A good many are enquiring: "Are you sare that this is a moral circus coming?" They want that point settled. We can't say positively till we hear the band.

The commissioners have had the gas' turned off on the streets, except in a few lamps on Main street. We hear a some little complaint about it. The people say the taxes have not been reduced, but if anything, is rather looking up, and that the money is spent in piling mud on the streets and other like needless expenditures. They think it not right to deprive them of light on the streets, and especially now, as the time of year is approaching when the street lamps are most necessary. We hope the Board will reconsider this step and if possible please the tax payers and the public.

A Beautiful Store .- BELL, the Jeweler has return from the cities with a very fine and beautiful stock of Silver-ware, Jewelry, Watches, Clocks, &c. He has also adorned his store with a number of new pieces of Statuary, altogether making it one of the most attractive stores in the city. Young gentlemen wishing to buy fine things to present to their adored, will be shown jeweled rings and sets of a quality and price equal to the highest ambition. The stock, when fully in, will be large and varied.

The ordinance reads as follows: That no beef or other fresh meats shall be hung up, or publicly exposed, on the streets or sidewalks, between the hours of 10 a. am., and 4 p. m., during the winter months, under a penality of a fine of \$500, for each and every offence. The same applies to fish. We think it a violation of the spirit of the law to expose these things in lanes or lots, close enough to sidewalks to be touched without moving off the walk. The Commissioners ought to have forbidden it altogether instead of allowing the morning, but certainly at no other time be able to remain longer.

OUR DREAM .- We had a dream last Wednesday night and as it pertains to a matter we intended to speak of, we will tell the dream:
