

The People of Rowan County.—I hereby announce myself a candidate for re-election to the office of Sheriff, subject to the decision of the County nominating Convention. C. F. WAGGONER.

We are authorized to announce ISAAC M. BRUNER, Esq., for the November election, as a candidate for Sheriff, subject to the decision of the County nominating Convention to meet in August next.

The Voters of Rowan County. I hereby announce myself a candidate for Sheriff, subject to the decision of the Convention to assemble in Salisbury August the 26th, 1876.

Errors WATCHMAN: It is evident from the manipulations now in process, as well as the past year, with respect to the candidate of this Senatorial District, the nomination of a candidate for personal opposition, is to fall upon Capt. William H. Crawford.

A profound and decent respect for the intelligence and patriotism of all the people of Rowan County, induces me to offer myself a candidate to represent them in the next Legislature for this District, in the person of Mr. Crawford.

H. H. HELPER.  
Salisbury, July 27th, 1876.

We would recommend Capt. J. A. Fisher as a suitable person to represent Rowan County in the next Legislature, in the House of Commons—and will accept if nominated.

T. K. BRUNER, FRANK BROWN, Secretaries.

TO THE STOCKHOLDERS OF THE SALISBURY BUILDING & LOAN ASSOCIATION.

I am ordered by the Board of the Directors to inform you that the condition of the Association is unimpaired by the recent decision of the Supreme Court and that the business will go on as usual. A full attendance is desired at the Stockholders' meeting on next Monday night.

Mr. James W. Rumble left the city last Wednesday morning, August 2, for Bingham's School, Mechanicsville, N. C.

We notice in the city Mr. Donald Maculey, a large dealer in cotton, from Charlotte. Will spend a week with us.

Prof. H. T. J. Ludwick has returned from his visit to Mr. Pleasant. His school will commence Wednesday, Aug. 2d, 1876.

Capt. T. B. Beall and family have returned from the mountains, where they have been spending very pleasantly several weeks.

The Supreme Court failed to find any error in the decision of the case of Meisner vs. the murder of Mrs. Heilig. He will be hung.

Gold.—We saw on Monday, in the hands of Mr. Miller, one of the Company now operating the Howell mine in Stanley, a nugget of gold weighing over half a pound—the product of 21 days work.

Edward.—Mr. S. H. WILEY, who has been traveling in Europe and the continent for the benefit of his afflicted son Willie, who accompanied him, has returned to his home in this place.

Excursion.—Mr. C. E. Mills will run the excursion of the season to Henry and return on the 9th and 10th of August. He offers special inducements and promises a pleasant trip to the pleasure seekers.

Young man get married, the money you spend foolishly will feed and clothe a wife till next blackberry time, when you can turn her out to graze. This advice was given by a lady to a young man in this city the other day. All we have to say is "Go West—young man."

Dr. Griffith, is in the city. Will remain only a few days. He has been suffering for the past seven weeks, with a felon on his hand, which has prevented his paying any attention to his business. He told us that he thought he would be able to work in about two weeks from this time. We hope he will soon return, for he is missed, not only in his profession, but by his pull out the city.

MOUNT ULLA TOWNSHIP.  
Will hold a Township meeting at Mt. Ulla, Aug. 12, to appoint delegates to the County Convention, &c.  
It is expected Hon. F. E. Shober will be there to address the people.

REMARKABLE.—The bonds of the State of Georgia selling above par, and those of North Carolina totally unsaleable! Set that down to Radicalism. And it is in such a time as this that the people of the State call on Vance to be Governor. If the people desire to improve their condition let them back up Vance with ratified amendments to the Constitution and by electing a strong, working team of Democrats.

A silk dress takes a trip. One day last week an old darkey in Dixonsville, (a colored settlement adjoining the city) hung her silk dress on the fence for an airing. Just at the time a whirlwind took it off, the old woman made a desperate effort to catch it, but in vain. It went higher and higher till it looked no larger than a hat, the wind carrying it in a western direction. She and several others followed it and picked it up about a mile from where it started. Indeed riches tacked to themselves wings and fly away.

A victim of cupid nearly insane. He took her to church and after the services he walked out into the rain, he seemingly unconscious of their being drenched. She ventured to inquire where his umbrella was—he came to himself all of a sudden, said it was in the church, and they had to go back after it. A few days after, a man came into the store where he was clerking and bought a quart of molasses and a plug of tobacco. Our young aspirant, (who is by-the-way, a candidate for matrimony, with cupid's vote to start with), charged the purchaser with one plug of molasses and one quart of tobacco. Who next?

RAISING A FLAG POLE.  
Interested man watching and giving unnecessary advice:

"Dick will never get that splice fixed on while the sun shines. I've been watching him for several days now."

He looks down for a moment:

"Well, he's got it fixed—and I've got a kind of a creek in my neck—by jove, it don't feel good."

FLAG RAISING.—The young men of the Tilden and Vance club had a formal flag raising on Saturday last, with music by the Silver Cornets, and an address by Hon. F. E. Shober. There was a large crowd in the streets, and though it was raining moderately, many of the people withstood it and remained attentive to the speaker to the end.

Mr. Shober, after bestowing a handsome and well merited compliment on the young men for the beautiful pole and flag, the latter with the names of Tilden and Vance inscribed upon it, which were called to dedicate to the cause of State and National reform, glided off into a review of the past and present condition of the country; portraying with a master's hand the corruption and profligacy of the party in power. From this he passed on to show the demands of the hour—the absolute necessity of reform in all the departments of Government, and the utter ruin which threatens civil liberty in this country should the people fail to realize the situation, or neglect, or refuse, to turn back the tide of corruption which had rushed in within the last few years until it had well nigh submerged us. He exhorted his fellow citizens to arouse themselves to the exigencies of the times and rally to the standard we had just unfurled—the banner of reform, assuring them that in Samuel J. Tilden they had a champion who had proved himself abundantly able to wage a successful warfare against the corruptionists and plunderers.

Out-and-out, it was a splendid address, delivered in Mr. Shober's handsome style, and we doubt not conveyed to many of those who heard it, facts and views which had not occurred to them before.

Mr. W. H. Crawford was called, and responded in a few words exclaiming himself for the present, but assuring the people that they should hear from him during the summer and fall.

Editors Watchman: Please allow me space in your columns to publicly ask my friends not to use my name further in connection with the candidacy for the next House of Representatives, as there are many other good names suggested whom it will be more pleasant for me to support, than to be a candidate myself; and I desire above all things to encourage and promote harmony in the Conservative party during the coming campaign. I am none the less grateful, however, to my friends who have so kindly suggested my name in this connection, and on proper occasion shall endeavor to prove myself worthy of their kindly regards.

Very Respectfully,  
THEO. F. KLUTZ.

THE SALISBURY BUILDING & LOAN ASSOCIATION.  
To the Editors of the Watchman:

A paragraph in your paper of last week is calculated to create a wrong impression about the action of the Directors of the Salisbury Building & Loan Association, in determining to continue the work of the Association. The opinion of Judge Read in the Mills case will be respected by the officers of the Association. They have no idea of coming in conflict with the Supreme Court.

Martha Washington Tea Party, In Mocksville.

This Party was given by the young ladies of Mocksville for the benefit of the Presbyterian church. Notwithstanding the affair was hastily gotten up and not generally known throughout the county, a very respectable attendance, consisting mostly of inhabitants of the village, assembled last Thursday, evening in what is commonly known as the "old McKelvie house."

The hall was brilliantly lighted, and beautifully adorned with wreaths of evergreens and striking and appropriate emblems—such as a large portrait of Geo. Washington, our national standard, &c. &c. The two principal characters personated were Lady Washington and Madam Lafayette: Mrs. R. D. Brown assuming the character of the former and Mrs. Maehle, that of the latter. They were dressed very appropriately in ancient costumes and by their winning manners added ease as well dignity to the occasion. The rest of the ladies were dressed very becomingly, and performed the amiable part of hostesses in a manner that did honor to themselves and the occasion. The proceeds, clear of all expenses, amounted to the very handsome sum of thirty dollars, which exceeded even the most sanguine expectations. The affair upon the whole was a grand success.

SIGMA.

A STATE BAND—A CAPITAL IDEA.

We have just seen a letter addressed by Prof. W. H. Neave, of Salisbury, who, in his particular line, is one of the greatest musical geniuses in the United States, if not the greatest, to the members of the cornet club, of this city, which contains some ideas well worthy of consideration. He states that before he left North Carolina in 1867 for the Northwest, and since his return, last year, he has been possessed of the idea that the only really fine band that the State can hope to have for great occasions, where good music is a prime necessity and the most attractive feature, is a State Band; that is to say, a band composed of the best readers and players selected from the several bands of the State, to be known as the "North Carolina State Band." Besides being good readers and players, they should also be, Prof. Neave says, enthusiastic lovers of music, who would be proud of and do their utmost to secure the success of the project. His idea is that while North Carolina has no town large enough to sustain a professional band, each town has a few citizens who are richly endowed with musical gifts, and who need only ample resources and correct artistic training to develop their genius. This being the case, the idea is this: for all the bands of the State to employ a really first-class instructor (and they could never find a better one than Prof. Neave), and have him instruct them by the month. Thus the standard of music would be raised, and from them all, the necessary number to compose the State Band could be selected, composed of talent of surprising excellence. When this select band should be employed, their instructor would assemble them at the required place one day in advance of the occasion, for a full and general rehearsal. This band could also give a series of concerts each year and at different towns and cities in the State and out of it.

It occurs to us that the ideas thrown out are excellent ones. Such a band as that spoken of would be the pride of the State. However good some of our bands may be, it is quite certain that none are or can be as excellent as this State Band could be made. We trust that the cornet club of this city, and those of other towns and cities in the State, will carefully consider the matter spoken of, and act upon it.—Char. Observer.

Sympathy is that quality of the human heart that gives a kindly bias to men's actions. Without it this world would be poor indeed, and human nature would be destitute of one of its most beautiful attributes. Remove sympathy from the human breast, and there is a vacuum created only to be exceeded in size by that product by the removal of a "Light-Running Domestic" from the midst of a family where it has been for years. Get a "Domestic."

Dom Pedro is reported to have left behind him orders for American manufacturers, mostly machinery, to the amount of over two millions of dollars.

A Double Danger Averted.

The inhabitant of a malarious region is threatened by a double danger. He is not only compelled to breathe miasma, but to evolve it, since it infects not only the atmosphere, but the water. The aerial poison threatens his system through the lungs and pores, the liquid through the stomach. Against this double peril there is but one protection, and that is to invigorate the entire body through the digestive and secretory organs. Ordinary tonics usually fail to accomplish this—Hostetter's Stomach Bitters never. In the tropics, where the diseases originated by miasma are of a far more malignant type than those originated by the same cause in the temperate zone, it enjoys immense and constantly increasing sales, and there is no portion of this continent where it is not the reigning specific for malarial fevers and disorders of the stomach, liver and bowels, proceeding from malaria and other causes.

QUESTIONS FOR EVERY ONE TO ANSWER.

Are you troubled with Indigestion. Constipation of the bowels. Dyspepsia, or any disease of the Liver? Have you suffered for years and found no relief from the use of medicines? Do you have a faint appetite, and are you troubled with feelings of languor? If you have these feelings we know you have not tried the new discovery MERRELL'S HEPATINE, at Theo. F. Klutz' Drug Store. It is performing wonderful cures in this and all other communities where the people use it. It is pronounced by all as the best Liver Medicine in the world. Two doses will relieve the worst case of Dyspepsia or Constipation of the bowels. Each bottle contains fifty doses, and a teaspoonful of this medicine in a wineglassful of water three times a day for one day, produces a most wonderful change. Where the system is run down with loss of energy and appetite, and Dyspepsia, with all its train of evil, is effecting its deadly work, this remedy, MERRELL'S HEPATINE, never fails to bring about a speedy and permanent cure. Those who doubt, the merit and virtues of this medicine and five from day to day without trying the HEPATINE, have our sympathy, but can not be cured unless they take the Medicine.

An Important Cure by Dr. Tutt's Expecto-rant.

We have been informed by Mrs. Williams, grand-daughter of Gen. Israel Putnam, that she was cured of a severe case of Asthma, and accompanied with great difficulty in breathing. Indeed, she says, it prevented her from lying in a recumbent position, and often suffocation appeared inevitable, for which she used TUTT'S EXPECTORANT. The relief was so great that she was encouraged to persevere in its use until every vestige of the painful disease was entirely removed.

"We can not speak too highly of this valuable preparation of Dr. Tutt, and for the sake of suffering humanity hope that it may become more generally known."—Christian Advocate.

IS YOUR LIFE WORTH TEN CENTS?  
Sickness prevails everywhere, and everybody complains of some disease during their life. When sick, the object is to get well; now to say plainly that no person in this world that is suffering with Dyspepsia, Liver Complaint and its effects, such as Indigestion, Acidity, Sick Headache, Sour Stomach, Heart Burn, palpitation of the Heart, Depressed Spirits, Biliousness, &c., can take GREEN'S AUGER FLOWERS without getting relief and cure. If you doubt this, go to your Druggist Mr. Theo. F. Klutz, and get a sample Bottle for 10 cents and try it. Regular size 75 cents. Two doses will relieve you.

At Mt. Mourne, Rowan County, N. C., July 26, 1876, ABRAHAM L. BROWN, aged 5 months and 16 days. The sympathies of many friends are with this Christian family, from whom four children have been removed by death, in a few years, and they have need to remember the inspired declaration—'and though every one whom he loveth shall suffer sorrow, yet shall he be comforted.' May their sorrows be sanctified.

In Salisbury, N. C., July 25th, 1876, MRS. MARY ELIZABETH KESSELY, wife of Mr. PHILLIP B. KESSELY, in the 28th year of her age. She was a native of Rockingham County, N. C., but came to Salisbury, with her parents, since the close of the war, where she was married to Mr. Kennedy about eight years ago. Three years ago she became a member of the Presbyterian Church, and lived a consistent number of years. For several years she was an invalid, but she bore her sickness with pure resignation, leaving her sorrowing husband and two children to the care of a covenant-keeping God, she died in the hope of a blessed immortality.
