

Carolina Watchman.

LOCAL.

NOVEMBER 18, 1875.

The good ordinance is to be rigidly enforced. Goat owners had better lookout.

It is believed that the town will assume all the indebtedness of the Fair Association, and relieve it from all embarrassment.

There will be preaching at Meroney's Hall, on Sunday, Nov. 22nd, at 3 o'clock, P.M., by Rev. J. B. Boone, of Statesville, N.C.

Ten Cents.—Since Mrs. Dr. Summerell's experience with the burglar some weeks since, the ladies all go to bed now with a ten cent shipplaster under their pillows, so as to be ready for emergencies.

The National Grange is in session at Louisville, Ky., this week. Our State is represented by Dr. Columbus Mills, and Mr. A. T. Mial, of Wake.

Some of the Eastern N. C. papers are advocating the erection in the capitol square at Raleigh, an equestrian statue of General Robt. E. Lee.

G. J. STARR, the celebrated Raleigh Candy Maker, is in town, and is going to open to-morrow at Mr. J. D. McNeely's old stand, near the National Hotel, where he will make and sell all kinds of plain and fancy candies. (1)

HICKORY FAIR.—was a success, notwithstanding a day or two of bad weather. The Press gives a lively and interesting account of it. We regret our inability to attend it.

The Rev. Dr. T. H. PRITCHARD, of Raleigh, preached at the 1st Presbyterian church, Tuesday night. The attendance was not as large as it should have been, but we never saw a more attentive congregation. We hope the good seed sown may bring forth fruit a hundred fold.

NOTICE.—JOHN COFFIN NAZARO, the Theocrat of N. York, who one General Andrew Jackson recommended to the Hon. John C. Calhoun, will lecture, D. V., to-morrow night, at the Court-House, upon THE STATE OF THE COUNTRY. Admission, quarter of a dollar. Salisbury, Nov. 18th, A. D., 1875. It

"A student of North Carolina College," under date of "Mt. Pleasant, N. C., Nov. 15th, 1875," tells us of "a match game with the Gold Hill Base Ball Club" against the "Excelsior Base Ball Club of Mt. Pleasant, on last Saturday, which resulted in a victory for the Excelsiors," who made 37 runs and 27 outs, to 13, 27 by the other party. Our student friend should sign his name to his letters.

If the gentleman of Mt. Pleasant will send us his name, we will publish his communication on court's lip. It is a good thing, and we would like to publish it, but can't depart from our rules, and publish without the contributor's name.—Let us hear from you, and then you will hear from us.

The people of Mt. Airy, are discussing the importance of securing connection with Wilmington by railroad. They propose to go by Greensboro. If the people of Salisbury will just sit still they will soon be entirely cut off from the rest of the world with their trade and power to recuperate gone.

TRAMPS, are on the go now, and daily and nightly their ugly visages are poked through the doors of private houses, in ostensible request of bread, but really on the lookout for a good chance to steal. They always time their visits while the men folks are away, and in some instances are very impudent to the unprotected ladies of the house. Our lady friends would do well to set the dog on them whenever they call.

Be in time and insure your Buildings, Merchandise, Dwellings, Barns, and Contents, by calling at the Insurance Office of J. Allen Brown, who represents First Class Co's. (Home and Foreign) whose aggregate assets exceed Thirty Million Dollars. Nov. 4th 1875.

NEWSPAPER FOR SALE.—A valuable Newspaper, with type, presses, and all other fixtures, located in a thriving town in Eastern N. C., is offered for sale at a bargain. Has a good circulation and a steadily increasing patronage. The Editor of this paper will put any one meaning "business" in communication with the proprietor. Nov. 3rd, 1875.

PUBLIC RACKS.—Attention is called to the fact that there are no public racks in the place. Our business men and merchants should have this matter attended to. Our country friends who trade here, are often subjected to very great inconvenience for the want of some place to hitch their horses when they come to town. Every business house should have a rack in the rear for the accommodation of friends and patrons.

Strange.—We stepped into the sleeping apartments of one of our stores this morning and looking towards the bed was surprised to see the cover move. We kept our eye on the spot and presently it moved again as if something were kicking it. Moved by curiosity, we gently turned down the cover and behold, there lay, carefully wrapped, a lovely little creature that reminded us of "Moses in the basket," that we read of in the good book.

It was strange! The bed in the property of the two bachelor members of the firm. They knew nothing of our "little Moses," and asked us please not to mention it—and we won't.

FARMERS' PLOW.—We heard Mr. John L. Hedrick, one of the oldest and best farmers in Rowan, say a few days ago that he plowed a part of a field with Meroney's Farmer's Plow, and part—side by side—with old fashioned shovel plow, and that the corn plowed with Meroney's plow, is now ten inches higher than the other. Moral.—buy Meroney's Plow. Aug. 5.—S. m.

THE CHARLOTTE RACES.—Quite a delegation of our most prominent citizens left here this morning to attend the Charlotte races. A goodly number of Charlotteans visited our Fair, and now the people of Salisbury return the compliment. This is as it should be. We hope henceforth to see a better feeling and closer communion between the citizens of Charlotte and Salisbury.

McCubbin, Beall & Dean.—We are informed that this firm have duplicated their order for goods this fall and are daily adding to their stock. This shows business is not so dull as a good many of our people think. This firm advertises well, which no doubt accounts for their success. They buy a deal of cotton, and pay good prices for it. During the past week their purchases averaged fifteen bales per day.

Occurred to Him During the War.—Not long since we heard one friend remonstrating with another for being intoxicated, when, straightening himself up with the greatest assumption of offended dignity the tipsy man said—

"Drinking! hic—what year mean man? hic—think—hic—hic drinking do yer?" "Yes, and I'm sorry to say that of late you've been drunk quite frequently, my friend."

"Hic—hic—hic—hic—why this, hic, little drunk, hic, occurred to me—hic—during the war."

We learn from an occasional correspondent at Lincoln, that there was more sickness in that usually most healthy place during the latter part of summer and the early part of fall, than has been known there for 30 years; and yet there were but few deaths. The distressing visitation seems now to have passed, and citizens begin to realize how inestimable is the health which they enjoyed for so long a time.

Officers of the Fair Association.—At the meeting on Monday last, the following gentlemen were elected Directors for the ensuing year. Messrs. A. H. Boyden, P. B. Kennedy, S. R. Harrison, P. P. Meroney, Wm. Howard, A. J. Muck, S. E. Linton, P. N. Heilig, G. A. Bingham, Thos. E. Brown, D. L. Bringle and D. R. Julian. At a meeting of the above, Mr. A. H. Boyden was unanimously re-elected President, and Mr. B. F. Rogers declining a re-election as Secretary, Mr. Theo. F. Klutz was elected in his stead.

WHAT THEY'D RATHER HAVE?—In one of our Salisbury Sunday Schools, a young lady teacher concluded, the other Sunday, to ask her class of little girls what they would prefer having above all things else, supposing of course that they would answer like the good little girls in the Sunday school books always do. Mark the result and imagine her disappointment.

To first little girl.— "Now what would you rather have, above all things?" "Why, plenty of good bread, miss." "And what is your greatest desire?" to second little girl. "A nice new dress, miss," was the soft response. "I'm surprised at you children! And now Salie (to the third) what is your greatest wish and prayer?"

"A pretty watch and chain just like yours," chirped the little sinner. And the question dropped right there.

CRAZY.—The Commissioners of the W. N. C. R. R. ought to hire somebody to kill Joe Caldwell. Hear him in the Observer of the 17th inst.

NEW RAILROAD PROJECT.—"From reliable information, we gather that a bill will surely be passed through the next Congress to finish the W. N. C. Railroad. There will be a proviso to the bill, that the Black Mountain must be taken in the course, the railroad being graded around the cliff from base to summit. Engineers have computed that it will have to encircle the mountain 12 times to reach the apex. All the convicts in the Penitentiary of New York are to be engaged in this grand work, their services being obtained from the State at a comparatively low figure. Duck River is to be rendered navigable clear to the base of Mt. Mitchell."

Once more we begin to see prosperity dawning over our land. The shriek of the Iron Horse and the bell of the Steamboat will echo again and again in our mountain solitudes. All the freights from the great marts of the West, St. Louis, Chicago, &c., will pass through dear old North Carolina. Not only will the signal station on the Black be benefited by this grand and consummate arrangement of our legislature, but it will be a source of immense wealth to our native State. God bless old North Carolina, may also in one hand hold wealth and power and riches, and in the other, years and ages of peace and joy."

FAST HORSEBACK RIDING.—At a fair at Waco, Texas, lately, a horseman rode for a wager sixty miles in two hours and fifty-five minutes, using relays of ordinary Texas horses to the number of forty-two. His last mile was made in two minutes and seven seconds, and his time for the sixty miles was five minutes better than the best time ever recorded in this method of racing.

The Bankrupt.

It is estimated that of the number who launch their banners on the stormy sea of commerce, nine out of ten become bankrupt. Many things conspire to effect this result. Prominent among them is "living beyond your means." So it is in the physical world, possessed of strength and anticipations of a long life, we launch out in the quest of pleasure.

We live beyond our means; undermining our constitutions by extravagance in eating and drinking; by disregarding the natural laws of health, and ere we are aware of it we are bankrupt in body—Dyspepsia and Rheumatism, or liver complaint, or shattered nerves, or kidney disease or dropsy exhausts our physical capital and we are unable to meet the heavy drains upon our constitution. But you may say, "Check your extravagance and by the aid of Hygie's Pills, your broken constitution will be restored and the draffon the exchequer of health will never be dishonored."

THE XLIVth CONGRESS.

Mr. Shober, and the Clerkship of the House.

Congress meets on Monday, December 6. Politically, the Senate will consist of Republicans, 43; Democrats, 28; Independents, 2. Senator Booth, of California, it is believed, will act with the Democrats, which will give them 29, leaving the Republicans a majority of 13. The House of Representatives is Democratic by a very large majority. There are 292 members, and of these the Democrats have 178, the Republicans 108, and the Independents 6. The interest in the new Congress centres in the organization of the House. The greatest excitement will be over the election of Speaker. It has been eighteen years since a Democratic Speaker was elected. James L. Orr, of South Carolina (who lately died as Minister to Russia) was elected as a Democrat, on the 7th day of Dec. 1857, Speaker of the House of Representatives of the thirty-fifth Congress; and served until March 4, 1859. He was succeeded by William Pennington, of New Jersey, who was elected as a compromise Republican, after a protracted balloting of about eight weeks. On February 1, 1860, Galusha A. Grow, of Pennsylvania, was elected Speaker of the House of Representatives of the thirty-seventh Congress, which met July 4, 1861. He was succeeded by Schuyler Colfax, of Indiana, for the thirty-eighth, thirty-ninth and fortieth Congresses. And Mr. Colfax was succeeded by James G. Blaine, of Maine, for the forty-first, forty-second and forty-third Congresses. The Democratic majority in the forty-fourth Congress is so large that there is no doubt a straight-out Democrat will be elected Speaker. The candidates for this position who have thus far been spoken of, are chiefly Messrs. Kerr, of Indiana; Randall, of Pennsylvania; Cox and Wood, of New York; Lamar, of Mississippi; and Walker, of Virginia. It is generally thought the place will be given to a man either from the North or West. Messrs. Kerr, Randall and Wood seem to have the best chances.

The Clerkship. The Clerk is the next most prominent officer of the House. His duties are of very great importance. By a law passed in 1867, when the Republican party were in very great terror of President Johnson, the Clerk alone is empowered to decide upon the prima facie claim of a member, and there is no appeal from his decision. The salary of the Clerk is \$5000, per annum, with perquisites amounting to about \$1,000 more. He gives bond in the sum of \$20,000 for his discharge of the contingent fund of the House. The Clerk has the appointment of about seventy assistants clerks and messengers, whose salaries range from \$12,000 to \$3,000, per annum.

Who will be the Clerk? There are numerous candidates for this position, the most prominent of which are our distinguished Townsman, the Hon. Francis E. Shober; George M. Adams, of Kentucky; Stevenson Archer, of Maryland; A. D. Banks, of Mississippi; Thomas Whitehead, of Virginia; D. W. Dubose, of Georgia; T. T. Grierson, of Missouri and Ohio; A. Eldridge, of Wisconsin. It is believed that the Clerkship will be conceded by common consent to the South, which is understood not to advance any claims to the Speakership. From the number of candidates in the field, it is scarcely possible, that any one

will be strong enough to secure the prize upon the first ballot in the Democratic caucus. We are glad to learn, that our esteemed friend and excellent citizen, Mr. Shober, has assurances, that he will be strongly and influentially supported in the caucus by Democratic members from all sections of the Union, and that he has strong and well-grounded hopes of success. Certainly, no one could be selected, better qualified to perform the delicate and responsible duties of the position. There is no one who would fill it with more ability, ease, fidelity and courtesy; and Mr. Shober has such polished manners and popular ways about him, that he would give entire satisfaction to men of all parties and shades of politics. We believe he is the strongest man the Southern members could unite upon. His election would do great honor to the Democratic party of the country; and would be peculiarly complimentary and gratifying to that party in this State and to Mr. Shober's numerous friends of both parties, not only in this State but throughout the Union. It is unnecessary to mention, that Mr. Shober has the cordial support of the entire North Carolina Democratic delegation in Congress; and that they will use every honorable means to promote his election. He also has the moral support of the whole Democratic party in the State. As proof of this, we herewith call attention to the following resolution unanimously adopted by the Democratic members of the late Constitutional Convention, and which was signed by all the sixty-one Democratic delegates in that body:

"Resolved.—That the Democratic members of the Constitutional Convention of North Carolina, in full caucus assembled, unanimously present Hon. Francis E. Shober, to the Democratic members of the House of Representatives of the Congress of the United States, as eminently qualified for the position of Clerk of the House. That our party cheerfully recommend him to their favorable consideration, and bear testimony to his high moral character and unquestionable abilities to discharge all the duties of said office. That his election would be recognized by the Democratic party of the State as a compliment to the party; and one peculiarly gratifying."

Any man with such qualities and such testimonials deserves success. The old saying is, "that it is better to be born lucky than rich." We believe, that our friend, with all the other good things that are said of him, has the good fortune to have been born under a lucky star, and that in this instance his usual good luck will not desert him, and that he is going to win. We bid him God-speed!

X.

WILL THOROUGH CULTIVATION AND FINE STOCK PAY?—The State Fair, the Fair of Western Carolina at Salisbury and Tar River and Roanoke Fair at Weldon, have this season awarded in prizes to the products of the soil, improved stock and trials of speed of the Poplar Hill grass and stock farm, upwards of \$1,400. Mr. Jas. Norwood, who runs this farm, tells us that this amount will pay the entire expense of labor for the farm for 1875. He sells from 150,000 to 200,000 pounds of surplus forage every year. Good farming will pay.—Hillsboro Recorder.

A Train of Evils.

If weakness of the stomach is allowed to become chronic, the following evils supervene.—Dyspepsia is permanently impaired, the system is very imperfectly nourished, the blood becomes thin and watery, and the bile being unemployed for digestive and evacuant purposes, enters the circulation through the thoracic duct, and injects itself into the superficial vessels giving to the skin and whites of the eyes the saffron tinge indicative of biliousness. Headache, nausea, constipation, pains in the side, palpitations, heart-burn, dizziness, and many other harassing symptoms which accompany the internal derangement above described, which, if unchecked is as sure to be followed by serious diseases, as the rising of the sun by its setting. It is manifest, therefore, that an inability of the stomach to act upon the food should be overcome without delay. The invigorating influence upon that organ of Hostetter's Stomach Bitters is speedily felt in the disappearance of all the disagreeable symptoms alluded to. The prescribed mineral remedies for general debility usually fail to achieve any lasting result, because they do not invigorate the stomach; Hostetter's Bitters always succeed because that is their prime effect. The very fact that they are such an excellent stomachic constitutes them one of the best general tonics in existence. To restore digestion is the final step towards the recovery of health, when impaired by any of the multitudinous complaints which spring from dyspepsia, and that step will be found to have been taken by the invalid who has availed himself of this famous anti-dyspeptic remedy.

GREEN'S AUGUST FLOWER.

It is natural for people suffering with Dyspepsia and Liver Complaint or any derangement of the digestive organs, such as Sour Stomach, Sick Headache, Habitual Constipation, palpitation of the Heart, Heart burn, Water-brash, gnawing and burning pains in the pit of the stomach, Yellow Skin, Coated Tongue, and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c., to put off from day to day, buying an article that they know has cured their neighbor, friend, or relative, yet they have no faith until it is too late. But if you will go to your Druggist, Theo. F. Klutz, and get a bottle of GREEN'S AUGUST FLOWER, your immediate cure is certain as you live. Sample Bottles of this medicine can be obtained for 10 cents to try its superior virtue. Regular size 75 cents. Try it, two doses will relieve any case.

DIED. On the 16th inst. Elizabeth, daughter of A. L. Johnson, aged 16 years.

Depend on Your own Efforts.

Fight your own battle. Ask no favors of any one, and you will succeed a thousand times better than those who are always beseeching some one's patronage. No one will ever help you as you can help yourself, because no one will not be so heartily interested in your affairs. The first step will not be such a long one, perhaps; but carving your own way up the mountain, you make each one lead to another, and stand firm in that while you chop out still another. Men who have made their fortunes are not those who had five thousand dollars given them, to start with, but started fair with a well earned dollar or two. Men who have by their own exertions acquired fame, have not been thrashed into popularity by puff-begged or paid for, or given in a friendly spirit. They have outstripped their hands and touched the public heart. Men who win love do their own wooing, and I never know one to fail so signally as one had induced his affectionate grand-mama to speak a good word for him. Whether you work for fame, for love, for money, or for anything else, work with your hands, heart and brain.—Say, "I will!" and some day you will conquer. Never let any man have it to say, "I have dragged you up." Too many friends hurt a man more than none at all.

ARE YOU GOING TO PAINT?

MONEY, TIME, LABOR, Chemical Paints, so called, have proven failures; simply because the chemistry of their manufacture seems to consist in the quantity of water that is combined with the paint, by the addition of an Alkali, either Potash, Lime or Soda, &c. Chemical Paints containing water peel from the wood, and are not Economical, because they will not cover as much surface as Pure Paints. We offer our PREPARED PAINT with the guarantee that it is not a Chemical Paint; contains no Water, no Alkali, no adulteration, and is made of only such material as are used by the oldest painters. Our Paint will cover more surface than any Chemical Paint in the world. We authorize their sale, subject to the satisfaction of all buyers.
