A letter from Davidson county to the Raleigh News, says, what we have no doubt is true: "I hear of many Republicans who admit that Mr. Tilden is elected and say that he ought to be inaugurated." The white republicans in Davidson are generally honest, upright men themselves, and would scorn to put any man in office by fraud.

KIDNEY COMPLAINT.

Probably there is no complaint that afflicts the human system, which is so little understood at the present time, as some of the varied forms of Kidney Complaints. There is no disease which causes such acute pain or more alarming in its results than when the kidneys fall to secrete from the blood the uric acid, and other poisonous substances, which the blood accumulates in its circulation through the system.

in its circulation through the system.

If from any cause the kidneys fail to perform the functions devolving upon them, the cumulations are taken up by the absorbents and the whole system thrown into a state of disease, causing great pain and suffering, and very often immediate death. Hence the importance of keeping the kidneys and blood in a healthy condition, through which all the importance of the paint and the importance of the impor impurities of the body must pass.

PAIN IN THE BACK.

There is no remedy known to medical science which has proved itself more valuable in cases of Kidney Complaints than the Vegerine. It acts directly upon the secretions, cleaners and parifies the blood, and restores the whole system to healthy ac-

EAST MARSHPIELD, Aug. 22, 1870. MR. STEVENS: Dear Sir -1 atu seventy-one years of age; have suffered many years with Kidney Complaint, weakness in my back and stomach. I was induced by friends to try your VEGETINE, and I think it the best medicine for weakness of the Kidneys I ever used. I have tried many remedies for this com-plaint, and never found so much relief as from the WEGETINE. It strengthens and invigorates the whole system. Many of my acquaintances have taken it, and I believe it to be good for all the complaints for which it is recommended.

JOSIA" H. SHERMAN. PRONOUNCED IN URABLE. BOSTON, May 30, 1871. H. R. STEVENS, Esq. : Dear S.r-I have been

badly afflicted with K duey Complaint for ten years; have suffered great pain in my back, hips and side, with great difficulty in passing urine, which was of ten, and in very small quantities, frequently accom-I have faithfully tried most of the popular remedies recommended for my complaint; I have been under the treatment of some of the most skillful physicians in Boston, all of whom pronounced my case incurable. This was my condition when I was advised by a friend to try the VEGETINE, and I could see the good effects from the first dose I took, and from that moment I kept on i aproving until I was entirely cured, taking in all, I should think, about six bottles. It is in deed a valuable medicine and if I should be afflicted again in the same way, I would give a dollar a dose, if I could not get it without.

Respectfully, J. M. Gil.E.

NEARLY BLIND.

H. R. STEVENS: Dear Sir-In expressing my thanks to you for benefits derived from the use of VEGETINE, and to benefit others, I will state:-When eight or nine years old I was afflicted with Scrofuls, which made its appearance in my eyes, face and head, and I was very near blind for two years. All kinds of operations were performed on my eyes, and all to no good resu't. Finally the disease principally settled in my body, limbs and feet, and at times in an aggravated way.

Last Summer I was from some cause weak in my

spine and kidneys, and it was at times very hard to retain the urine. Seeing your advertisement in the Commercial, I bought a bottle of VEGETINE, and commenced using according to directions. In two or three days I obtained great relief. After using four or five bottles I noticed it had a wonderful effect on the rough, scaly blotches on my body and legs. I still used VEGETINE and the humanus sores one after another disappeared until they were all gone, are of the two diseases to ETINE, and nothing else.

If I am ever affected with any thing of the kind again I shall try VEGETINE as the only reliable Once more accept my thanks, and believe me to be, Very respectfully, AUSTIN PARROTT, Dec. 1, 1872. No. 35 Gano Sig. Cincinnati, Ohio.

Diseases of the Kidneys, Bladder, etc., are always unpleasant, and at times they become the most dis-tressing and dangerous discusses that c'n affect the human system. Most discusses of the Kidneys arise from impurities in the blood, causing formors which settle on these parts. VEGETINE excells any known remedy in the whole word for cleansing and purifying the blood, thereby causing a healthy action to all the organs of the body.
