> WORK STOPPED .- We learn that work upon the Western Insane Asylum, in process of construction at Morganton, has been suspended for the lack of funds. At its last session the General Assembly appropriated \$30,000 to carry on this work, but we now hear that the institution is without a stiver and operation must suspend for the present. There is said to be a good deal of distress among the mechanics and laborers, many of whom came from a distance, who were engaged on the building. They are left without employment and without money. The State has spent too much money on this property to now abandon it and let what has been done go for naught. This would be not only a false economy, but actually an insane policy .- Raleigh
