THE EUPEPTIC SPRINGS

Located in Iredell County, North Carolina,

Fifteen miles from Statesville, which is on the W N. C. R. R., and terminus of the A T. & O R R, have for many years had quite a local reputation for curing Dyspepsia, Chille, Dropsy. Scrafula, Rheumatism. Amenorrhea, Chlorosis, Hysterm, Culaneous and other Discuses arising Jropi a derarged Liver, or other inter nal organs.

The Mineral properties of the water of the Spring longest known are so admirably combined that invalids and children drink it with avidity, and in large quantities, without injury to the omach. From my own experience and observation for over six years, I am fully satisfied there, is no water in this country superior (if equal) to this, to build up broken down constitution; especial-

is those perve exhausted patients, permaturely worm flown by excessive mental labor. An in valid sleeps here equally as well as up the seasine, lor these reasons, viz: The water has the effect of producing steep, and there are two ravines that meet here, making from the limsby Mount ins on the North and Northwest, which bring currents of mountain air that give coof nights, even in the most surry wentler.

Several other staneral Springs have recently been discovered, so that persons needing different kinds of water may flud them here. Paere are also Free Stone Spring on the place affording abundance of water for washing and

For a number of years the water of one of the Mineral Springs has been used for culinary purposes, and has imported equally beneficial effects to winter as well as in summer. The object of the proprietor is to make this a quiet retreat for invatids, where every comfort may be had at all seasons of the year, and for less money then at any watering place in the Uni- ger in having their prescriptions compound-

Having in course of erection additional buildings sufficient to accummedate a large number Feb. 18th, 1875 .- tf. of persons, good board at reasonable prices can be had at private houses, on the grounds. Familes wishing to board themselves, may rent a neat and comfortable two story frame cot tage with stone chimney and two fire places, and have the privilege of water, wood, bathing house, wash house, stables, &c., at \$5 per week, payable weekly, or \$50 for the season, if paid in advance. One story house and named privileges for \$3 per week or \$30 for the season. Dis-

count as above. Heavy articles of furniture, such as bedsteads, chairs, tables, and cooking vessels, will be furnished each family desiring them at \$1 per week, or \$10 for the season. Milk, butter, vegetables, &c., will be kept by the Proprietor to furnish families at prices as low as the country will afford.

The water will be sent in barrels to invalids, delivered on the railroad, at ten to twenty cents

per callon; or in bottles at the same per quart, if the packages are returned. Competent physicians, who live near, will be pleased to attend on the sick, but in their absence the Proprietor will furnish medicines and give advice for reasonable compensation.

A comfortable chapel has been fitted up for Divine Service and school purposes; efforts are now being made to secure a competent teacher. A good library and several good family papers will be kept in the reading room for the use of guest, and the children and youths will be furnished with instruments of music, athletic games, &c., free of charge.

Good horses, vehicles and careful drivers will be kept for the accommodation of guest at moder-

Ample livery accomodations can be had at Statesville. As a sudden transition from the low countries to the mountains, or vice zerse, is often attended with very great risk to persons unaccustomed to such changes, it may be economy, and a pleasure to those who wish to visit the mountains in the summer, to call at these Springs in passing to and fro, not only to make the trip more gradural, but to prepare the system for the change.

The health of my family and self were greatly impaired by living in a miasmatic region for a number of years; to recuperate, we came to this place six years since. Our health has been fully

restored by these waters. That the public may have some idea of the curative properties of the water, a few testimonials are appended.

These certificates were given in regard to the Spring in use for a number of years, the others were recently opened, and as soon as an analysis can be had, the public shall be advised of their
