THE NEW FAMILY SEWING MACHINE

EST, most beautiful, delicately arranged, nich adjusted, easily operated, and smoothly rusting of all the Family Sewing Machines. It is markable not only for the range and variety its sewing, but also for the variety and different kinds of texture which it will sex with facility and perfection, using silk twist, linear cotton thread, fine or coarse, making the ISTE LOCKED-ELASTIC-STITCH, alike on both sides the fabric sewn. Thus, beaver cloth, or leather, may be sewn with great strength and uniformit of stitch; and, in a moment, this willing as never-wearying instrument may be adjusted in fine work on gauze or gossamer tissue, at at tucking of tarlatan, or ruffling, or almost as other work which delicate fingers have been

of operation; uniformity of PRECISE action at any speed; capacity for range and variety of wat, fine or coarse-leaving all rivals behind it We with pleasure refer the public to the Gall and Bronze Modals and Diplomas awarded w our Machines in America, Prussia, England, and recently in Austria at the Exposition in Viens. where we were awarded five Medals, Merit, Pregress, and three for articles manufactured on our Machines. But it gives us much greater pleases, to present to the public the sworn returns of mit, (to which any one can have scoess) of the difeent Manufacturers of Machines, for the lastise years, made to the receiver appointed by the owners of valuable Sewing Machine Patents, and which shews the precise number of machine

known to perform.
