What the Flower Said

Lonely and sweet a violet grew The meadow weeds among. One morn a rosy shepherd maid, With careless heart and idle tread, Came by, Came by, The meadow lands, and sung.

"Ah !" said the violet would I were Some stately garden flower ! Then I might be gathered and pressed One little hour to her sweet breast : Ah, me! Ab, me! Only one little hour !"

On came the rosy shepherd lass With heart that idly beat, And crushed the violet to the grass, It only said, "How sweet ! How sweet !" it said with fainting moan "If I must die, to die alone For her, For her-To die at her dear feet." -Old and New,

That there has never been a day for two years when the Kellogg administration could sustain itself without the help of the Federal army we have all known but none of us at the North were aware how empty and unsubstantial this fabric of usurped power reall was until yesterday. One faint demonstration against the barricades exhausted it. The revolt lifted its head at sunset, and in the morning the government of Mr. William Pitt Kellogg had atterly vanished. Mr. Kellogg had just enough strength to call upon Attorney General Williams for "more troops," and with this characteristic and familiar cry he went into ignoble retirement. It is just as we would have it. There is a stern poetic justice in the complication of events which throws upon the power that first thrust him into the governorship the odious task of putting him back the again after the people have expelled h

We claim and can show that it is the CHEAP EST, most beautiful, delicately arranged, nicely adjusted, ea-ily operated, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the INTER-LOCKED-ELASTIC-STITCH, alike on both sides of the fabric sewn. Thus, beaver cloth, or leather, may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of tarlatan, or ruffling, or almost any other work which delicate fingers have been known to perform.

And with its simplicity of construction; ease of operation; uniformity of PRECISE action at any speed; capacity for range and variety of work,

fine or coarse-leaving all rivals behind it. We with pleasure refer the public to the Gold and Bronze Medals and Diplomas awarded to our Machines in America, Prussia, England, and recently in Austria at the Exposition in Vienna, where we were awarded five Medals, Merit, Progress, and three for articles manufactured on our Machines. egar Bitters are a purely Vegetable preparation, made chiefy from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS!" Our answer is, that they remove the cause of disease and the patient recovers his health. They are the great blood purifier and a tife-giving principle a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and V sceral Organs 's Billous D:seases

The properties of DL WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Lazative, Diuretic, Sedative. Counter-Irritant Sudorific, Altertive, and Anti-Dilious.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illipois, Tennessee, Cumberland, Arkansas, Red. Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Boanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerfal influence upon these various orgaus, is essentially necessary. There is no cathartic for the purpose equal to DE J. WALKER'S VINEGAR BITTERS, as they will speedily remove the darkcolored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitatation of the Heart, Inflammation of the Lungs, Pain in the region of the Kid neys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. MORE RECONSTRUCTION .- The New York Post says: "It is a peculiarity of the ruling party in many of the Southern States, that, when it is no longer able to support itself by a majority of votes or through fraud, it at once taks for more "reconstruction." The CLAYTON party in Arkansas is a signal instance of the truth of this remark. That party retires from the political field and refuses to make nominations under the pretext that the new constitution was illegally made and adopted-and it appeals to Congress for more reconstruction to enable it to recover the power it obtained by usurpation and lost by unblushing frauds and yillainies.

Rice paper is made in China from the pith of a great tree ; not at all as we make cutting it into thin slices. And thousands of years before Moses was born the-Egyptians made paper from the great papyrus, or paper reed, by carefully peeling out the thin layer between the bark and the fleshy stem, and pressing and drying the pieces into sheets. Swellings, Ulcers, Erysipelas, Swelled Neck, Gaitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Discases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood. Mechanical Diseases.-Persons en-

gaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VIN-SGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Sputs, Pimples, Pastules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the ase of these Bitters.

Pin, Tape, and other Worms. lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminitics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible. Cleanse the Vitiated Blood when-

ever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and TNO MATTER WHAT THE AGE! Prof. Steele says : "One bottle of Kearney"
