of the 28th. Six Pound Yam Potato from Lewis Ag-

ner. Providence township.

32 Rows,-Mr. Sifford has left at our office a ear of corn with 32 grain rows. It is the Maclamer corn.

The Bigest Potato .- Mr. John Lingle, 4 miles West, has produced the largest sweet potato of the season. Weight 10 lbs, when first dug. It is nearly round. and not unlike a cantelope in shape.

We notice that some of our people have been trapping and netting birds this season. Better be careful, or some one will be caught breaking the law, and will miss from their pockets the amount of a nice little fine. Every case should be reported and prosecuted.

The band connected with Hillard & Hunting's Pacific Combination Show pa raded our streets last Tuesday evening playing at a Sunday school air. It was the poorest band we ever heard—the best we can say for it is that it was wonderfully discordant.

Thursday the 29th, is the day appointed by Gov. Vance and Hayes to be obprayer for the bounteous of blessings of ble crime. God for the past year. The churches inthis city will be open in the morning of that day.

nnusual interest.

Last Tuesday was "circus day"-there were very few, if any more in the city, than usually gathers here on Saturdays. Maybe it was because there were no animals on exhibition—our people love to look at animals-emphatically this proves that our people care nothing for a show. Its the animals, we have always contended that it was only animals-ours are a moral people; finances compel them to be.

Sealded .- Mr. E. H. Marsh, and T. Fred and these gentlemen proceeded to exam- bottle cures us entirely. ine into the causes of said trouble. During the progress of this examination, (we are not engineer enough to tell how,) both of them were scalded severely on their arms.

The ascension of the huge balloon on last Tuesday, was the most attractive part of H & H's Show. It was inflated with hot air and when loosed, shot into the air like a rocket, with the "fool," (as some people are uncharitable enough to call him,) dangling to a horizontal bar, skinning the cat and cutting up generally. The balloon rose to the height of about three hundred yards and passed over seven blocks of buildings, and fell in the south novel sight to most of our citizens.

wards her dwelling house, together with the long expected sound. to the person alluded to.

the evenings of the 29th and 30th, under the auspices of Prof. W. H. Neave and Lady, will, we can confidently assert, be the finest and grandest musical entertainments ever offered in this State-rich and varied enough to please all tastes, even of the most select audiences in Metropolitan cities. The whole real musical strength of the city will be brought out in the most presentable and attractive mannerall the young ladies; all Mrs. Neave's pupils, and the two Bands, Senior and Junior, carefully trained in new music for the occasion.

No expense in time or money is spared to bring these concerts to the highest point of excellence. Such as obtaining the newest and finest foreign music, getting Prof. Lineback to come from Salem to put the two pianos in perfect accord, &c., &c.

The excursion train on the Western N. unfortunate thing in several respects. It inst; left here with only about 20 or 30 excur-

Killed .- Two of the negroes sentenced at the last term of Rowan Superior Court were killed last Thursday, at the head of the Western N. C. R. R., whither they had been sent to work out the sentence of the Court. Travis Haley and Rufus Young are the names of the convicts killed. Haley was sentenced to 3 years for larceny; Young to 10 years for an attempt at rape. It will be remembered that by the railroad." Young was tried at the Spring term of our Court for raping a white woman and was convicted, but got a new trial and was cleared at the fall term, but was taken in another case of the same nature, an attempt to rape a colored woman, and was convicted and sentenced as above stated. These two, and one other, at tempted their escape and were fired upon by the guard, with the above result.

In the case of Young, it seems that the just avenger of all wrong has meeted out served as a day of thanksgiving and to him righteous judgement for his horri-

respects. IT IS TO BE MADE.

We gather the following description of lar, from an exchange:

In anticipation of the passage of some silver bill a die has been prepared for the new silver dollar. It is a great improvement over the old. On the obverse side is a medallion head of Liberty, with sprigs of cotton and corn in place of the traditional fillet. The execution of the head is very fine, and the arrangement of the study was made of an eagle from life for the coin, but it did not prove satisfactory, The most popular Scientific Paper the die unreasonably high.

Our northern brethren without regard to race, sect or party or previous condition seem to be opposed to making silver money once more, and opposed to the repeal of the bill forcing a return to specie payments on the first of January 1879. The proposition to coin a new lot of the old time silver dollars, they term a legalized mode of swindling. They call upon the Senate to kill the bill, and they call upon Mr. Hayes to veto it. They are ready to make friends with any man of any party, white or black, that will unite with them in grinding the most out of their debtors. This is a significant fact, and one that should teach us of the South a lesson long to be remembered. We cannot soon learn that to take care of our Apropos to the above is the following material interest we must rely on our-C. R. and is warranted as harmiess as water. Price \$1.00. Office 35 Murray St., N.Y.

It is a plant that grows in the South, and is specially adapted to the cure of diseases of that climate. It is NATURE'S OWN REMEDY, Entering at once into the blood, expelling all scroflous, syphilitic, and rheumatic affections. Alone,

it it a searching alterative, but when combined with Sarsaparilla, Yellow Dock, and other herbs, it forms Tutt's Sarsaparilla science for the cure of old ulcers, diseased joints, foul

discharges from the ears and nostrils, abscesses, skin

diseases, dropsy, kidney complaint, evil effects of secret practices, disordered liver and spleen. Its use plexion, and builds up the body with . HEALTHY, SOLID FLESH. As an antidote to syphilitic poison it is strongly ecommended. Hundreds of cases of the worst type have been radically cured by it. Being purely veg etable its continued use will do no harm. The bes time to take it is during the summer and fall; and instead of debility, headache, fever and ague, you will enjoy robust health. Sold by all druggists. Price, \$1.00. Office, 35 Murray Street, New York.

On meeting a friend the fir-t inquiry is al ways regarding his health. Why? Because health is of the first consideration; yet many will sit in a cold, damp theatre, regardless of weak lungs and hacking cough. Discard some poles to a Rock Burke's N. E. corner, thence of the ephemeral pleasures of the day, such as theatre-going, cigar-smoking, &c., and invest your small change in something that will be a sting benefit. For instance, Conssens' Comound Honey of Tar costs only .. 0 cents, and will cure your Cough, Cold, and Il diseases of the Throat and Lungs. Try it. For sale at H. T. Trantham's Drug Store.

A Very Good Reason.

THE reason why only one sample bottle of MERREL'S HEPATINE for the Liver will be sold o the same person, for ten cents, by our Druggist, Theo. F. Kluttz is because of the enormous expense of importing the Hepatine into this ountry; but as there are fifty doses in the large size bottles, it seems two cents per dose is cheap enough afterall for a medicine that cores dys eysia and liver complaint. All who have not ad a sample bottle are entitled to one for ten zents at Theo. F. Kluttz's Drug store. Three Broadway, New York. oses relieves any case of dyspepsia, constipaworld. Regular size bottles, fifty doses, 1 00.

PREPARED FOR IMMEDIATE USE.

207 PEARL ST , NEW YORK. From the thousands of purchasers of our PRE-PARED PAINTS, we have yet to hear the first Complaint. The reason is apparent. -Our paints have stood the test of years, where all ther points have failed in durability [Their covering capacity, being greater than any other paint, presents a practical item of economy. Our paints are guaranteed in every particular, the consumer assuming no risk whatever, as we will re paint any building on which our paints do net rove satisfactory; allowing a choice of English
