

This week's issue of the Southern Home contains Gen. D. H. Hill's farewell... Mr. McDowell is an active, hard-working and deep thinking man.

Gen. Hill in his parting remarks says: In going to a distant field of usefulness and leaving the people I have loved so well and for whom I have risked my life...

THE STRIKERS WAR. This rumbling of communism having extended itself throughout the great rail road centres, like a blind, raging demon...

THE RUSSO-TURKISH WAR. LONDON, July 30.—Gladstone, in a magazine article, characterizes the reinforcement of the Mediterranean garrisons as a perfect example of the art of disquieting an annoyance on the one side, without conferring the smallest advantage on the other.

THE STRIKERS WAR. Many vain guesses have been sent forth at times from the frail ark of man's unaided reason. Some attribute it to the retrenching policy of the administration. Some to the concentration of wealth in the hands of the few, while poverty is the sad fate of the many.

THE STRIKERS WAR. Society is a vast machinery of wheels acting one on the other. Law is the great driver wheel, and without the oil of peace all works harshly and reciprocally wearing the driver.

PENNSYLVANIA. Threatening Attitude of the Miners at Scranton.—Every Industry Stopped and 30,000 Men Idle. PHILADELPHIA, Pa., July 27.

The worst feature of the present situation in Pennsylvania is the threatening attitude of the miners at Scranton. There is a panic and dread in that city and vicinity.

other. What a field here opens itself for the philanthropist—his aim being to increase a more kindly feeling between employer and employee—teaching capital that man is something more than a mere producing machine; and teaching labor that to lay violent hands on property is a crime—plunging the country in the deepest distress.

THE STRIKE ALMOST OVER!

Strikers Have Rarely Improved Their Present or Future Condition.

Uneasiness in New Orleans.—Prompt Measures of Nicholls. NEWS FROM ALL QUARTERS. ST. LOUIS, July 30.—Sunday was quiet. A number of companies of the citizens' guard have disbanded.

ST. LOUIS, July 29.—All trains except the Toledo & Wabash, have been sent out. Passengers and freight to-day are considerable. Objection was made, but after the arrest of sixty-five strikers, matters quieted. Guards were sent on all trains.

EVANSVILLE, July 29.—6 A. M.—The strikers organized in this city yesterday, and this morning they intend to parade the streets. It is feared that a general strike in all branches of trade will be inaugurated, and trouble is anticipated.

WILKSBARRE, July 29.—Twenty-five hundred miners have just concluded a meeting at Dor's Grove. They passed a resolution not to resume work until wages were raised twenty-five per cent; and the nine pumps are to be stopped until the company accedes to this demand.

STANLY CORRESPONDENCE. ALBEMARLE, July 30th, 1877. The crop prospects of this county are rather above an average with the exception of oats, which, as in a large portion of the State, came in short.

Farewell.—Rev. T. W. Dosh, D. D., pastor of St. John's Lutheran church of this town, last Sunday delivered his farewell sermon to a composite audience that taxed the utmost capacity of the house, and which must have been, both to himself and congregation, highly gratifying.

You can with these chemicals make your own Fertilizers at home, and thereby save the money paid for high priced commercial Guano. The cost is but one-fourth the cost of commercial fertilizers.

These Chemicals should be bought in August and September for wheat crop, and from December to March for cotton and corn, as it requires from thirty to sixty days to make the Compost perfect.
