

JANUARY 4, 1877.

TO DEBTORS.

Those indebted to the firm of McCubbin, Beall & Dean, either by account, note or mortgage, are hereby notified to call and pay immediately, as no other notice will be given.

The time on all Mortgages, Notes and accounts held by us expires Jan. 1st, 1877. All persons so indebted to us will please call and settle either by Cash or Note at once. This we will deem sufficient notice.

BUSINESS NOTICE.

All who are indebted to us by note or account are earnestly requested to make immediate settlement. Further notice will not be given.

BUSINESS NOTICE.

All persons indebted to us by note or account are notified to make prompt settlement between this date and first of January next. We will not give longer indulgence.

BUSINESS NOTICE.

Persons whose papers are marked with X mark in pencil, will understand from it that they are due us for the paper, and will please remit.

BUSINESS NOTICE.

Abundant—the ice crop. More sleighing and skating. Scarce—people who can mind their own business well and let others alone.

BUSINESS NOTICE.

J. F. M. Ferrell will please give his Post Office and explain his note of Dec. 30.

BUSINESS NOTICE.

The business men of Raleigh were fully alive to self-interest during the inaugural ceremonies.

BUSINESS NOTICE.

Nearly all the roads in the State fail to make time through this heavy snow. In consequence we have no regular trains, either mail or express.

BUSINESS NOTICE.

We got home too late to tell what we saw in Raleigh while attending the inauguration of Vance and the other Democratic State officers. We will say but little next week.

BUSINESS NOTICE.

There has been no train down the Western road since last Saturday. Both trains are up the road. This fact accounts for the prolonged holiday of Miss Caldwell's school. She is in Statesville and will come down on the first train.

BUSINESS NOTICE.

Falling on Ice.—Col. S. L. Fremont, of railroad fame, fell on the ice at Rocky Mount and broke his leg.

BUSINESS NOTICE.

A young man from Charlotte, attending the inauguration, slipped and fell in Raleigh, and broke his arm.

BUSINESS NOTICE.

Sleigh Riding.—The young people of our town have had a merry time sleigh riding. It remains for future developments to show how many hearts were lost—how many wavering hopes confirmed. Cupid is unusually busy during this season, in proof of which see the matrimonial record in this paper.

BUSINESS NOTICE.

The train which left Raleigh Monday night about 12 o'clock, with the Rowan Rifle Guards, Salisbury Band, Horner's Nest Riflemen, and other visitors to the inauguration, reached here at 1 o'clock, p. m., Tuesday. They were delayed a good deal by the snow.

BUSINESS NOTICE.

Christmas Whiskey did an unusual amount of mischief in South and North Carolina. One negro killed another in Richmond county, and still another negro in same county was found shot through the head. A shooting affair occurred in Marlboro' county, S. C., resulting in the wounding of a young man, fatally, it is supposed. In Marion county, S. C., an old man was set upon by three negroes who beat him to death.

BUSINESS NOTICE.

Western Asylum.—The Committee appointed to inspect the affairs of the Western N. C. R. R. were also charged to look after the Asylum at Morganton, and see how that work was progressing. We know nothing personally of the management of the business at Morganton, but rumor is not kind to those having the responsibility. We shall be glad to see the Board not only acquitted but praised.

BUSINESS NOTICE.

We invite attention to a letter in this paper from Dr. Gassow, correcting a report mentioned in our last week's paper.

BUSINESS NOTICE.

What we have heretofore said in behalf of this gentleman was based on his general good fame as a qualified man for his position. We disapprove the policy of turning out men on purely political grounds, and hope it may not be adopted without some discrimination. The example of the radical party cannot, however, be quoted in support of our view of the general subject.

BUSINESS NOTICE.

Miss LILLIAN WARNER, for more than a year organist in the first Presbyterian church of this place, has gone to Massachusetts to prosecute the study of organ music. She is a young lady of fine musical talents, exceeding in taste, touch and pathos, at this instrument, any performer we have heard. She returns to her native State with the warm esteem of those who made her acquaintance while here, and they regret to learn that she does not expect to return. She leaves with us her father, mother and other members of the family, who we trust will find it to their interest and pleasure to remain here permanently.

THE FUTURE AND THE PAST.

With the parting stroke of the coming midnight hour the CANBY Constitution dies the death in North Carolina. For near nine years, nine long years of suffering, of sorrow and subjugation, of crime, outrage and oppression, the days of reconstruction have been running their accursed course. But the fact that the morrow's sun will rise upon us a free people, living under a constitution and laws that are within our own control, teaches a lesson that it is well worth heeding, for it teaches us confidence in ourselves and in our institutions. For a people who have thus achieved their independence in the face of such difficulties, the future is full of hope and cheer.

PREVENTION OF CRIME.

The old whipping post may have been a relic of barbarism as our civilized Northern brethren call it, but it was a useful institution. It punished certain crimes when committed, but the certainty that they have learned this fact in England at last. It seems that when the garrotting mania set in among the London thieves some years ago, all sorts of measures were suggested for putting a stop to it, the only successful one among which proved to be the lash. Garrotting is now punishable in England by seven years' penal servitude and forty lashes to start with; and garrotting has almost disappeared in that country. The Director of Newgate prison says that the garrotters feared the forty lashes more than twenty years' hard labor.

IT IS IMPOSSIBLE NOT TO ADMIRE THE ENTERPRISE OF THE CALIFORNIANS.

Not satisfied with taking up the mining country and the lands ready for cultivation, they have gone into the work of reclaiming farms from their great rivers with an energy characteristic of the people of that State. In the San Joaquin river two large islands and one small one are brought together by the building of levees so as to form one arable tract of 100,000 acres. Further up the same river an island of 40,000 acres has been reclaimed by the construction of forty-five miles of levee upon which 1,000 Chinamen, under the supervision of white foremen, were engaged. These levees are built with a base of fifty feet, the height varying from eight to ten feet. One Rough and Ready Island reclamation has been going on for twenty years, the first settler there being a Scotchman, who laid out an orchard on 160 acres which is now yielding a handsome income. Similar works of reclamation are going on in the Sacramento, the Dear, and the Yuba rivers, though not upon so extensive a scale as in the San Joaquin.

JUDGE BOND HAD THE GRACE TO ARRANGE THAT HIS UNLAWFUL DECISION COULD GO FOR REVISION.

There is no doubt it will be speedily reversed. But the temporary point is gained; the Republican lobby in South Carolina is upheld by a defiant stretch of Federal jurisdiction; and it is not at all unlikely that Bond willfully sacrificed his judicial knowledge and reputation for this partisan purpose. The late Federal judge who attempted this role, Durell, of Louisiana, fled the bench to escape impeachment, and Bond is a proper candidate for a similar retirement from the bench.

RICHARD CULLAN MURDERED A MAN IN MODESTO, CAL.

In the presence of two witnesses. Cullan told these witnesses that he would certainly kill them if they divulged what they had seen, and as he was a desperado, they believed him. During three months they kept the secret, and then, pricked by conscience, they gave information to the authorities. The murderer has just been hanged.

THE NEGROES WHO ARE SAID TO HAVE BEEN MURDERED BY DEMOCRATS IN THE BULL DOG PARISHES OF LOUISIANA.

Just before the late election were really murdered by Radical assassins, to give the Returning Board an excuse for counting in Hayes is proven by the fact that the Radical authorities of the State have never made the slightest effort to bring the murderers to justice.

"WHY DO YOU DRIVE SUCH A PITIFUL LOOKING CARCASS AS THAT? WHY DON'T YOU PUT A HEAVIER COAT OF FLESH ON HIM?" SAID A TRAVELLER TO AN IRISH CAR DRIVER.

A heavier load of flesh! By the powers, the poor creature can hardly carry what little there is on him now!

THE PEOPLE ARE FAR IN ADVANCE OF CONGRESS IN THEIR DETERMINATION TO SPEAK OUT IN THUNDER TONES AGAINST THE PLOT TO STEAL THE PRESIDENCY AND BACK UP THE THEFT WITH HAYONETS.

The immediate aspect of affairs does not excite the fears of the timid or encourage the hopes of the demagogue; that there will be anything but a peaceful settlement of the issue resulting in the inauguration of Mr. Tilden.—Washington Union.

DO YOU TAKE THE SUNNY SOUTH?

If not, send for it immediately. It is the universal favorite, and all Southerners are proud of it. Let a large club be raised without delay in this community. It is the only illustrated literary weekly in the South, and the press and people everywhere unite in pronouncing it the equal in every respect of any similar publication in America. The best literary talent of the whole country, North and South, is writing for it, and it has something each week for all classes of readers. Its stories are superior in literary merit, and equal in thrilling interest to those of any other paper, and its essays upon all subjects are from the best minds of the age.

In addition to thrilling new stories, a series of brilliant articles will soon begin on the Campaign and Battles of the Army of Tennessee, by Colonel B. W. FROELICH, a distinguished military engineer of that army in all its trying times. The papers will explain the admiration and unlimited support of the people. The price is \$3 a year, but clubs of four and upwards get it for \$2.50. Address Jno. H. Seals, Atlanta, Ga.

SCARCITY OF MONEY.

There is no doubt but the present condition of all kinds of business and industry is fearfully depressed, and it behooves every family to look carefully to their expenses. Winter is coming on when children are liable to Croup, Whooping Cough, etc. Coughs and Colds will prevail everywhere, and Consumption, with other throat and lung diseases, will carry off many. These diseases should not be neglected. Doctor's bills are expensive, and we would advise our people to use BOSCHER'S GERMAN SYRUP. It never has failed. One bottle at 75 cents will keep your whole family well during the winter. Two doses will relieve any case. Sold in all towns in the United States, and by your druggist. Theo. F. Klutz.

HAPPY INFLUENCE OF A GREAT SPECIFIC.

For the preservation or recovery of health and strength, the diet should be wholesome and nutritious. When it happens that the alimentary processes are disturbed by improper or half-masticated food, the best remedy for the evil results of abusing the digestive organs is Hostetter's Stomach Bitters, a most agreeable, prompt and gentle remedy for dyspepsia, and for the bilious and evacuating irregularities which result from it. The liver and bowels, in common with the stomach, experience its beneficial influences. The refuse of the system is carried off through its natural outlet, a healthy flow and secretion of the bile is promoted, and a powerful impetus is given to assimilation in consequence of which the system stimulates the bladder and kidneys when they are inactive, and by its tonic and regulating action fortifies the system against malaria.

THEO. F. KLUTZ IS GIVING AWAY A HANDSOME BOOK ENTITLED "PEARLS FOR THE PEOPLE."

Containing much valuable information and many interesting articles. It also contains a history of the discovery of the "Hepatic" for diseases of the liver, dyspepsia, constipation and indigestion, etc., and gives positive assurance that when the Hepatic is used it effects a permanent and lasting cure of these diseases, which prevail to such an alarming extent in our country. Take the Hepatic for all diseases of the liver.

The Hon. Alexander H. Stephens says:—"The Globe Flower Cough Syrup has proven a most valuable remedy to me." Gov. James M. Smith, of Georgia, says:—"I shall always use it with perfect confidence, and recommend it to the public as a remedy which will afford that satisfaction experienced by me and mine.
