

OVER AND OVER AGAIN.

Over and over again. No matter which way I turn, I always find in the Book of Life some lesson I have to learn.

Over and over again. The morning dews must fall, the sun and the summer rain must do their part, and perform it all over and over again.

Over and over again. The brook through the meadow flows, and over and over again, the ponderous mill-wheel goes.

Over and over again. The path that has once been trod is never so rough to the feet, and the lesson we once have learned is never so hard to repeat.

Over and over again. The Boston Globe says the daughter's husband was a son of Dr. Hammond. By a strange coincidence Dr. Hammond had left home about the same time with Mrs. Jersey.

A MYSTERIOUS ROMANCE OF THE SEA.

A woman was taken sick while on a passage from New York to Bermuda, Fla. A medical man on board, apparently acquainted with her, administered a dose of hydrate of chloral, which apparently resulted in her death in two days.
