OHIO AND IND!ANA ELECTIONS

State elections took place on Tuesday. The telegraph brings scattering reports from various parts of the States, but nothing up to this time (Wednesday evening' at all reliable. Both parties claim a victory ; but the returns, though scattering, show larger gains for the republican party than we had expected The probability is that Ohio has gone Republican, and Indiana Democratic by a small majority. Supposing this to be the result, Tilden and Hendricks' election is pretty well assured.

We learn from the Charlotte Observer that the colored Radical orator, Jim Harris, of Rahigh, made a speech in Charlotte on the 6th, and after he had done, some youthful white radicals poured out their gall, complaining of the social ostracism inflicted on them for opinion's sake. They had as well complain of the wind coming from the north when they would like to have it come from the south. Both are subject to laws which no human power can control.

We publish in this paper, W. W. Holden's reply to the statements of Mr. Bailey, published last week, in regard to the murder of J. W. Stephens and the it. Holden-Kirk war. Mr. Bailey affirms and Mr. Holden denies. The reader can decide between them. It would seem. however, that it devolves or Mr. Bailey to show, if he can, corroborative facts in support of his statements. We have no doubt he detailed truly the impressions he received from the conversations had with Holden, and we think there must have been attendant circumstances producing these impressions which were not given in his statement of last week. Otherwise the case must be passed on as a question of veracity between himself and Holden.

VEGETINE Says a Boston physician, " has no equal as a blood purifier. Heating of its many word-rful cures, after all other remedies had failed, I visited the labratory and convinced myself of its genuine merit. It is prepared from barks poots and terbs, each of which is highly effective, and they are compounded in such a manner as to produce astonishing results."

VEGETINE Is acknowledged and recommended by physicians and apothecaries to be the best purifier and cleauser of the blood yet discovered, and thousands speak in its praise who have been restored to health.

> PROOF WHAT IS NEEDED. BOSTON, Feb. 13, 1871.

MR. II. R. STEVENS: Dear Sir-About one year since I found myself in a feeble condition from general debility. VEG-ETINE was strongly re-commended to me by a friend who had been much henefied by its use. I procured the article and after using several bottles, was restored to health and discontinued its use. I feel quite confident that there is no medicine superior to it for those complaints for which it is especially prepared, and would cheerfully recommend it to those who feel that they need something to restore them to perfect health. Respectfully yours. U. L. PETTINGILL.
