are trampled. To-day, so fraught with precious opportunities, let it not be wasted.

NORTHERN DEMOCRACY ON SUMNER'S BILL.—All the Democratic State Conventions recently held have denounced the Civil Rights Bill. That was expected to be sure, but still more so, because they are shining gems scattered all along the peaceful pathway which leads to happiness; the world is panting in its wild chase for happiness. Oh, why do many, with all their strivings, fail to obtain it? It is because their eyes are strained on some delusive Will-o'-the-Wisp, ever flitting about the shadowy mist of to-morrow, while, 'neath unheeding feet, the golden hours of to-day are trampled. To-day, so fraught with precious opportunities, let it not be wasted.

A case of terrible cruelty to children has come to light in New Orleans. A woman named Zeigler has been in the habit of beating her step-children until they have become idiots. They were confined for days at a time in a cellar overgrown with vermin, where rats would gnaw at their toes. They were held under streams of cold water, and whipped while blood dripped from their extremities. The subject seems to have been to kill them, but the result was only to reduce them to idiocy.

A NEWLY FORMED ISLAND.—Massachusetts papers report that a portion of Winchendon, Mass., covered with grass, cranberry vines, whortleberry bushes, and over 400 trees, recently floated into Monomack Lake, between Rindge, N. H., and Winchendon, Mass. The newly formed island was first seen near the town of Rindge on May 30. The following day it again floated off about two miles down the lake, but on June 2d, returned to its first place of anchorage. The island covers six acres, and is in a lake covering an area of 2,500 acres. It was probably started from the natural site by the lake being emptied by a Yankee trick for attracting Summer tourists to the lake.

A GOOD RESULT OF THE BEECHER BUSINESS.—Some months ago a most estimable lady of Richmond had her mind disordered on the subject of woman's rights, and we believe went so far as to appear on the stage on the occasion of one of two lectures given by its advocates. She was sent to the Lunatic Asylum here. A few weeks ago she heard the story of the Beecher business and the way that Susan Anthony, Gady Stanton and others, women's rights, were mixed up in it, and was so disgusted with it that her mind commenced improving on the spot, and in a few days she was discharged and sent home to her family.—*Stantonian Visitor.*

About twenty miles from Berlin is situated the village of Spenburg, noted for the deepest well that has ever been sunk. Owing to the presence of gypsum in the locality, which is at a moderate distance from the capital, it occurred to the government authorities in charge of the mines to obtain a supply of rock salt with this end in view, the sinking of a shaft of well sixteen feet in diameter, was commenced some five years ago, and at a depth of 280 feet the salt was reached. The boring was continued to a further depth of 960 feet, the diameter of the bore being reduced to about thirteen inches. The operations were subsequently prosecuted by the aid of system until a depth of 4,194 feet was attained. At this point the boring was discontinued, the borer being still in the salt deposit, which thus exhibits the enormous thickness of 3,907 feet.

THE NEW FAMILY SINGER SEWING MACHINE. We claim and show that it is the CHEAPEST, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen thread, cotton line or coarse, making the IRON-LOCKED-ELASTIC-STITCH, alike on both sides of the fabric sewn. Thus, heavier cloth, or leather, may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and ever-wearing instrument may be adjusted for the work on gauze or gossamer (tulle, or one tucking of tarlatan, or ruffling, or almost any other work which delicate fingers have been known to perform.) And with its simplicity of construction; ease of operation; uniformity of action at all speeds; capacity for range and variety of work; fine or coarse—leaving all rivals behind it. We wish pleasure refer the public to the Gold and Bronze Medals and Diplomas awarded to our Machines in America, Prussia, England, and recently in Austria at the Exposition in Vienna, where we were awarded five Medals, Major, First Prize, and three for articles manufactured on our Machines. But in view of the great pressure, to present to the public the same returns of sale, to which any one can have access of the different Manufacturers of Sewing Machines, for the year, made of this Sewing Machine, and which shows the precise number of machines sold by each Company.
