Excursion to Henry. On Friday 18th of May, there will be an Excursion train run from Salisbury to Henry and return same day, in the interest of the small Presbyterian congregation at Newton, for sometime past struggling to raise the means for building a church. The ladies of Newton oftener. have this scheme under their direction. and propose to make the Excursion as enjoyable, as possible. They will have ice cream and strawberries on this train, and in other ways secure the comfort and large party of ladies and gentlemen from disappointed.

of the money drawer taken.

Ladies' Excursion .- We renew the notice of the Excursion got up by the ladies of Newton, for Friday next. It is to be a nice affair, and for the benevolent purpose of raising funds to aid in building a Presbyterian church in Newton. There will be ample accommodation in seats, and an Ice Cream and Strawberry entertainment on the train and at Henry's.

Price of tickets from Salisbury and Third Creek to Henry's and return, \$1.50. It will be highly gratifying to the ladies of Newton to have a large delegation of their friends from Salisbury, and there is no reason why it may not be to them a very pleasant trip.

Now .- We are just now entering upon the most bewitching season of the year. The bursting flowers and unfolding foliage, so fresh and delicate in their new-born glory, woo the lovers of nature from their homes to seek in the wildwoods and the meadows the gratification of a imple passion for the breathings of Spring. It is a feeling confined to neither the aged nor the young, though in the young most active) the rich nor the poor, the educated nor the ignorant, but is chared by all alike, and to gratify it is vation and refinement. It is pleasing therefore, to see so many of our citizens improving this delightful season; for it evidences a sensibility of mind with a greater tendency to virtue than to vice. lieve of the beautiful is offended at deformity; and he is to be pittied who has none for the beauties of nature.

CAUNCHING OF THE SKIFF CHRISTIAN

As was announced in our last the launching of the skiff Christian Reid came off last Monday. The skiff and the Silver Cornet Band of this city, accompanied by a large procession of ludies and gentlemen in handsome equipages moved out of the city about 2 c'clock, P. M. The party eached the river about half an hour in adrance of the boat, which time was passed in pleasant jest and merry repartee. The river at this point (Sowers' ferry) is very wide and the water is remarkably still making it the best place (near enough) for pleasure rowing. The scenery is also Meroneys & Rogers'

They have also received the MEDAL, but as is well known, medals of equal merit have been awarded all articles deemed worthy or recognition; so that it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recognized in the Reports of the Judges, from which the following is an extract:

"THE MASON & HAMLIN ORGAN CO.'s exhibit of Reed Organs and Harmoniums shows Instruments of the FIRSTRANK IN THE SEVERAL RE-QUISITES OF INSTRUMENTS OF THE CLASS viz.: Smoothness and equal distribution of tone, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of wor manship, combined with simplicity of action." (Signed by all the Judges) The Mason and Hamin Organs at thus declared to rank first, not in one or two respects only, but in the SEV-ERAL REQUISITES of such instruments, and they are the ONLY ones assigned this rank. This triumph was not nuexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. PREPARED FOR IMMEDIATE USE.

207 PEARL ST. NEW YORK. From the thousands of purchasers of our PRE PARED PAINTS, we have vet to hear the first Complaint. The reason is apparent. Our paints have stood the test of years, where all other paints have failed in durability. Their covering capacity, being greater than any other paint, presents a practical dea of economy. Our paints are quaranteed in every particular,-the consumer assuming no risk whatever, as we will re paint any huilding on which our paints do ret

prove satisfactory; allowing a choice of English B. B. White Lead, or any other paint in use, FOR PALE BY
