Teachers, and the public generally, will please remember the meeting of the Teachers' Association on the 18th, inst-Prof. Tomlinson and McIver, two of the Instructors in the State Normal School at and Kluttz. Chapel Hill, have partially promised to attend, and will give us some of the "Normal" methods of teaching. This bids fair to be the most interesting meeting the Association has ever held, and all Teachers, male and female, thus notified, are urged to attend.

The public is cordially invited and expected to be present.

For the Watchman.

MR. EDITOR: Please intercede with the city fathers not to commit the folly of again filling up holes and bad places in our streets with red clay taken from cellars and excavations. Surely men ought to learn something settle on that basis. by experience. And if experience teaches any. thing in the matter of putting red clay in our streets, it is that it is the worst possible thing according to size. Watermelons from 25 that could be done. Better, very much better, table. that the streets should remain as they are rather than have clay placed upon them. It may look well in summer and answer a good purpose; but winter will come and the consequences of the error are known to all who pass our streets at that season.

Our correspondent S. is right. The red clay is certainly very unsuitable for the purpose for which it is employed. The material for filling holes should correspond as nearly as possible to that of which the street is composed, otherwise the difference must result in damage. Red clay is too soft and yielding for the graveled streets, and in wet weather will The Mansion Hotel in this place has cut up and spread out over the street struck its colors, yielding to the pressure | making travel more difficult and the road of the times. Mr. Rowzee has borne up ways more offensive.
