

**LOCAL.**

The martins have put in their appearance.

Holzinger has put on sale another brand of his popular cigars: the "Daisy."

Mr. B. F. Rogers, of Meroneys & Rogers, has gone to New York. He left Tuesday morning in "smiling" spirits.

Score one each for D. A. Atwell and S. J. Swicegood. Boys, This makes four for the first named in the last three and a half years. Good.

Read Moore & Thompson's notice in this paper—Commission Merchants in Raleigh—and see if they can't do something for you.

Capt. W. H. Richardson still improves the National Cemetery. We notice new shrubbery and trees are being planted, and the drive graded, &c.

Gov. Z. B. Vance passed through on route for Raleigh, last Monday. He had been up the Western Railroad, examining the progress of the work, &c. He is looking as handsome as usual.

A small jet lock was lost last Wednesday night between Ennis's Drug Store and the Opera Hall. The finder will be liberally rewarded by returning it to Geo. Woodson at the above named Drug Store.

As yet there are only two announcements in for the Sheriffalty. It don't port a fortune—we hope all the candidates will send in their cards. We have a column reserved for that purpose.

Few ink slingers in this section are favored with bouquets from "away down South," where the orange blossoms grow. We return thanks to fair hands for distinguished favors.

The skiff, "Christian Reid," is undergoing repairs. A mast and sails are also being constructed. Our young people will be glad to learn this; for but few have failed to enjoy an evening's pleasure sailing in this beautiful craft.

Mr. J. F. Ross, of Ross & Greenfield, has returned from the northern markets and says he has the prettiest lot of goods ever brought to this market. They have had their store newly painted—making the place look fresh and inviting.

PIKE WHEAT.—Mr. Thos. E. Brown has the finest lot of what we have seen. It will average about 8 inches. This lot shows what thorough working will do. The ground was ploughed twice and harrowed before sowing and harrowed and rolled after. Stable manure only was used.

Manning of the Danville, Va., News, made us a "pop" call last Monday. He only stayed about ten minutes, and during that time gave us a description of the Mardi Gras of New Orleans, of the three last girls he fell in love with and of his trip up the Western Road. He can talk when he tries, but he was feeling badly that evening.

Capt. A. G. Halyburton has been appointed Superintendent of the Western N. C. R. R.

Mr. E. H. Marsh has been removed as Master Mechanic in the car shops of the W. N. C. R. R., for the reason we know not. Mr. G. V. Gates has been appointed as his successor. It will be remembered that Mr. Gates served in this capacity very acceptably for several years and we are glad, since there is a change, that he is back with us.

BOYDEN HOUSE.—The arrivals at this popular Hotel for the week ending the 19th instant, sum up ninety-seven, among whom were—Gov. Vance and wife, Col. J. M. Heck, Col. H. C. Jones, B. B. Roberts, Esq., W. T. Manning of Danville, Hon. W. T. Dorfle, Gen. W. P. Roberts, R. H. Battle, Jr., Col. J. I. Seales, V. V. Richardson, W. A. Moody, G. W. Gates, and gentlemen from Richmond, Baltimore, New York, Philadelphia, Nashville, Norfolk, Pittsburg, Michigan, Charleston, Cincinnati, Louisville, &c.

The Cluster Meeting at Franklin.—The Officers of the Presbyterian Churches in Rowan and Davie, met at Franklin church on Monday last, representatives being present from Salisbury, Tryphina, Third Creek, Unity, Mocksville and Franklin. The exercises were opened with a sermon by Rev. J. Ruple, on "Woman's work in the Church," and Prof. Richard Sterling read a most interesting paper on "Bible Study." The principal subjects of discussion were, "The responsibility of church officers to supply their congregations with instructions," "The reading of Religious Newspapers on the Sabbath," "The development of the pecuniary resources of the church," and "The best method of conducting Sabbath Schools." The discussions, like their subjects, were eminently practical, showing how the several speakers attempted to perform their duty; and by the blessing of God cannot fail to do good.

The next meeting will be held at Bethesda, on Monday after the 1st Sabbath in June.

Lead Flag of the Commune—Cuban Insurrection.

NEW YORK, March 18.—There were services at all the Catholic churches in honor of St. Patrick, and Beethoven Hall was gayly decorated in red, and crowded, both men and women wearing the same color in honor of the seventeenth anniversary of the commune.

Yesterday, also, a meeting of the Cubans opposed a surrender. The meeting was large and excited. President Juan Armas presided. General Cespedes and others spoke, urging a renewal of the struggle. A committee of fifteen was appointed to select a revolutionary committee of five to look after Cuban interests.

**TO THE FARMERS.**

Who want chemicals, for composting with stable manure and cotton seed, I would say that in addition to my usual supply of Navassa and Pacific Guanoes, I have several formulas (or recipes) and necessary chemical compounds to make up same, at prices from \$10 to \$12 to make a ton, which includes Acid Phosphate, the principle part of compound, which I buy in ear load quantities and therefore reasonable, I can sell at considerably less than other parties. Call and examine for yourselves. No charges made for formulas.

**A NEW HISTORY OF THE WORLD.**

We take pleasure in acknowledging the receipt of the advance sheets of the latest publication of the National Publishing Company. The History of the World, embracing full authentic accounts of every nation of ancient and modern times and including a History of the rise and fall of the Greek and Roman Empires, the growth of the nations of Modern Europe, the Middle Ages, the Crusades, the Pentateuch, the Reformation, the discovery and settlement of the New World, &c., &c. It is from the pen of JAMES D. MCCABE, an author well known for his historical writings, who has devoted years of study and research to the production of this volume. The book is literally a library in itself, and is one of the most valuable works ever offered to the public. It presents to the reader a mass of information respecting ancient, mediæval and modern history not to be found in any other book, and does this in the most fascinating and entertaining manner. It brings up before us the various great men of ancient and modern times—the warriors, poets, statesmen, sages, and orators—and shows them to us as they really were in life. The work is invaluable to every reading person, and should have a place in every household. The mechanical execution of the book fully sustains the high reputation of the publishers. It contains 1,200 large double-column pages, and over 650 fine engravings illustrative of the events recorded in the narrative, embracing battles and other historical scenes; portraits of the great men of ancient and modern times, and views of the principal cities of the world. The engravings in this book are genuine woodcuts, and were made at a cost of over \$25,000. The great number and high character of these engravings make this the most valuable art publication of the century. A prominent feature of the work is a complete History of the late War between Russia and Turkey—the only one in print. It is the most complete and reliable history of the world ever published, and agents who take hold of it will reap a rich harvest.

The book is for sale by subscription only, and the publishers want agents, as will be seen by their advertisement in another column.

**FROM THE FAYETTEVILLE GAZETTE.**

**"COME AND LET US REASON TOGETHER."**

FAYETTEVILLE, N. C., March 7.

The interest of the town of Fayetteville demands that something should be done to relieve the heavily burdened taxpayers from the heavy taxes which are so distressingly affecting them, and which stand in their pathway to prosperity. Come, then, and let us reason together, and see if something cannot be suggested to bring about this most desirable change in our affairs, and place us once again on the high road to better times. To accomplish this good, we must approach the subject with the gravity its importance demands. Political considerations, local and personal prejudices, must be made to stand aside, and the one grand and paramount object dispassionately discussed.

**WHAT CAN BE DONE TO RESTORE OUR PROSPERITY?**

In the first place, it is conceded by every one that we must get clear of the heavy railroad tax, which is so grievous and which stands at the very threshold of our advancement. And the question very naturally is asked, "How can that be done?" I will suggest one way, and one which, I think, can be accomplished. The State of North Carolina owns nearly the whole of the Western North Carolina Railroad. It was purchased by the State to secure the large interest held by the State, and which she was about to lose. Its terminating point is Salisbury, and it terminates at the Tennessee State Line. The State, with convict labor, is now grading the unfinished portion of the road, and preparing for the iron, ten miles of which has been recently purchased for use beyond the mountains. We hope the day is not far distant when this important State work will be completed. Then will be opened to the rich, fertile valleys and mountain slopes of our western counties, giving to the people an easy and direct communication with the rest of the State and to our seaports on the Atlantic. This Western Extension has been a favorite movement with intelligent citizens of the State for nearly forty years. It will be the early railroad projects from 1830 were with a view to accomplish this object; a connection of the head waters of the Cape Fear river at Fayetteville with the far western counties of the State, by way of Salisbury. As a proof of this look at the proceedings of all the internal improvement conventions at every point, wherever a meeting was held in the State, and to the charters granted by the legislature to carry out this object.

"But," you ask, "what has all this to do with our present impoverished condition? How can that benefit us now?" I'll tell you: Let us carry out the original project of our fathers, let us work together, regardless of all other considerations, and give the State of North Carolina to assume our own and county indebtedness incurred for the Western Railroad, and for so doing let us surrender our interest, on the condition that the State will extend the road to Salisbury, and then connect and consolidate it with that great State work, THE WESTERN NORTH CAROLINA ROAD, so that the State may own an entire line of railroad running nearly centrally through

**Returning Board Anderson Released by the Supreme Court.**

NEW ORLEANS, March 18.—In the case of the State vs. Thomas C. Anderson, on appeal for a new trial, the Supreme Court has reversed the verdict of the jury and ordered the prisoner to be released.

WASHINGTON, March 18.—Private advices state that the court decided that the forged paper uttered was not a public document and that the indictment was defective.

Senator Matthews received the following from New Orleans: "The Supreme Court decides that the Vernon parish returns were not susceptible of forgery, and Gen. Anderson is discharged. This ends the whole case as to the other members of the returning board."

**IRISH UP.**

**Irish and English in Trouble in Canada.**

NEW YORK, March 18.—A special from Toronto says: "The Irishmen who have engaged O'Donovan Rossa to lecture here to-morrow applied to Archbishop Lynch for the use of St. John's Hall, Bond street, but his Grace through Father McCann, his secretary, denounced Rossa as a fraud and refused the hall. To-day a letter from the Archbishop was read in several of the Catholic churches condemning those who had engaged Rossa and urging the people to keep away from the lecture. St. Patrick's Hall in Market Place has been secured. The mayor and chief of police have made arrangements for the presence of the entire force of 125 men in case of a riot, and picked companies from Queenstown have been ordered to hold themselves in readiness. The Orange youth are very active, and if Rossa appears he will be attacked beyond a doubt."

**Tragedy at Cross Creek.—The Fayetteville Gazette reports a sad affair in that place, on the authority of "Gillespie"—a book agent blown out by a blunderbuss—leaving on the floor nothing but "the small bit of brains the bookman bore."**

The fellow was trying to sell books to a man who couldn't stand his talk.

**WEAVERS' STRIKE AT OGDON.**

LOXNOX, March 18.—The strike and lock-out of the Ogdon weavers has now lasted a month and neither side seems inclined to yield. The strike commenced with six hundred weavers, but now includes between five and six thousands. Hundreds of the operatives in other departments, are kept idle in consequence of the stoppage of work by the weavers. Great distress prevails.

**The South Carolina Campaign.**

(Charleston News and Courier.) The great political campaign of 1878 will be opened by Governor Hampton and others at Anderson, on the 27th instant. There will be a grand inspection and review of the troops of the county by the Governor and Adjutant General on that day, after which the Governor will make a speech upon the political prospects of the party and the policy to be pursued to insure success. A grand demonstration is expected.

**A Remarkable Result.**

It makes no difference how many Physicians or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., &c., German Syrup never had an edge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all Druggists in America.

**YES.**

We can change a fifty dollar bill if you want a bottle of GLOBE FLOWER COUGH SYRUP, the greatest Cough and Lung Remedy in the world; or if you want to try it first and see if what the Hon. Alex. H. Stephens, Ex-Gov. Smith, Ex-Gov. Brown and Hon. Robert Toombs of Georgia, say about it is true, you can get a Sample Bottle for ten cents at Theo. F. Klutz's Drug Store, that relieves an ordinary cold. The GLOBE FLOWER COUGH SYRUP never had an edge of Boschee's German Syrup. It positively cures Consumption when all other boasted remedies fail. Sample Bottles, ten cents. Regular size, fifty doses, \$1.00.

**NEXT TOWN.**

Ahead where they loay you a dollar and chalk it down till to-morrow, for a bottle of McKEE'S HEPATINE for the Liver. The enormous expense of importing the ingredients of this great liver medicine into this country, is why our Druggist, Theo. F. Klutz, sells but one simple bottle to the same person for ten cents; but as there are fifty doses in the large size bottle, it is cheap enough after all at two cents per dose, for a medicine that has never been known to fail in the cure of dyspepsia and all diseases of the liver. It has never failed in the cure of liver complaint when taken as directed, no matter of how long standing the disease. It cures Chills and Fever, Constipation of the Bowels, Dyspepsia and Liver Complaint. Sample Bottles ten cents; regular size, fifty doses, \$1.00.

**A CARD.**

To the People of Rowan.

I hereby announce myself a candidate for the office of Sheriff of Rowan, at the election in August next, subject to the decision of the County Convention. I am a believer in the sound old doctrine which was enunciated and acted upon by Washington and the founders of the Republic, that there should be frequent rotation in office. If one of the great fundamental principles of all free Republican governments, that the rulers, the office holders, should be frequently taken from the ranks of the people. As a general rule this principle is acted upon, and Presidents, Governors, Congressmen, Legislators and the like, are frequently changed. And why should the office of Sheriff be made an exception to this rule? Does it require more ability or integrity to fill this office than all those? Or is it true that there is but one man in the county in a generation of men, who is competent to fill the position? To say this, is to insult the intelligence and the integrity of every good man in the county. As I do not expect to descend to personalities, I shall say nothing of the present incumbent. I will however, do him the justice to say, that in the main he has filled the office creditably, but is that any reason why he should hold it for life? Two years ago he said to the people, "I pledge you my time, and I shall not want the money any longer." How is he fulfilling this solemn pledge now? Does he deny it? Let him do so if he can. I desire to ask him this question:—Does he intend to abide the decision of the township and county nominating conventions? For myself, I can only say, that if elected, I shall be content to discharge the duties of the office for not longer than two terms, and then give way for some one else.

Very respectfully, THEO. F. KLUTZ.

P. H. Cain; Plaintiff, Superior Court of Davie County, T. A. Nicholson; Ex'r, Davie County, S. Samuel Holman; Defendant.

Upon the affidavit of the plaintiff, it is ordered by the Court, that publication be made in the "Carolina Watchman" for six weeks, notifying Mary Smoot, William Holman and David Holman, who are non-residents of the State to appear at our Superior Court, at the Term to be held on the 2d Monday after the 3d Monday of March, 1878, and answer the complaint filed in this office, or judgment will be rendered in his favor. Plaintiff, for the relief demanded in his complaint. H. B. HOWARD, Clerk Superior Court of Davie County. Feb. 6th, 1878. 17:6t.
