

LOCAL.

Heavy rains in this section Saturday and Sunday.

The National Hotel sports a newly printed "buss."

Our devil advertisers in the Business Local for a wife. Don't all the girls speak at once.

The colored people are making preparations for decorating the graves of the Federal soldiers buried here.

Levard B. James, a young farmer, has shown us a lot of very fine Irish potatoes raised this year. They were of the Early Rose variety.

The Hickory Press says that the citizens of Hickory will give the Editors a reception on their return from the Sparkling Catawba Springs.

The city Aldermen have purchased a new lot of the latest pattern of street letter-boxes. They are distributed to the best advantage in the city. Secure one for the new board.

The Educator, is the name of a paper just started at Happy Home, N. C. It is devoted to the Educational interest of N. C. A very laudable undertaking—hope it will stick to the subject of its mission and not dabble in politics.

How cool!—Yes, that's what everybody wants to know—how to be cool—Barker is making the best Soda Water to be had in these parts. He fills a glass half full of shaved ice, which makes the soda cold and nice.

We return thanks for an invitation to attend a Concert to be given by the pupils of Simonton Female College, Tuesday evening, June 4th, at 8 o'clock. They present a handsome programme of choice selections. Hope to be able to attend.

The new commissioners in their report of proceedings, speak of taking out a pump, &c., at the corner of Lee and Fulton Streets. Now Fulton street runs parallel with Lee and there are four blocks between them. We are anxious to know where they intend to make the corner.

DIED.—On last Sunday, May 26th, in Salisbury, N. C., Mrs. Elizabeth Gray, in the 61st year of her age. She was a worthy member of the M. E. Church, South, in this place, and died in the triumphant faith of the Christian after long and severe affliction.

On Main street, the water runs on one side up the street, on the other, down. Some of our citizens remark that it can be explained by the fact that the commissioners have been trying to make water run up hill for the last 40 years—it really looks that way.

Some fear it is that the Court House will be washed away during some storm, unless the drains in that vicinity are cleared of obstructions. Judge Cloud is missed a great deal in this section—the roads also need work—which would be done if Cloud was holding our Courts.

Rust in the Wheat.—Our farmers say that the wheat crop is much damaged this year, owing to rust. We notice along the line of the Western Railroad that the wheat is in very bad condition—some of it not more than knee high, and the young leads blighted by rust. There will hardly be a half a crop in this section.

A girl will go to Sunday School and sing: "We'll stand the storm, it won't be long," as brave as any boy, but the first loud peal from a thunder storm during the night will send her to her mamma's room in less time than it takes to tell it. In this respect, girls are like milk; they sour when it thunders—on that song, at least.

Some parties (believed to be colored), entered the back window of the residence of the Rev. C. Plyler on last Sunday and took a lot of cakes, sugar and butter, and did other things not to be mentioned here. Mr. Plyler and family had gone to Gay's Chapel, where he preached in the forenoon.

Patent Self-Acting R. R. Switch and Smooth Frog.—Mr. W. A. Weant, of this place, showed us his patent self-acting switch and smooth frog. It does away with the pointed frog, and also the switchman—the engineer having perfect control of the track. It is the best thing of the kind yet invented; so say the railroad men.

Prof. W. H. Neave has returned from Goldsboro. He has been engaged with the Band of that place, and gave on last Thursday evening, a Grand Concert—the programme containing sixteen fine selections. "Music is the art of the Prophets, and is the only art that can calm the agitation of the soul and put the devil to flight."

A countryman, forgetful of the day, drove into town last Sunday to do his trading. Finding the stores all closed he inquired in one of the Drug Stores the cause. When informed that it was Sunday, he exclaimed: "My G—d, you're joking!" He was soon convinced and "lit out" like a good man ought to have done—and went on his way repenting.

DROWNED.—A colored woman named Hargrave, was found dead in Yadinin River last Sunday, lying against one of the pillars of the old Locke Bridge. She was subject to spells or fits of insanity and was usually fastened up when they came on. Last Friday night one of the "spells" came on her and she escaped without any one seeing her. She was not heard of again till her body was found in the river.

CLOSING EXERCISES OF CATAWBA HIGH SCHOOL.—The closing exercises of this school, under charge of the Revs. Clapp and Foil, took place at Newton last Tuesday. Gov. Vance delivered the address, which was practical and to the point. His theme was practical education. Gov. Vance has been preaching this all important subject to the people of this State for years, and to our knowledge, there is not, in the State, a single institution designed to fit a boy to be a farmer or mechanic. On the contrary, all are giving young men what is known as a liberal education; for which the majority of the people have no use; because the majority of the people have to work, and they want an education to fit themselves specially for what ever trade they propose to follow. Vance says you may stop latin to a mule all day and he won't move a peg; but yell out "git up" and away he goes. Give the farmer boy an education in Agricultural Chemistry, and leave off the Latin and Greek. We would like for the Governor to have his ideas on this subject published—and we would be much more pleased if the teachers would give their attention to the matter. Let some enterprising man start an institution of the character described and he will find that it will prove a success, both financially, and to the great good of the rising population.

The young men who took part in the exercises showed that careful and sound instruction had been given them and they reflected credit on themselves and their preceptors. Band "No. 2," of this place, furnished the music and we believe pleased all—they say they were treated as good as the Governor and will remember their trip to Newton with pleasure. They also return thanks to the Piedmont Press, for its complimentary notice.

A Bad-Face Lie. (From the Herald Dispatch.)

A telegram from Asheville, N. C., reports that the story published in the Pioneer stating that Ball Mountain had been rent, and which was substantially telegraphed to the Herald last night, is a fabrication—a lie out of a whole mountain. Somebody dug a hole in that hill and let get up a sensation. If all that stuff—elephant description of the mountain—the location of the fathomless chasm, &c., was a lie, it was a well, who started that joke any way?

P. S.—Mr. Cummins, correspondent of the New York Sun, called on us and states that there is a crack on the mountain—about fifty yards long and six feet wide; also, that there was no shock, or earthquake. The mountain is covered with cracks of different sizes. There is no evidence of volcanic action.

A BAD CONSCIENCE DOES NOT trouble children, but worms make their nights sleepless and kills them. One 25 cent bottle of Shirin's Indian Vermifuge will save them from disease and death.

A man in Illinois committed suicide by drowning, lately, in six inches of water. He couldn't have done it alone, but his wife, with that self-sacrificing devotion and helpfulness so characteristic of the sex, sat on his head.

DR. L. VINSANTE is meeting with extraordinary success. We learn of evidences of his ability to cure from various points and in town, where he is producing recoveries in most extreme cases that heretofore were considered hopelessly incurable. Day after day we see the crippled, deaf, blind, and sick entering their way to obtain treatment of Dr. Vinsante. The doctor guarantees to remove every species of Cancer, in the first stages, in seven days, without surgery, danger or pain. Also, receives under treatment, Asthma, Bronchitis, Rheumatism, Kidney disease, and all chronic complaints; and remedies and corrects every species of deformity, viz: club-foot, drawn limbs, spinal curvatures, etc., and all female difficulties. Consultation rooms at National Hotel, Salisbury, is permanently located here. (It.)

BUSINESS LOCAL COLUMN. \$2.50. We have made arrangements with the publisher of that excellent Agricultural Magazine, "The Carolina Farmer," at Wilmington, N. C., by which we are enabled to offer it and the "Watchman" for \$2.50 a year. A better bargain is rarely to be had. Send in your orders.

Wanted.—A good young lady, worth a fortune of herself, for a wife. Address M. Box 32, Salisbury, N. C.

Editors Watchman: Please announce the following ticket for the General Assembly: For the House of Commons: WILLIAM H. CRAWFORD, DAVID BARRINGER. MANY CITIZENS. 2833m

To The People of Rowan County. I learn that certain gentlemen are industriously engaged in circulating a report to the effect that I am, if elected to the Legislature, pledged to a division of this county. The report is false. I have never been asked to make such a pledge.

If gentlemen are not satisfied with my simple denial, I demand of them the publication of all their information on the subject, and in my own language, that others may judge of the import of the same. I shall, at the proper time, be able to satisfy all anxious ones on this subject as to all my acts; if they are expressed, and give my views on the privileges of a citizen, and the duties of a representative of the people.

Should I be called by the grace of the people to represent them in the next Legislature, their will will constitute the basis of all my acts; if they leave me in the quiet pursuit of my farm affairs my will will be the rule of business here. I thank my friends for the consideration already shown, and shall await with resignation their further action, assuring them I shall be satisfied with what they do. Very respectfully, H. C. BOST.

WANTED.—Young man as Correspondent and Agent at Salisbury, N. C., also one in each neighboring town. Good pay for actual work. Address with references (stamp for answer) Mercantile Bureau, Chicago, Ill.

To the Voters of Rowan County. I hereby announce myself as a candidate for re-election to the office of High Sheriff of Rowan County, at the ensuing August election, and will, I think, be able to satisfy the people that I am acting in good faith. C. F. WAGGONER. May 22, 1878. 31te.

DELEGATES TO STATE DEMOCRATIC CONVENTION.—Hon. F. E. Shoiber, Jas. E. Keit, Hon. Chas. Price, J. M. Horth, Kett Crage, L. Blackmer, J. Henderson, W. R. Frayer, H. G. Miller, James H. Hudson, J. C. O. Graham, Richard Cutberson, John Bailey, John Graham, Wm. A. Luckey, R. F. Johnston, J. K. Graham, J. S. McCubbin, S. R. Clark, Dr. F. N. Luckey, Dr. J. B. Galtner, Joseph P. McLean, C. H. McKenney, Thomas J. Sumner, Jacob A. Fisher, P. A. Sloop, I. Frank Patterson, John Stoop, Esq., F. H. Manney, J. C. McCanness, Dr. L. W. Coleman, Isaac M. Shaver, D. C. Reid, J. W. Miller, John Agner, Stephen A. Earnhart, Henry Bunting, John W. Mauney, J. F. Ross, G. A. Bingham, C. S. Brown, Theo. F. Klutz, D. A. Davis.

DELEGATES TO THE DEMOCRATIC JUDICIAL CONVENTION.—Hon. F. E. Shoiber, W. H. Overman, Frank Brown, J. Stewart, James E. Keit, Kett Crage, P. A. Brooks, James H. Crawford, J. F. Ross, John Agner, B. C. Aray, S. A. Earnhart.

TOWN COMMISSIONERS' MEETING. May 17th, 1878. A contract with the Gas Co., to furnish gas for the street lamps at the rate of \$1.50 per thousand feet was presented and approved.

The following ordinances were unanimously adopted: Be it ordained, That the Town Treasurer shall pay out no moneys for the Town except on the warrant of the Clerk of the Board of Commissioners, countersigned by the Town Tax Collector, and it shall be the duty of the Town Tax Collector before countersigning any warrants to ascertain whether the payee of the warrant is indebted to the town for taxes and if he is to make such entry on the back of the warrant which entry shall be a voucher for the Town Tax Collector.

Be it further ordained, That the Clerk of the Board shall number and file every account approved by the Board and shall then issue a warrant for the amount of the account so approved bearing the same number which shall be subject to taxes and be countersigned as above specified. Be it further ordained, That no receipt for Special License Tax, as on retailing, spirituous liquors, itinerant merchants, shows, &c., shall be valid unless signed by the Town Tax Collector and countersigned by the Clerk of the Board.

Be it further ordained, That the Town Tax Collector shall be provided with blank receipt books for the purpose of issuing receipts for the special taxes which he shall collect from each beef, veal, mutton or hog sold in the corporate limits, and he shall issue a receipt for the tax on each beef, veal, mutton or hog sold, as aforesaid, to the person selling it, and keep a record of the same on the stubs to be attached to each receipt.

A standing finance committee for the year was appointed, Alderman Wiley, Frereks and Bernhardt. Ordered that no member of this Board shall be eligible as a bondsman for any town officer.

Walter L. Rankin was elected Town Treasurer. The Clerk was instructed to make a contract for having blank drafts and receipts printed for the use of town officers. Alderman O'Neill, Atwell and Rogers were appointed a committee to take out the pump at the corner of Lee and Fulton streets and have a substantial windlass and sled erected as an experiment.

The regular meetings of the Board were fixed on the first Friday in each month at 3 o'clock, P. M.

On motion of B. F. Rogers the Finance Committee was directed to furnish a detailed statement of the Town's indebtedness at the next regular meeting. Ordered that no person be allowed to purchase material or supplies for the town or order work done or make contracts except the Mayor unless by special order of the Board.

Adjourned till May 24th, 1878. The bonds of W. L. Rankin, Town Treasurer, and M. L. Arey, Tax Collector in the sum of \$5,000 each, with proper securities were presented and approved. The following resolutions were adopted:

Resolved, That W. L. Rankin the Treasurer elect be instructed to demand from the retiring Treasurer, D. R. Julian the sum of \$583.32, the amount reported by the last Board of Commissioners to be due from him to the Town of Salisbury, and that they be informed of the passage of this resolution.

Alderman Atwell and Frereks were appointed to superintend the cemeteries. Ordered that the sexton shall not dig or allow to be dug any grave in the cemeteries except on an order from the Town Treasurer or Mayor, which order he shall immediately afterwards turn over to the Clerk of the Board.

The Finance Committee of the last Board submitted an amended report which was ordered to be spread on the minutes "that upon further enquiry they find that voucher No. 107 in the Treasurer's account should be \$7.58 instead of \$100 as formerly reported which will make amount due from him \$583.32 instead of \$491.90, as reported."

Account approved and ordered to be paid: John W. Hammill, repairing pump, \$2.50. Adjourned. B. F. ROGERS, C. B. C.

For the Carolina Watchman. THE MUSICAL FESTIVAL SING.

The May Musical Festival (the nation's musical pride) has now passed into history, and has become a thing of yesterday; but ere the soil which rests so lightly over its silent tomb, is dry, the exhalation of the roses that have sprung up and blossomed to its honor has filled the air of St. Louis, and sent a halo of inspiration to the hearts of her musical devotees, and soon she, too, is to have a Musical Festival. Music, the pabulum of the soul is the world's greatest civilization. Truly, "Music hath charms to soothe the savage breast." It is this electric wire, when touched, "makes all mankind kin." The baton of Rossini in the Academy of Music at Leipzig re-echoes the symphony of Beethoven under the baton of Thomas in Springer Hall, and the native language of Liszt and Schubert becomes the language of our own Dexter and Cary.

art and science. Last week the holy communion was administered to her after the baptism of the immortal Mozart. The orchestra was perfect, as also was the solos duets and quartets. Only one mistake occurred in the chorus. One young man whose soul was overcharged with musical Nitro Glycerine exploded, and sent the tune flying up above the highest seat in the gallery. An able bodied boy was immediately detailed to go and bring it down, but at last accounts the afore said seeker, the inspirational, had succeeded in only reaching the foot of the ladder upon which it had proudly perched itself. After this accident everything went on as merry as a marriage bell, and as harmonious as the sweetest strains of divine music could blend.

No city in the New World has ever enjoyed such a feast. May the name of our magnificent philanthropist, Reuben R. Springer be engraven in letters of gold upon the tablet of the heart of every lover of music, and may the friction of time's wheels serve only to polish his name and make it shine brighter and brighter unto the perfect day. Cleveland was ably represented in our Medical Academy and at the Musical Festival. Alas! we looked in vain for the Hon. Chas. Price, of Salisbury, hoping to enjoy the pleasure of giving him an airing on Spring Grove Avenue and Eden Park (for sometimes disciples of Esculapius are as vain as disciples of Ganulidus.) No place of its size in the State represented as much beauty and talent as Euclid. In fact all of the cities and provinces in the west sent highly creditable representatives to both the State Medical Society and May Musical Festival. No such outpouring of talent, beauty and wealth has ever been seen in this city before, but these things must needs be, and the end is not yet.

Cincinnati, May 21st, 1878.

THE SUN, THE SLANDERER OF THE SOUTH. (From Tarboro Southerner.)

How Southern men can contribute to the circulation of the paper and pecuniary benefit so bitter a South hater as Chas. A. Dana of the New York Sun is a mystery to us. We do not believe in carrying the doctrine of lying the hand that despitely uses you too far. We publish two extracts from that malignant sheet and ask our readers, in all candor, if they can conscientiously support it. Dana has always slanted the South. He was assistant Secretary of the War under Mr. Stanton, and because he failed to get a desired appointment, turned against Grant and all the powers that be ever since. He is totally without principle, unscrupulous blatherskite whose pen is pointed against every one not a worshiper of his immaculate self.

He has never said a word for the South, except it was his own personal interest to do so. Expecting to get office under Greeley, he supported that great man and became a warm advocate of Reform and Reconciliation. For the same reason he espoused the cause of Fillmore. But these extracts show his sincerity. He "would rather support Beast Butler than a Southern democrat."

The New York World comes ably to the rescue of the South and deals the Sun bad blows. If you must take a Northern paper, why not take the World, but do not subscribe for the miserable South hater and slanderer as the New York Sun. These extracts speak for themselves:

"THE 'SUN' DECEIVES FOR BUTLER AGAINST 'THE SOUTHERN REBELS.'" (From the N. Y. Sun May 18th.) There are a few former rebels in Congress who, if they have ever heard the war is over, seem to think the South was the conqueror; and there are a few Northern doughface Democrats of such subject nature that they prostrate themselves to the names of the departed institution of slavery, and remembering the despotic sway it once held, conceive that its very ghost may lift some of their number, more fortunate than the rest, into the White House!

Vain and fatal delusions! It is said the Democrats will start in the contest in 1880 with all the old slave States solid in their favor, and that they are certain of the comparative small additional number of electoral votes requisite to a majority. That makes easy reckoning. It is a simple sum. Anybody can do it.

There happens, however, to be another, just as easy and just as simple. If all the old slave States can combine, so can all the old free States. The only thing needed for this is an occasion, made plain to the comprehension of the masses. Then there is this difference: All the old slave States combined still require help to elect their candidate; whereas the old free States combined need no help, but in themselves constitute a majority, and can elect their candidate without extraneous aid. The Democratic candidate in 1876 was fairly elected. So we maintain, on the evidence, at all events. Certain old rebels in the Democratic party traded off the election to the friends of Mr. Hayes. They conspired at the fraud by which Hayes was counted in, and they now conspire with their Northern doughface Democratic allies to block the way to an investigation which would uncover and expose the great fraud. Do men who conduct themselves in this way suppose that the mass of the Northern Democracy are so base-born, so absolutely wanting in self-respect, as to continue to act, to cooperate with them?

What guarantee can these treacherous men give that they would not again sell out the party on the heels of a second victory?

The North—the old free States—will not lose sight of the fact that the Democratic candidate who, after he had been lawfully elected, was sold out by Southern rebels, was pledged against the payment of rebel war claims. It is evident that this now constitutes the greatest barrier to an investigation which would be liable to put Hayes out and Tilden in.

It is all very well to talk sentimentally about burying the dead past, only we

want the rebellion buried at the bottom—that is all.

We regard the question of putting an end to the election frauds of 1876 as the supreme political question of the times. We are therefore for those who are with us on that issue, and against those who are against us. If a pronounced Republican like General Butler or Senator Howe should take the lead in exposing these frauds and destroying their fruits we would support him for President in 1880 in preference to any Democratic candidate who opposed to the investigation or lukewarm about it.

The next Presidential election is not yet decided.

AN UNJUST INDICTMENT OF THE SOUTH. (From the N. Y. Sun May 18th.)

What the slaveholders' rebellion failed to achieve by force to-day stands accomplished by fraud. The Government of the United States, which the Southern armies were unable to overthrow, has been undermined by corruption. It is not surprising to find some of those who were most active in the futile attempt to destroy the Government by arms now delving under its foundations with the devices of fraud. It is quite consistent for various Southern rebels, now yelped Democrats, to bolster up Hayes in the office of President. There is no other way they could do so much to destroy the Government against which they once openly appeared in battle array, and which there is of late too much reason to believe they still regard with feelings of hatred—in this crisis extremely ill concealed.

Those Northern Democrats who look to an alliance with these former rebels of the South as their own road to political promotion naturally but basely go with them in resisting an exposure of the Presidential fraud. These modern servile followers of the determined Southern conspirators had their prototypes in the Northern doughfaces of the slavery. The people see into the true condition of things. The day of retribution will come!

ANOTHER CHURCH ORGANIZED.

A meeting has just closed at the Methodist Church in this place, conducted by Rev. A. P. Smith, D. D., of Dallas, and Rev. G. W. Boggs, the Evangelist of East Texas Presbytery.

During this meeting a Presbyterian Church was organized in connection with the Southern General Assembly, consisting of twelve members, two of whom Mr. L. V. Brown and H. W. Devault were ordained and installed as ruling Elders.

Mr. D. R. Long was appointed as Trustee, to receive and hold any property which may be given for the benefit of this organization.

We take this opportunity of expressing our thanks to the Pastor and members of the Methodist Church for the use of their house of worship.

We hope those, who belong to this branch of the Presbyterian Church, who may be coming into this community, will report themselves to the above named Elders, as we expect to have preaching from time to time. B. Denton (Tex.) Monitor.

MARRIED.

In Rowan Co., N. C., May 21st, 1878, by Rev. Saml. Rotanock, Mr. REUBEN J. ROEMER and Miss SARAH E., daughter of George J. Levy, Esq.

Liver is King.

The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movement of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower in unequalled efficacy all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

People of all classes will acknowledge that in this world much depends upon our financial condition, yet how many wisely reflect that our financial condition depends upon our physical. Yet it is even so, for who can labor without health, and who can accumulate money without labor? Hence the importance of using Green's Compound Honey of Tar, which is a cure for Coughs, Colds, and all diseases of the Throat and Lungs. Remember you can buy a bottle of Compound Honey of Tar for 50 cents. For sale by C. R. Barker.

How sad that in our daily life we neglect so many things necessary to our well being. The man of business with an eye only to his credit and the individual of leisure, who is not careful of his health, who only aims to amuse himself to the best advantage, the young lady who idly listens to spring's divine harmonies, feels not the approach of disease in the feeling of languor which possesses her—all alike surrender too easily to the advance guard of disease, when, by a judicious investment in Portia-line, or Fabler's Vegetable Liver Powder, a long array of ills is put to rest. Buy Portia-line, or Fabler's Vegetable Liver Powder, and rid yourself of disorders arising from a torpid liver. Price 50 cents. For sale by C. R. Barker.

GOOD DIGESTION.

"Give us this day our daily bread," and good medicine to digest it, is both reverent and human. The human stomach and liver are fruitful sources of life's comforts, or disorders, and diseased, they tangle misery along every nerve and through every artery. The man or woman with good digestion see beauty as they walk, and cheerfulness in their eyes. The man or woman whose stomach and liver are diseased, and who are suffering from Liver disease, find themselves growing old and decrepit, and their lives are shortened. The world will need two or three new kinds of medicine before death can be perfectly abolished; but that many lives have been prolonged, and many sufferers from Liver disease, by MERRELL'S HEPATINE, is no longer a doubt. It cures Headache in twenty minutes, and there is no question but what it is the most wonderful discovery yet made in medical science. Those afflicted with Biliousness and Liver Complaint should use MERRELL'S HEPATINE. It can be had at Theo. F. Klutz's.

IF The Woman who rejoices in salad and ice cream, hot cakes and warm pie; IF The Student who eats hastily and sits down at once to restive and mental labor; IF The Business Man who bolts his food in eager haste and hurries to his counting room; IF The Hard Drinker could look at the delicate glands, swollen and fettered with disease, that cause the throbbing brain;

IF The Lawyer, the Minister, the Merchant, and all who lead sedentary lives and are subject to Dyspepsia or Indigestion, Constipation and Headache; IF These only knew what MERRELL'S HEPATINE FOR THE LIVER will do for their relief, and how quickly it cures—there would be much less suffering than at present.
