DISTINGUISHED VISITORS .- The venerable Dr. Plummer, of Columbia, S. C., spent several days here last week, on the invitation of the pastor of the Presbyterian church, Rev. J. Rumple. SALISBURY, Jan. 25, 1877. Mr. Frank Brown, and other Friends:

You, and others associated with you, conferred great favor upon me and my family, on the night of the 12th inst., by procuring and running an ex-tra train to Statesville, thus bringing us home so much earlier, to endure our sorrow among our riends, rather than among strangers. This was a very great kindness to us, and we thank our generous friends with all our hearts. And there were many other expressions and deeds of kindness done to us during this period of deep distress, which we will ever remember, and for which we will try to nake returns to such as are sufferers around us.

Your friend & pastor, in affliction, J. RUMPLE.

We have received a circular from Rev Henry A. Banks, agent for Davidson College in raising an endowment for the institution. The many friends of this grand old institution throughout this whole section of the country, will be gratified to know that Mr. Banks is making at least, an encouraging beginning in the work which he has undertaken. He has succeeded in raising about \$5,000. The circular States that the College is not involved in the embarrassment of serious debt, nor is it on the verge of despair as regards its financial condition, but still there is need that its endowment should be augmented. The present income from the invested funds of the college is barely sufficient to meet the annual expenditures There must be a greater margin in order that the finances may be placed upon a permanently secure foundation, adds:-One friend of the College has recently made the following series of liberal propositions, viz: To be one of one hundred to give \$100; to be one of fifty to give \$200; to be one of twenty-five to give \$400; to be one of twenty to give \$500.

If any one of these propositions is responded to, the sum of \$10,000 will be raised. If all the propositions are successful, the sum of \$40,000 will be real ized. And, in this latter case, this generous friend holds himself responsible for \$1,200 as his share.—Char. Observer.
