The North Carolina Press Association will meet at Sparkling Catawba Springs on the 3rd of July, instead of the 30th.

Rev. J. Rumple has gone to Knoxville, Tenu., to attend the meeting of the Southern General Assembly which convenes at that place this week.

Some thief took from the coop of Mr. B F. Rogers all that he possessed in the poultry line, last week. Among them some pet chickens belonging to his little daughter.

Mr. Juo. Calhoun Ramsay, father of the junior editor of the Statesville Lankmark, died in that place on the night of May 1st, after a slice illness.

Rust, it is said will greatly damage the wheat crop of this county.

We notice that the rice birds of eastern Carolina in large quantities, are feeding on the wheat and oats.

Our eyes long to gaze on that beautiful square box, elegantly poised on wheelscommonly called the street sprinkler. Trot it out and cut down the dust.

P. S.—This squib was written before the cold rain set in.

Raging .- The Telephonic mania is raging at its fullest extent among young and old of this-"you can't lose me"-city. The average boy now has his oyster caus covered with raw hide and about 20 feet of waxed string-happy when he can get some one to talk with.

Mr. Wallace F. Gray, has been elected captain of the new military company. We congratulate the company on their choice and will venture to say that they have chosen wisely. We only know this organization by "the new company." It is rumored that it will not be called favorable omen.

The String Telephone is the rage here just now; and without doubt it is a very surprising thing. Without a magnet or any expensive machinery, words and songs are convey along a waxed string for hundreds of yards and delivered at each end feet of delivery. One can searcely believe

A Portable House .- A man in Davie County leased a tract of land from a land holder, for three years. There being no house on the place, the lessee obtained permission to use a house on an adjoining tract. The land owner became tired of his County Convention. tenant and in order to get clear of him, refused the use of the house and also told him that if he built on the place he should not move the building. The lessee built a chimney-a rough one-and then constructed on truck wheels, a house 18x20. and rolled it against the chimney. He says that when the lease is out he will roll the other portable property. This is decid- ed. And why should the one office of Sheriff edly a smart trick.

I am a believer in the sound old doctrine which was enunciated and acted upon by Washington and the founders of the Republic, that there should be frequent rotation in office. It is one of the great fundamental principles of all free Republican governments, that the rulers, the office-holders, should be frequently taken from the ranks of the people.
