

**JEHOVAH-JIREH.**

Here is an illustration of the way in which God sends relief in trouble. The story is told by the Christian woman to whom it happened, in her own language:

"About the month of January, 1863, I was living in Connecticut, alone with two little boys, one of them four years old, and the other a year and a half old. My husband was away in the service of his country. When the coldest weather came I was nearly out of wood. I went down into the village one day to try and get some, but tried in vain; so many men were away in the army that help was scarce. Very little wood came into market, and those living on the main street got all that came, while those who lived outside the village could get none. I tried to buy a quarter of a cord from two or three merchants, but could not get any. One of them told me he could not get what he wanted for his own family. Another said he was not willing to yoke up his team for so small a quantity; but as I only had a dollar and seventy-five cents I could not buy any more, and so I was obliged to go home without any. I went back to my little ones, feeling very sad. But while I sat there almost ready to cry, the words of Abraham came into my mind, 'Jehovah-Jireh, the Lord will provide.' Then I went up to my chamber. There I knelt down and told God of my trouble, and asked him to help me and send the relief that we needed. Then I went to the window and waited, looking down the street, expecting to see the wood coming. After waiting awhile without seeing any come, my faith began to fail. I said to myself, 'The Lord did provide for Abraham, but he won't provide for me.' Our last stick of wood was put in the stove. It was too cold to keep the children in the house without fire. I got the children's clothes out, and thought I would take them to the house of a kind neighbor where I knew they could stay till we got some wood. But just as I was going out with the children in passing by the window, I saw the top of a great load of wood coming down the road towards our little house. Can it be for us? I asked myself. Presently I saw the wagon turn off the road and come up towards our door. Then I was puzzled to know how to pay for it. A dollar and seventy-five cents I knew would only go a little way towards paying for all that wood. The oxen came slowly on, dragging the load to our door. I asked the man if there wasn't some mistake about it. 'No ma'am,' said he, 'there's no mistake.' 'I did not order it, and I cannot pay for it,' was my reply. 'Never mind, ma'am,' said he, 'a friend ordered it, and it's all paid for.' Then he unhitched the oxen from the wagon and gave them some hay to eat. When this was done, he asked for a saw and axe, and never stopped till the whole load was cut and split, and piled away in the woodshed.

"This was more than I could stand. My feelings overcame me, and I sat down and cried like a child. But these were not bitter tears of sorrow. They were tears of joy and gladness, of gratitude and thankfulness. I felt ashamed of myself for doubting God's word, and I prayed that I might never do so again. What pleasure I had in using that word! Every stick of it, as I took it up, seemed to have a voice with which to say, 'Jehovah-Jireh.' As Abraham stood on the top of Mount Moriah, he could say, 'The Lord will provide.' But every day, as I went into our woodshed, I could point to that blessed pile of wood sent from Heaven, and say, 'The Lord does provide.'"

**KIDNEY COMPLAINT.**

Probably there is no complaint that afflicts the human system, which is so little understood at the present time, as the complaint of the Kidney. There is no disease which causes such acute pain and suffering as this, and which is so often mistaken for rheumatism, neuralgia, or other ailments. It is a complaint which is often fatal, and which, if not cured, will lead to a premature grave. The following is a remedy which has cured many cases of this complaint, and which is so simple and so easy to use, that it can be tried by every sufferer. It is a remedy which is so effective, that it has cured many cases of this complaint, and which is so simple and so easy to use, that it can be tried by every sufferer. **THE BEST MEDICINE.**

EARLY MANUFACTURED, AND 22, 1870.

MR. STEVENS: Dear Sir—I am seventy-one years of age, and have suffered many years with Kidney complaint, weakness in my back and stomach. I was induced by friends to try your VEGETINE, and think it is the best medicine for weakness of the Kidneys I ever used. I have tried many remedies for this complaint, and never found so much relief as I find in your VEGETINE. It strengthens and purifies the whole system. Many of my acquaintances have suffered with it, and I believe it to be good for all the complaints for which it is recommended.

Yours truly,  
**JOSIAH H. SHERMAN,**  
Boston, May 30, 1871.

MR. STEVENS, Eng.: Dear Sir—I have been badly afflicted with Kidney complaint for ten years, have suffered great pain in my back, hips and side, with great difficulty in passing urine, which was often, and in very small quantities, frequently accompanied with blood and excruciating pain. I have been induced by a friend to try your VEGETINE, and I think you are right in recommending it. I have been cured by your VEGETINE, and I think you are right in recommending it. I have been cured by your VEGETINE, and I think you are right in recommending it.

**ANNOUNCEMENT.**

On the 16th day of November, and in the city of Raleigh, the undersigned will commence the publication of

**THE OBSERVER,**  
A Daily and Weekly Democratic newspaper.

Of long experience in their profession as editors, respectively of the Fayetteville Observer and the Wilmington Journal, they do not affect to doubt the soundness of the general judgment which assigns them ability to furnish a newspaper suited to the needs and adapted to the tastes of the people of North Carolina. Differing in politics in the olden time, there was never a difference between the Observer and the Journal in zeal for the interest of North Carolina. To promote the one, and to uphold and add to the other, will be the object of The Observer now.

Of very decided opinions on questions of public interest, and apt to give strong opinions plain expression, they deem it the first duty of a newspaper to furnish its readers with the information necessary to the formation of their opinions—to publish all "the news" and their purpose is to make THE OBSERVER now, as of old, a truthful, accurate, condensed history of the times in which we live. It was thus that "the old Observer" won its hold upon the people of North Carolina, enjoying the affection of its party friends, receiving the respect and confidence of its bitter political foes, and commanding the admiration of its fair friends. You are respectfully invited to subscribe to a circulation larger than has ever been attained by an other North Carolina newspaper, and it is thus, by like dignity, and fairness that the editors of THE OBSERVER, transfer to the State Capital, hope it will deserve, and soon equal, and then surpass, its former circulation and prosperity.

It will be their high aim to deserve the public confidence by earnest efforts to promote the public welfare, first and foremost of North Carolina, next of all the Southern States, and finally, and through these of the whole Union. They think that this can only be effected by the prevalence of Democratic principles, and the dismissal of the Radical party from the places and power which they have so greatly abused and under whose hollow rule the South has been outraged and the whole country has been impoverished and disgraced.

PETER M. HALE,  
WILLIAM L. SAUNDERS.

**TO FARMERS,**  
MAKE YOUR OWN FERTILIZER,  
USE HARRIS' EMPIRE COMPOST  
Or Home-Made Fertilizer.

You can with these chemicals make your own Fertilizer at home, and thereby save the money paid for high priced commercial Guano. The cost is about one-fourth the price of commercial fertilizers. We will show by the following certificates, from parties who have used chemicals—for the past three years, that the result is much greater and therefore more satisfactory.

Four hundred pounds of this compost sown broadcast over one acre will produce you a double yield of wheat, and two hundred pounds per acre, under corn planted exactly three feet each way, will give fifty bushels of shelled corn to the acre on the poorest land.

One horse in one year will produce enough manure, which with the aid of our chemicals making it a concentrated manure, to go over twenty acres of land.

These chemicals should be bought in August and September for wheat crop, and from December to March for cotton and corn, as it requires from thirty to sixty days to make the compost perfect. Read the following certificates from the best farmers in the country:

MECKLENBURG COUNTY, S. C., December, 1876.  
Messrs. Wilson & Black—Gentlemen: We have sold and used Harris' Empire Compost in large quantities, and cheerfully say that it has given us greater satisfaction than any soil or used. We intend to use it this coming season. Yours truly,  
**CARROLL & CAMPBELL.**

UNION COUNTY, N. C., December, 1876.  
J. W. Harris—Dear Sir: I take pleasure in stating that I used your Empire Compost this past season by the side of other first-class fertilizers, and state that it beat all of them. Yours truly,  
**A. J. HOOD.**

UNION COUNTY, N. C., December, 1876.  
I used this year two tons of Harris' Empire Compost, and am so well pleased with it that I consider the formula alone worth \$100 to me, and I shall use a double quantity the next season. The cheapness of it, and the general utility, makes it indeed a boon to farmers. I never expect to use any other kind.  
**A. HENBY.**

BEAVER DAM, Union County, N. C., November, 1875.  
I certify that I have used Harris' Empire Compost and find it as good as any other used on Cotton, at about one-fourth of the price. One ton goes over ten acres.  
**T. L. DOSTER.**

BEAVER DAM, Union County, N. C., 1876.  
I certify that I have used Harris' Empire Compost, and find that it paid me as well as any other I have ever used under Cotton. I have used Bahama, Navassa, Carolina, Zell Am. Acid Phosphate, and find Harris' Empire Compost equal, if not superior, to any on my lands.  
**JAS. F. MARSH.**

KING'S MOUNTAIN, N. C.  
Messrs. Wilson & Black—Gentlemen: We certify that we and clients, bought of you last season, for making Harris' Empire Compost, and take pleasure in saying that they have given entire satisfaction to all that have used them, and all intend using large quantities this season. The cheapness of it makes it the most desirable fertilizer sold. Yours, very truly,  
**MAUNEY BROS. & ROBERTS.**

CABARRUS COUNTY, N. C., 1875.  
We, the undersigned, have used Harris' Empire Compost the past year, and take pleasure in saying that it is by far the best and cheapest fertilizer that we know of. We intend to use more largely this season.

CLEUNOVA, N. C., November 30, 1875.  
This is to certify that I have used five tons of the Harris Empire Compost this year, and find it equally as good if not better than any commercial fertilizer I have used or noticed used, even at the cost of sixty dollars per ton, making an increase of about 100 per cent, on a stubble land. I expect to use it this coming year.

PLEASANT VALLEY, Lancaster County, S. C., November, 1875.  
This is to certify that I have used Harris' Empire Compost and am very well pleased with it, as it not only presents me, but as good as any of the high priced Guano, the cost per ton making it the cheapest Fertilizer sold.

GREENVILLE COUNTY, S. C., 1876.  
This is to certify that I used Harris' Empire Compost last year on my land, for Wheat, and that I did not get a fair trial, as I used out one of the ingredients, but must say that where it was used my wheat was very better, and where I did not use it I find that it is very indifferent. I shall use six tons this Spring. I consider the formula invaluable to farmers.—

GASTON, N., May, 1875.  
Messrs. Wilson & Black—Gentlemen: It gives me much pleasure to state that I used the Compost bought of you last Winter, and must say that I am highly pleased with it. I used it on an old brown sedge field that would produce nothing, and must say the result is astonishing. I consider it an invaluable compost, and 'tist the thing needed to bring out our old, worn-out lands. Yours, very respectfully,  
**DR. J. F. SMYER.**

MECKLENBURG CO., N. C., 1876.  
I take pleasure in stating to my brother farmers all over the country that I used, last year, Harris' Empire Compost, under both corn and cotton, and the result was astonishing to all my neighbors.

The cost was only one fourth of what I had been paying for commercial fertilizers.  
**LENS HOOK.**

MECKLENBURG CO., N. C., 1876.  
This is to certify that I used Harris' Empire Compost last year side by side with several commercial fertilizers, and I find that the yield from Harris' Compost was one-fourth greater and the quality better than any. It makes the cotton mature better, and the fruiting, and it is preferable in every respect. The cost was one fourth the price of high priced guano, and one ton will go over ten acres of land.
