

Lent began last Wednesday.

The snow was falling fast, the wind was whistling merrily through the streets, and the sun was shining with increased brightness, all in this city, at the same time, on last Sunday evening.

Salisbury has a euchar club.—Send 'em a missionary.—News.

Gen. J. C. Gorman has been elected Mayor of Raleigh by the Commissioners, vice, J. W. Holden, deceased.

A Fine Calf.—Mr. H. G. Miller killed, a few days ago, a calf 7 weeks old that weighed 112 pounds. We think that was a fine calf.

Some people are very fond of walking these cold nights, we have heard of one young man that did not stop until about 12 o'clock on a certain night not long since.

Capt. W. F. Avery, of the Charlotte Observer, was married last week to Miss Loma Atkinson, of Princeton, Johnson county. The ceremony was performed by the Rev. Albert Smedley, D. D. of Raleigh.

Rural Carolinian.—We are in receipt of the February number of this most excellent magazine. As an agricultural journal, it is far superior to all others we get. It is gotten up with special reference to the Southern section of the country, and is well adapted to the wants of our people. Printed at Charleston, S. C., for \$2.00 a year.

Changed Hands. We understand that the Gold Hill mines have again changed hands. Messrs E. Mauney and Co. now taking charge. We are glad to see this valuable property fall back into the hands of our own native citizens, and especially such enterprising and responsible gentlemen as the Messrs Mauney and son. There is promise in this change.

Our Living and Our Dead.—This splendid N. C. Magazine for February is in our table. It is the cheapest and most interesting periodical printed in the South.

The serial stories, by the distinguished authoress, Miss Fannie Fisher, and by Mrs. C. W. Harris, grow in interest. Other contributions and selected matter are very fine, and upon the whole, the number is a most excellent one, priced \$3.00 per annum. Address Col. S. D. Pool, Raleigh, N. C.

The Night School.—We are glad to be able to state, that our suggestion of last week, in regard to the establishment of a night school has already excited prompt action in the matter. Mr. A. W. Owen—the very man for the position—informs us that as soon as he can perfect the necessary arrangements he will open the school; this will be probably within the next fortnight. In common with all who desire the elevation of the race, we are gratified at this prompt action, and trust that Mr. Owen will meet with the success he deserves in his laudable enterprise.

Improvements.—Mr. David R. Julian is pushing forward to completion with his accustomed energy, his elegant dwelling on Main St.

Our worthy townsman Mr. John Fraley has recently completed a comfortable residence on Fisher St., and Mr. Stephen Shuman is now erecting one in the same neighborhood.

Mr. J. W. McKenzie is erecting a spacious dwelling on Ellis street.

Go it boys! We'll build up the old Burgh yet, croakers, dead heads and old fogies to the contrary notwithstanding.

We are glad to see our young friend Mr. A. C. Harris upon the streets again. Mr. Harris has just recovered from a severe illness.

We don't know whether it is that nobody dies or gets married in Rowan, or whether their friends don't want anybody to know it. Any way such events are very infrequently reported to us. If our friends don't furnish us such information, more promptly we'll go to publishing the list of births just for devilment. And then won't the fellow with a constantly increasing list of gal babies feel bad!

Bona Hussey and Mallard of the Statesville Landmark were both at the fancy dress ball on Monday night last. You just ought to have seen Mallard smiling, while Hussey looked mighty like he was saying to himself: "Backward, turn backward oh time in thy flight, And make me young again, just for to-night."

Be sure to vote for the Rail Road next Monday.

Mayoral and Magisterial.—Nothing to report in either one of these courts. Salisbury is the most orderly and law abiding place between the two oceans.

Died.—We regret to hear of the death of the wife of the Rev. W. H. Cane, of this county, which occurred last Monday. Obituary next week.

R. E. G.—At the meeting on Tuesday night last A. K. Merichson was elected third Lieutenant vice M. A. Vanderford resigned. Three additions were made to the list of the Company.

We are glad to see that our public-spirited business men are subscribing funds to be used in improving the Mckeelsville roads, both new and old, leading into the town. This will be money well spent, and we trust that the wagon trade from the up country will appreciate this action.

Lieutenants Thos. C. Whitehead and Eugene M. Wilson of the Rowan Rifle Guards, attended as delegates the mass meeting for the purpose of arranging for the coming Centennial celebration. Lieut. Wilson was placed on the committee of arrangement, and Lieut. Whitehead on that of invitations.

"When the devil was sick, the devil a saint he would be,
When the devil got well, a devil of a saint, was he!"

He said he "wouldn't do any more," that young man who got sick after the last Hop, but there he was at the Fancy Ball last Monday night. Who would a think it!

"Write on the sand while the tide is low,
The vows of men are broken so." &c.

Life Insurance appears to be unusually brisk just now, and agents are very solicitous to secure every body's family from want. If every man in town don't get a Policy now it will certainly be his own fault. Insure your lives, gentlemen, it will secure our back subscriptions, and then the widow can marry to so much better advantage, you know.

Regular Meeting of Fulton Lodge No. 99, A. F. & A. M. will be held every Friday night.

Officers for the present Masonic year: Charles Gordon, Master; J. F. Ross, Senior Warden; B. F. Rogers, Junior Warden; E. B. Neave, Senior Deacon; J. Wallace, Junior Deacon; V. A. Brown, Treasurer; L. V. Brown, Secretary; A. A. Smith, Tyler.

Vote for the Rail Road next Monday.

Debating Societies.—We are glad to learn that the young men in different parts of the county, are forming debating clubs for discussion of interesting and current topics. Such associations are highly improving, and should be encouraged. By-the-way, could not one be started here, of first-class material? Who speaks first?

Carolina Fertilizer.—Attention is called to the advertisement of this fertilizer in another column. According to the observations of the editor of the State Journal, Capt. J. R. Thigpen, the Carolina Fertilizer is very superior to all others as applied to cotton, and equal to any other if not better for other crops. It can be purchased of Mr. J. A. McConaughy in large or small quantities.

In the Superior Court of New Hanover, last week, it was decided by a jury that a stockholder in a North Carolina local bank (the Commercial Bank of Wilmington, which did business before the war) was not liable to the creditors of the bank for double the amount of his stock in the bank.—Charlotte Democrat.

Every man liable for a poll tax, and who fails to list himself for taxation, should be indicted. Every voter should be made to pay a poll tax at least. No Board of County Commissioners, hereafter, should allow exemptions to Sheriff on account of so-called insolvents—especially for poll taxes.—Charlotte Democrat.

The American Newspaper Advertising Agency of Geo. P. Rowell & Co., New York, is the only establishment of the kind in the United States which keeps itself persistently before the people by advertising in newspapers. They evidently receive their reward, for we have it from a reliable source that advertising orders issued by them for their customers have exceeded three thousand dollars a day since the commencement of the year, and this is not a very good year for advertising either.

CAMERON ELECTED TO THE UNITED STATES SENATE.

MILWAUKEE, Feb. 4.—The election of Mr. Cameron was brought about by the coalition of the Democrats with the bolting Republicans. The latter offered the Democrats four names from which they might choose a candidate. Judge Cole, Ex-Governor Lewis, Gen. Gappay and Hon. Angus Cameron. The Democratic caucus last night nominated Mr. Cameron conditionally upon his acceptance of the platform that includes hard money tariff for revenue only, and the supremacy of civil authority in time of peace. Mr. Cameron, Livingston County, New York, in 1826. He came to Wisconsin in 1857, and has served six years in the State Legislature, and was Speaker of the Assembly in 1867. He is a lawyer and a prominent member of the Episcopal Church.

Grand Fancy Dress Ball. The Re-opening of the Boyden House.

The Ball given at the re-opening of the Boyden House on Monday night, Feb. 8th, was, we are of the opinion far a head of anything of the kind ever before seen in our city.

To attempt to describe all the numerous costumes is impossible, we give however a list of characters, which was adopted, and well acted.

We cannot refrain noticing further some of those beautiful costumes. "Conqueror States," with a crown of eleven stars on her head, from which hung a black veil, around her neck and arms chain; from her shoulders, streamers of red white and blue, with the names of hard fought battles inscribed on them. Her dress, which represented that once glorious banner around which our fathers and brothers used to rally and for which they died was decked with photographs of the most prominent Generals of the late war. It was most beautifully gotten up and reflected most credit on the wearer.

The prince in white, was decidedly the handsomest dressed gent in the room, much taste was displayed in the selection of his costume, and produced a most happy effect.

The music, flute, violins and harp, an Italian orchestra, was elegant. The called seemed to have been thoroughly acquainted with the art of elocution, he called the figures with much vehemence at the same time gesticulating as if in the midst of a great argument.

Mr. Linton deserves much credit for what he has done in the way of building up the Boyden House. Salisbury can now boast of two as good and well conducted Hotels as any place of its size. No traveler need have any fear, but that he will find as good accommodations here as elsewhere.

Insurance Agency of J. Allen Brown, Office Main St., Salisbury, N. C.—Representing assets of (Fire & Life) of over one Hundred Million Dollars, consisting of Foreign and Home Companies of the highest grade.

As to Life, he can place parties in almost any Company desired. Arrangements may also be made with some of his Companies for the loan of money here, at a reasonable rate of interest, and will not require parties to insure unless wishing to do so.

Fire risks written at the lowest adequate rates. As regards rates would say he does not pretend to compete with the many "Wild Cat" Co's., that write at any rate the party wishes. Though should any one want this kind of cheap insurance, he can have it written for them at such rates as they are willing to pay, but will not recommend such Co's. if

A Triumph Over Humbug. It is not difficult to alarm the timid, and invalids are proverbially so. Aware of this fact, the vendor of pseudo bitters, "entirely free from alcohol," has raised a false cry against tonic preparations containing spirits, and no doubt has frightened a few sick folk into purchasing the fermented rubbish, which they sell, and which is infinitely more injurious than the vilest drams drunk at tavern bars. But already a tremendous reaction has set in against these abominable nostrums, which, being devoid of the alcoholic basis which alone prevents liquid botanic preparations from turning sour, decompose almost as soon as made. Hostetter's Stomach Bitters has lived and will live down multitudes of such imposters. A regular recurrence of the demand for the great alterative invigorant from those who have always been its patrons, shows that they have not swerved in their time-honored allegiance to America's most popular remedy, and a constant influx of new orders demonstrates how little impression, after all, the blatant denunciations of the mock bitters men have made upon the general public. So long as Hostetter's Bitters continues to be manufactured and sold, it will continue to cure, and prevent intermittent ailments, fever, dyspepsia, constipation, kidney disease, and the numerous other ailments to which they are adapted, they will continue to dominate the factions opposition of humbugs, and that will be just as long as they are manufactured and sold. Be it known unto all bogus nostrum vendors, of every degree of audacity and knavery, that they can never hope to puff themselves into public favor at the expense of Hostetter's Bitters, the reputation of which is founded, as it were, upon a rock.
