

Carolina Watchman.

THURSDAY, FEBRUARY 23, 1876.

Insane.—Lucas Mitchell, well known in this part of the State, was sent to the Insane Asylum, Tuesday morning last.

Mr. Mitchell was at one time a man of excellent mind, and possessed social qualities which made him the center of circles he entered.

WEDNESDAY MORNING.

The papers are almost bare of news this morning; Jefferson Davis does not desire to have his name included among the Mexican veterans list.

No intimation as yet from official sources, as to what the President will do with the silver bill.

In a cabinet meeting it is reported that there was a hot discussion in regard to the L. B. R. Board.

Nothing new from the Eastern trouble.

Law Schools.—Since the death of Judge Pearson, law schools have been opened at several places in the State.

Review.—The Monroe Enquirer reports the progress of a religious revival in the Methodist church at that place.

Charlotte had an amateur performance in the theatre at that place last week, which seems to have given great satisfaction.

DEATH OF E. C. WOODSON.

Death in our household. E. C. Woodson, City Editor of the Observer, died this morning, a few minutes before 2 o'clock, after a brief and painful illness.

Edward Cromwell Woodson was born at Musgrove, Prince Edward county, Virginia, on the 9th of March, 1841.

In 1865, he became Editor of the Warrenton News; in 1869, he came to Raleigh with Capt. Samuel T. Williams and Messrs. Stone & Cuzell and established the Raleigh News, of which he was City Editor; in 1874 he established the Wilson Advance; and in March, 1877, he became City Editor of the Observer.

When the news of the Observer went to press on last Sunday morning he was to his bed. The Observer to-morrow (Sunday) morning will contain his funeral notice.

He was a man known to everybody and known everybody. He had ill-will to none.

Rome, Feb. 19.—9 p.m.—The conclave's second ballot was to begin at 5 o'clock this afternoon.

The Bonnoke News thinks it is safe to say that there is, in the county of Halifax, at least twenty thousand miles of fencing.

By BOWMAN, J.:—Miller vs. Miller, from Rowan. Judgment affirmed—action dismissed. Divorce mensa et thoro.

Action for divorce tried before Cox, J. at Fall Term 1877, of Rowan Superior Court. The facts are as follows:

The husband defendant committed acts of adultery with the housemaid in his wife's bed chamber, which were repeated at intervals during a period of less than nine months; the result of which was the pregnancy of the maid.

More recently another opening occurred upon the opening of Prodataria becoming vacant by the death of Cardinal Vannelli Casani. Pecci relied on his appointment, and leaving Perugia, he took up his quarters in Rome in the Faculty palace, but he was again unsuccessful.

WASHINGTON, PROCEEDINGS OF CONGRESS.

General News and Gossip.

WASHINGTON, Feb. 25.—Vice President Wheeler, who has been suffering from neuralgia, gave notice this morning of his intended absence for several days, and asked the Senate to designate a president pro tem.

SENATE.—Conkling, of New York, said he presented a petition of James Gordon Bennett, a citizen of the United States, now residing in Europe, asking Congress to aid him in the way he designed in seeking new discoveries at the North Pole.

HOUSE.—The usual call of committees. Nothing of interest. The impression favors the veto of the silver bill.

MIDNIGHT DISPATCHES.

SENATE.—Mr. Conkling presented the petition of young Bennett, that his yacht, Pandora, might climb the North pole with the American flag flaunting.

HOUSE.—The usual call of committees. Nothing of interest. The impression favors the veto of the silver bill.

SENATE.—The Senate amendments to the bill for the relief of the Eagle and Phoenix Manufacturing Company, of Georgia, were concurred in.

The bill to pension soldiers of Mexican and Indian wars was taken up, and Joyce, of Vermont, made a speech against it on the ground that it would be largely for the benefit of men who had fought against the government in the late war.

NEW ORLEANS, Feb. 25.—Thomas C. Anderson was called before the bar this morning. The motion in arrest of judgment was overruled, when he was asked if he had anything to offer before being sentenced.

TRENTON, N. Y., Feb. 15.—Jacob R. Freeze, for embezzling the funds of the depositories of the State Savings Bank, was sentenced to three years in the State prison, and an additional two years for conspiring to defraud; and Touch Freeze and Harry C. Freeze for the same offense were sentenced to six months each in the county jail.

James Laxton, the negro who has been twice convicted for rape, committed on the person of Nancy Barlow, a white girl, in this county, nearly two years ago, is to hang. The Supreme Court refused to grant a new trial, on the grounds that there was no error.—Lynch Topic.

THE GREAT EASTERN QUESTION.

LONDON, Feb. 25.—The peace meeting was a disastrous failure. Resolutions were put to and carried by a knot of persons who surrounded Mr. Bradlaugh after he had been driven from the platform.

PARIS, Feb. 22.—It is affirmed that the question of the cession of territory to the Russians in Asia, the war indemnity and the limits of Bulgaria will be excluded from the deliberations of the conference.

LONDON, Feb. 25.—The Times' Pera dispatch states that Russia demands that peace shall be concluded before the 2nd of March, and that Mussulmans shall quit Bulgaria within a year with the right to sell their property.

Admiral Cammerell, commanding the division of the British fleet remaining at Gallipoli, has placed ships on both sides of the promontory so that their guns can sweep it from shore to shore, and boats patrol nightly to prevent the laying of torpedoes.

Suleiman Pasha has been sent to St. Jean Daire without trial and will probably receive adequate punishment.

The Reuter telegram company has the following dispatch from Constantinople, under date of February 25th: "One regiment or detachment of Cossacks and a special company detailed as an escort to Grand Duke Nicholas, entered San Stefano, Sunday. The Russian division commanded between Ruzhich, Chelmedje, San Stefano. Formal peace will probably be signed to-day."

The Times' Pera dispatch says: "As a reward for the Porte's ineffectual efforts to keep the British fleet out of the Dardanelles, the Czar has consented that Russia shall not come nearer to Constantinople than San Stefano, but at the same time informs the Porte that he had great difficulty to prevent Grand Duke Nicholas from marching into Constantinople, as the conquering Russians are coming to San Stefano as friends, not altogether on the invitation of the Sultan, but with his consent and Grand Duke Nicholas will probably be invited by the Sultan to enter Stamboul with a military escort. It is expected that peace will be signed to-morrow (Monday), the Turks accepting all the conditions except the two about the immediate surrender of the iron clads and the payment to Russia of ten millions roubles in cash, and forty millions sterling in bonds. The Turks have yet received no invitation to be represented at congress."

The Times' second edition has the following dispatch from its St. Petersburg correspondent: "A much better feeling prevails here to-day. The motus civendi with England, touching the straits and the presence of the British fleet in the sea of Marmora is regarded as satisfactory in official quarters. I have reason to believe that there is no present intention to occupy Constantinople."

LONDON, Feb. 25.—A special dispatch to the Times from Vienna, says the Hungarian ministry and delegations will readily grant the vote of credit asked for by Count Andrassy, the Austrian-Hungarian premier, but the Austrians will probably offer opposition. A strong party both in the Austrian Reichsrath and delegations favor peace at any price. They may, however, be driven from their positions by the necessity for self-preservation. If they were ascertained at the outset that Austria in no case would stand up for what affects her in the East, she must prepare to meet with pretensions so exaggerated as to make her resist them, arms in hand, or else resign herself to the course of events."

PROSPECTUS OF The Davidson Record. The Davidson Record, well known to the people of Davidson county as the campaign paper of 1876, is designed to meet a public want of the business men and of the interests of the county. The time has come when almost every county finds it indispensable to have a public journal of its own to represent its interests and to record the facts of the same. There is no county in the State that would not be greatly benefited by a journal within its bounds especially devoted to the promotion of the local interests of the community. Such a paper appeals very strongly to the patriotism and pride of the citizen; it serves, and every citizen should give it his countenance and support it liberally, as a means of increasing its usefulness and extending its influence at home and abroad. The stronger it becomes, the more it will keep himself well informed in respect to public affairs, and to take a decided, and manly part therein, it is especially the duty of the editor of a newspaper faithfully to investigate all questions of public concern, and give to his readers the facts of the same. The undersigned pledges himself to be true in this regard. He will not knowingly deceive his readers for the sake of party or anything else; but by laying before them the facts, as they are enabled to obtain them, will endeavor to give to his readers the facts of the same. As political matters now stand, his personal convictions are most decidedly in accord with the views and feelings of the Democratic Conservative party. He believes that the efforts of this party in 1876 were frustrated by the grasp of greedy and corrupt politicians in high places the civil liberty that we now enjoy. He regards that great victory as second only to that gained by the fathers of 1776. The danger was imminent, the constant tendency fatal, but the courage, wisdom and devotion of the Conservative party proved itself equal to the occasion, and gloriously rescued the imperiled liberties of the people. While that party shall continue more pure and truly patriotic than any other, he intends to be fully identified with it. But the main design of The Record is to serve the county of Davidson in all the ways it may be possible to advance her interests and promote the welfare of her people. And to this end the undersigned desires such intimate relations with her citizens as shall enable him to perform his duty efficiently. The paper will be published weekly at 11 a. m. in advance. It will be small, but neatly printed on new type, and the proprietor hopes to make up in quality what may be lacking in size. The first number will appear about the first week in January, 1878. Very respectfully, C. H. BRUNER. JOHN DAVIDSON, Adm'r. D. B. N. Conre Testu next of D. Waddell, Jan. 29th, 1878. 1537.
