We are authorized to announce ISAAC M. SHAWER, Esq., for the office of Sheriff of the County of Rowan...

To the Voters of Rowan County, I hereby announce myself a candidate for Sheriff...

EDITORS WATCHMAN: It is evident from the manipulations now in process, as well as for the past year...

and about respect for the intelligence and patriotism of all the people of Davie and Rowan counties...

Safety pins all the go. The dry weather continues with us. Gardens "burnt up."

Cool weather—nights and mornings for the last 60 hours decidedly cool. Fires in the sitting rooms.

We squeezed Vance's hand the other day—it has only been squeezed 49,719 times since the State Convention.

Vertigo.—Mr. Moses Smith was attacked and fell on the streets last Saturday with vertigo. He is improving.

We return thanks for the kind invitation to attend the Centennial celebration Ball, which came off at Beaufort last Friday night.

Mr. Scott Brown, of Raleigh, has been in the city for several days past, ill. He is improving slowly.

The Building and Loan was the topic for street conversation until the raising of the flag pole commenced.

What will the voters do now? The flag is up, the B. & L. is settled. What will they do to look at and talk about?

Mr. Alex. Murphy is now express messenger from Richmond to Charlotte. He was ordered on from the W. N. C. R. R.

A thief entered the orchard of Mrs. O. Woodson one night last week and beat all the apples of the trees and carried them away.

CHRONIC.—We will present a beautiful chronometer, 2 1/2 inches, to the person that sends in the largest watermelon of the season. The chronometer is a view of West Point, N. Y.

The board of Directors and stockholders of our Building and Loan Association have decided to go on in the usual course of business, Judge Roece opposing to the contrary notwithstanding.

A radical that knows and appreciates Vance, says that he will vote for him and says further, that such a judge can't be kept down, that he will be President of the United States yet, if he lives long enough.

A great many persons have been looking heaven-ward more in the past few days than they are in the habit of doing, in consequence, thereof, the backs of their necks ache. Looking at the flag pole.

They had a fellow in the guard house at Wilmington who was too sick to work on the streets; meanwhile he got into a fight with a brother prisoner named Geo. Washington, whom he whipped out to a frazzle. Thereupon the Commissioner made him shoulder the scape and go to work.

Joe Caldwell, it seems, don't believe a man's a fool when drunk. He says "when a drunk fellow goes loafing around, annoying the community and hounding folks, somebody knock him down quick; it will have a good effect in future."

The dog for the times. We know a dog that will run out to a neighbor's house and bring in a chicken about 10 o'clock every day or so. Or come where the family can't tell where the dog got the chicken so they must eat it, rather than have it wasted. This is the most excellent dog and a mighty good thing in a family.

The tide flowing out: In the spring they had pin-backs that was the tide flowing in. Now they have a big double jointed bustle, that makes a woman look like a hoophead: this is the tide flowing out. It looks funny to see a woman that weighs 150, trying one of these out-flooding bustles which takes her look as if she weighed 300. This is funny.

REMARKABLE.—The boys of the State of Georgia falling above par, 21 those of North Carolina falling unbecomingly below it. That down to Radicalism. And it is in such a time as this that the people of the State call for a Governor. If the people desire to improve their condition let them back up with ratified amendments to the Constitution...

Even a skip-penny cat can be made to look neat and tasty by using the "Domestic Fashions."

We were forcibly compelled to retract and take back the story about the rats taking the teeth away, published last week. We stand corrected, though the rat has not been tracked, or even taken back the teeth and it is not likely that this will be done. In connection with this, we had a voluntary offer by the young man who wrote our locals. We accept the proposition, for we find them scarce and are thankful for help. Go ahead, but don't smile, for that toothless front will be visible.

There was a fine large excursion from the Mountains down here last Friday. Two of the gentlemen were walking down Main Street—one of them spit on the pavement, the other immediately hunched him in the side with, you fool! don't spit on there, spit in these places, (pointing to the grate) that's what they are for: folks will think you have never been to town before. And then he went down town spitting at every other grate.

TILDEN AND VANCE FLAG POLE.—Salisbury can now boast of as tall a pole as any city in the State. We have up a pole 137 feet, with a flag 21 by 13 feet which Tilden and Vance names in bold letters are inscribed. Above this is a pretty streamer that proudly flaunts Robbins name. The flag can be seen, in several directions from town, at the distance of from 3 to 5 miles. Middleman, R. H. Henderson, had the management of its erection. He had a few young men who assisted him whenever they knew what to do, deserve all the credit.

Suit for Damages.—Last Saturday while the raising of the flag pole was in progress, the street cars on Innes and Main Streets were stopped. The Innes street company sue for \$1,000 damages, while the company on Main street sue for \$2,000, their's being a double track. The pole reached across all three tracks and prevented travel. It was a great inconvenience, as the cars running to these corners, annoyed hundreds of people who were soon out of patience and worried by the stoppage. It is thought that the car companies will be successful in the suit.

TILDEN AND VANCE CLUB. Pursuant to a call a large number of citizens met in the court-house, on Friday night July 21st, for the purpose of organizing a Tilden and Vance Club. T. G. Haughton, Esq., was called to the chair. John S. Henderson, Esq., by request, briefly and forcibly stated the object of the meeting. The names of those desiring to join the club were then enrolled, on motion of Dr. Keen, when one hundred and fifty-two names were entered on the list.

Resolved, That the officers of this Club shall consist of a President, five Vice Presidents, two Secretaries, a Treasurer, and a working committee of ten to be elected at this meeting; and that the President appoint a committee of five to draft Constitution and By-laws, to report at next meeting. The following officers were then elected: President, Kerr Garter. Vice Presidents, Jno. W. Mauney, P. B. Kennedy, L. S. Overman, Jno. S. Henderson, Jno. J. Horah, Secretaries, Theo. K. Bruner and Frank Brown. Treasurer, Theo. F. Klutz. The chair appointed a committee on Constitution and By-laws, T. W. Keen, J. J. Stewart, Theo. F. Klutz, Jno. W. Mauney, G. A. Bingham. On motion the club then adjourned to meet on next Friday night, July 25th.

THAT COW LAW is yet a fruitful theme, and in these dry times anything fruitful is a desideratum. There are two parties deeply interested in the cow law, viz: the owners of that kind of stock, who offer themselves to a deal of trouble in hunting and driving them to their homes; for they all, without exception, want their cows to come up to be milked, and to lodge for the night in the barn or lot, and get their peck of feed. It is always a trouble in the household when "brindley," "crumple horn," or "spoon," which in the day's grazing and weakened by the heat, lies out in some back street or the common, instead of coming home as usual; and the children, and sometimes the head of the family, turn out and to hunt and drive her up.

The other party interested in the case is the policemen of the town; but they from a different motive and with very opposite feelings. They are not at all disturbed by the failure of the good cow to go home. It is a matter of money to them that she should not. If they find her lying in the back street, or lane, or the commons, they can make a dollar or two by driving her to the pound, a very light job, with no scorching sun to broil them, and no public eyes to gaze on them in the "sheep-stealing job" they are engaged in. They are out of nights on the streets: it is their duty to be out, and they are on the outlook for cows, and rogues, &c., but more especially for the cows. The Commissioners have made it their duty, and for the performance of general duties they allot them a monthly stipend; but for the cow duty they pay them extra; so that it is assumed that this is the primary work of the policemen. They are the Commissioners cow boys rather than the town's policemen. We don't blame the boys for requiring extra pay for extra hard work to be done; but there is something hard in the operation of this law on the owners of cows. \$3.25 is a big thing in this case. Have our "city fathers" no pity on the poor and the widow? Surely they would not collect \$3.25 for such an accidental offense, at a time when money is so scarce, and dishonest officials so insatiable! We pray deliver us from evil and lead us into temptation; but the Commissioners tempt the policeman to inflict evil on the citizen, and strangely think they are doing good service.

TOWNSHIP MEETING. There will be a meeting of the Democratic Conservative voters of Salisbury Township held at the Court House in Salisbury, on Saturday the 5th day of August, at 10 o'clock, A. M., for the purpose of selecting delegates to the County Convention.

Even a skip-penny cat can be made to look neat and tasty by using the "Domestic Fashions."

There will be a public demonstration, by Wood Lot Council Friends of Temperance, in the Grove at Unity Church, this evening, on Saturday August 12th. The people are cordially invited to attend. The object is all others interested in the cause are requested to cooperate. There will be several addresses by able speakers. A splendid dinner will be furnished by the ladies, and music by the Salisbury Silver Cornet Band. Exercises to begin at 10. A. M.

TOWNSHIP MEETING. There will be a meeting in Locke Township 2d Saturday in August at 10 o'clock, P. M., to elect delegates to the county and district Convention. Let every man turn out. By order of the Executive Committee, C. H. MCKENZIE, Chair.

Messrs. Editors: Of the many names suggested, in connection with the nomination for the members of the House of Representatives, we have heard of none more deserving the confidence, and support of the Conservative voters of Rowan than J. J. Stewart, Esq. Mr. Stewart, by his bold and fearless denunciation at all times of the fraud and corruption of Radicalism, has contributed no little to the success of the party, and by his uncompromising opposition to an unlimited rate of interest, and his persistent advocacy of the *Usury Law* has proven himself the friend of the people. His thorough acquaintance with the issues of the day eminently qualifies him to make an effective canvass.

For the Watchman. FRANKLIN TOWNSHIP CONVENTION. At a Township Convention held at Franklin Academy, in Franklin Township, on the 24th day of July instant. The meeting was called to order by H. C. Bost, Chairman of the Executive Committee. On motion of Mr. H. C. Bost, Mr. John Fisher was made permanent Chairman, and W. R. Fraley and S. F. Lord, requested to act as Secretaries.

Physicians, who certainly ought to be the best judges of such matters, declare that wholesome stimulation is not only desirable, but essential in many instances. When the temporary good effect of a sound stimulant is confirmed and rendered permanent, as in the case of Hostetter's Stomach Bitters, by the action of tonic and alterative principles combined with it, it becomes infinitely efficacious as a renovator of physical energy and a corrector of those conditions of the body which invite disease. The Bitters have received the emphatic approval of medical men who have observed the effect of that popular stimulant cordial as a remedy for weakness, nervousness, dyspepsia, constipation, inactivity of the liver, malarious fever, and many other disorders. Its basis is sound old tea, the purest liquor known to commerce, and itself possessing tonic properties of no mean order.

QUESTIONS FOR EVERY ONE TO ANSWER. Are you troubled with Indigestion? Constipation of the Bowels, Dyspepsia, or any of the ailments of the Liver? Have you suffered for years and found no relief from the use of medicines? Do you have a flat appetite, and are you troubled with feelings of languor? If you have these feelings, we know you have not tried the new discovery, MERRELL'S HEPATINE, at Theo. F. Klutz's Drug Store. It is performing wonderful cures in this and all other communities where the people use it. It is pronounced by all as the best Liver Medicine in the world. Two doses will relieve the worst case of Dyspepsia or Constipation of the Bowels. Each bottle contains fifty doses, a sufficient quantity for a course. It is a pleasant, palatable, and refreshing beverage. Where the system is run down with loss of energy and appetite, or Dyspepsia, with all its train of evil, it is effecting its deadly work, this remedy, MERRELL'S HEPATINE, never fails to bring about a speedy and permanent cure. Those who doubt the merit and virtues of this medicine, and live within ten days from the date of this summons, and let them take notice that if they fail to answer the said complaint within that time, the plaintiff will apply to the Court for the relief demanded in the complaint.

An Important Cure by Dr. Tutt's Expecto-rant. We have been informed, by Mrs. Williams, grand-daughter of Gen. Israel Putnam, that she suffered for many years with Asthma, accompanied with great difficulty in breathing. Indeed, she says, it prevented her from lying in a recumbent position, and often suffocation appeared inevitable for which she used Tutt's EXPECTORANT. The relief was so great that she was encouraged to persevere in its use until every vestige of the painful disease was entirely removed.

THE PEOPLE WANT PROOF. There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue as BROWN'S GERMAN SYRUP for severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has been lately introduced in this country from Germany, and its wonderful cures are astonishing everyone that use it. Three doses will relieve any case. Try it. Sold by Theo. F. Klutz, Salisbury, N. C.
