### DEATH OF CHIEF JUSTICE PEARSON.

The sad news of the death of Chief Justice RICHMOND M. PEAKSON reached this place on Sunday last. The news spread from lip to lip; and the lowered tone, the reflective eye, and saddened countenance of each one who heard it. plainly expressed the sad loss which each one felt the State had sustained in the fall of this distinguished jurist. However men may have differed in their estimates of the man, while living, there were none, we think, who hesitated to admit his accurate and thorough knowledge of the law as a science; and we think bis legal those of any cotemporary Chief Justice in or two. any of the States.

The sudden death was such a surprise that the friends of the deceased had not considered the question of burial, and hence, we suppose, this apparent indecision. The long public service of the Chief Justice would naturally suggest the fitness of his final sepulchre at the Capitol of the State.

### WHAT IS THE REMEDY ?

The Hon. Geo. Davis, of Wilmington, whose name has been mentioned in connection with the Supreme Court Bench of this State, says he cannot accept the position because he cannot live on the salary, \$2,500 a year. We are an admirer of Mr. Davis, and rather regret that he is unwilling to serve the State for the pay allowed, but we presume other Eastern gentlemen, equally as well qualified, will be willing to occupy a position on the Bench of the Supreme Court for the salary allowed by law.

While speaking of salaries, we suggest to tax-payers that salaried offices in the State are increasing in consequence of State money being invested in public institutions. The Penitentiary at Raleigh, the Lunatic Asylum at Raleigh, the white and colored Deaf & Dumb Institutions at Raleigh, the Lunatic Asylum at Goldsboro, for colored people, the mammoth Lunatic Asylum at Morganton, the State School at Fayetteville for colored people, and the numerous other salaried State offices at Raleigh, are eating up the substance of the tax-paying and working people of the State.

Would it not be better to decrease the number of salaried officers and pay those we are obliged to have better wages, or on in the State and thereby stop appro- pecial interest to the farmer. It is very priations for the same ? If present schemes cheap, only \$1 a year, issued monthly; are continued and carried out, our people and in addition he proposes this year to may expect an increase of tax instead of send one dozen papers of fresh seeds to Illness of the King of Italy .- The Pope a decrease in these times of scarcity of every new subscriber, beans, peas and money. The roadways-the Talk of Doing Away with the System of roughest places-were the safest. It was odd enough to see ladies carefully picking their way in the middle of the street. One notably fleshy lady had two or three helpers -gyes-to steady her, and they were all very uneasy. One old colored madam went down on a sidling place, and slipped and scrambled to the lowest point. It is alarming hard on wheat and oats. The ground is bare and frozen several inches deep.
