

LOCAL.

Josiah Turner seems to be running for the Legislature in Orange. The Hill Ledger is bent on his defeat...

One of our contemporaries talks about this subject, but at last puts it all in a nut shell, thus: "Press as the change of temperature..."

Mr. O. D. Davis, County Examiner, will call at the Court House on the 8th, 9th and 10th of August, and the 10th, 11th and 12th of October, for the purpose of examining all applicants for teachers of Public Schools in Rowan County.

"Snow Flake" potato, 2 pounds net; "Early Rose" potato, 1 1/2 pounds. The spring crop of Irish potatoes was never better in this section than it was this year.

A little negro girl was kicked down and run over on our streets last week. It was a milk attached to a wagon that did the work - mules as a rule, shoot well. It would be advisable to keep the good children away from mules. Bad ones will meet their fate in good time.

The man that selected last Monday as a suitable time for an eclipse of the sun lasted it was raining and cloudy all day. Smoked glass was no good - the bottom of an ale glass was too thick. Just look through the bottom of one of Barker's soda water glasses and you have the thing done fine.

Whenever a newspaper says a kind word of a man, that man never discovers the favor, but if a newspaper handles a man a little roughly the man is out by eight o'clock the next morning. Beautiful, truthful words. How delightful! Few, save the newspaper man, can appreciate the sentiment.

The Newbern Nat Shell tells how the clouds parted and allowed the people of that city to view the eclipse, and then closed again and went on with the rain. If Wade Harris had told that, everybody would say it was just one of Wade's lies - but how Clem Manly is to straighten it up is not guessed at.

Showers - refreshing and cooling - have fallen frequently during the present week. With the parched and drooping crops, the hopes of the farmer have revived. The prospect of bread for the enter and seed for the sower is cheering, and should excite a lively sense of gratitude to the giver of every good thing.

The good old man that used to bring the printers the biggest water-melon he raised, has died. The printers in this office are in search of his grave. When found, they will erect a suitable monument to his memory. Printers are an appreciative and tender-hearted people, and they always try to give some equivalent, however meagre, for favors done them.

Fruits - Good fruit is scarce this year. Apples, especially are very inferior, and peaches not near so abundant nor so fine as it was at one time expected they would be. Grapes are just beginning to ripen and from present appearances promise well. Their greatest enemies, the honey bee and wasp - put in an earlier appearance than usual and may do much to destroy the crop; for we know of no practical protection against them except to gather the fruit before it is ripe.

Heading 'em off - Sheriff Waggoner, in one of his speeches before the people, promised to get married within six months after the election. Every man in the county has been after Charlie, begging that he marry. This announcement will be read with delight, probably by more than the masculine portion of our people. Personal observation has prepared us for an announcement of this sort. Go it Charlie, and may your life and wife be happy.

CARD OF THANKS. The undersigned feels that some public acknowledgement from him is due to those neighbors and friends who aided him so effectually in replacing the loss he sustained by fire in the spring. My dwelling was destroyed on the 26th of April; and through the help of kind neighbors and friends, I was enabled to move into a new house, built on the same ground, the 7th of May. Such prompt assistance has filled my heart with thanks, and this public acknowledgement is not less due myself than those who aided me.

July 26, 1878. JOHN WISE, Sen'r. A CARD. It has been circulated through the county that I made use of disrespectful language in connection with the name of Mr. J. C. Foard. Mr. Foard who is running in opposition to Mr. Henderson for the Senate, alluded to the matter in one of his speeches this week. It is due myself to say to Mr. Foard and his friends, that I have made use of no such language, as I learn has been imputed to me, and an surprise he should have used it publicly without putting himself to the small trouble of verifying the truthfulness or falsity of the report. T. K. BRUNER.

There is a loud call on Eli Perkins to imitate that Illinois lecturer who blew his brains out as a part of his entertainment. Of course, Eli can't contract to blow out any more brains than he has got. It is the pantomime the people want to see. - Washington Post.

BUSINESS LOCAL COLUMN.

\$2.50. We have made arrangements with the publisher of that excellent Agricultural Magazine, "The Carolina Farmer," at Wilmington, N. C., by which we are enabled to offer it and the "Watchman" for \$2.50 a year. A better bargain is rarely to be had. Send in your orders.

Dr. R. P. Bessent is at the Boyden House. He will be glad to see all his friends and the rest of mankind, provided they will have something done in the Dentist's line. He thinks you ought to come and see him; for you need it badly. Come immediately. 1t.

Mr. Thos. Taylor's School for Boys. The second Session of this School will commence Aug. 5th, 1878. Tuition, \$2, \$2.50 and \$3 a month. Bills presented monthly. Salisbury, N. C., July 10, 1878.

CLEAN, COOL AND COMFORTABLE! Kestler's Beer Garden. In rear of A. Parker's Variety Store. Elegantly furnished pleasantly arranged; always a cool breeze; ice-cold Beer; the best wines and liquors, easy chairs, and all the late papers.

THE COOLEST PLACE IN TOWN. Come and spend a pleasant hour. Respectfully, W. H. KESTLER.

The grandest of all Excursions to Western N. C. will be run on the 6th and 7th of Aug., by JULIAN & O'NEAL.

WANTED - Young man as Correspondent and Agent at Salisbury, N. C. also one in each neighboring town. Good pay for actual work. Address with references (stamp for answer) Mercantile Bureau, Chicago, Ill.

AN INCIDENT IN NAPLES. Insult to an American Lady Promptly Resented - Gallant Conduct of Columbia Tourists.

[Cor. of the Columbia Register.] NAPLES, ITALY, July 10, 1878. - The wide circulation of your valuable paper is such that it has been considered to be proper by a number of Americans now in this city to give your readers an account of the shameful treatment of a distinguished American lady by one of the proprietors of the Hotel Royal des Etrangers, one of the largest hotels in this city, and of the just punishment which he received at the hands of gentlemen who were ready to perish their lives in the cause of right and truth against imposition and oppression upon an unprotected lady.

Mrs. Mary Custis Lee, a daughter of General Robert E. Lee, arrived here a few days since in company with some lady friends from Malta, who registered at the above named hotel. It appears that during the night of the 8th instant, the mosquito bar around the bed ignited accidentally. In a few moments the flames spread and caught the lace curtains, and the room was soon enveloped in flames, which Miss Lee heroically endeavored to suppress but without success, and fearing that the hotel might be burned, she gave the alarm of fire, which soon was heard by some gentlemen, who were occupying rooms on the same floor, when ex-Judge Samuel W. Melton and Mr. W. A. Clarke, of Columbia, S. C. were the first who came to the rescue of Miss Lee, and succeeded in saving her money and valuable jewelry from the flames. The morning following the fire, Miss Lee expressed her willingness to pay all damages, though the fire had occurred from accident. The proprietor taking advantage of the lady, demanded 2,000 francs; which was a preposterous and enormous charge for the damage. A gentleman from Ohio, a Mr. Poland, a guest of the hotel, who has been vice president of an insurance company for a number of years, estimated the damage at \$70. The friends of Miss Lee at once denounced this enormous charge. The American consul, Mr. Duncan, at this place, was exceedingly kind and protested against the payment of any sum. The proprietor now being foiled in his disgraceful effort to overcharge for damage occurring from accident, became insolent and spoke in a manner which reflected upon Miss Lee. The insult was quickly resented, Mr. Clark, of Columbia, S. C. struck him over the head with an umbrella. In a few moments the proprietor was surrounded by a number of Italians, who were clerks, waiters and attaches of the hotel, but they were met by Judge Melton, Col John T. Sloan, Jr., Mr. D. P. Jordan, of South Carolina, and Dr. I. B. Robers, of Georgia, who by their courage and determination caused them to stampede and call for the police. A large crowd soon assembled about the hotel. The proprietor was denounced by Colonel Sloan for his conduct towards Miss Lee who challenged him to go into the garden and answer for the same with swords or pistols which the proprietor declined to accept.

It would be well for all Americans to avoid this hotel when coming to Naples. Another of the grand army of bummers has come out for Grant. It is no other than "Laudaulet" Williams, one of Grant's Attorney Generals. He is now of Oregon, and his name is George H. He says everybody he meets is for the horse-back man, and if nominated that he will be elected. He will be nominated, we believe, but his election is further on. It depends upon whether a majority of the American people are vicious or virtuous; whether they love plunder and self more than liberty and country. Patriotism will triumph. - Wilmington Star.

CLOSE OF THE NORMAL SCHOOL.

[Wilmington Star Correspondence.] CHAPEL HILL, N. C., July 25, 1878. After a six weeks' session the University Normal School was formally closed today. Yesterday Miss Coe exhibited the result of her kindergarten training. Everybody was delighted with the performance of the pupils. They certainly looked sweet and departed themselves commendably. At night we had a delightful musical concert. After the concert was over the students repaired to the ball room and library, where they enjoyed themselves a while longer in sweet social intercourse.

This morning the Normal Debating Society discussed the query, "Should the State establish Compulsory Education?" The manner in which the Southern people treat the Yankee was exhibited here today by the "boys" giving Prof. Ladd a decent caning. The cane had a gold head, with an appropriate inscription. The "girls" presented President Battle with a handsome clock. Dr. Battle has endeavored himself to the "Normalites." He has worked hard for the interest of the teachers, and has been uniformly courteous, kind and sociable. The faculty and citizens contributed in every possible way their aid and encouragement. The admission of lady teachers to the school has proved a wise step. They have generally excelled the gentlemen. Their presence exerted a beautifying and refining influence.

The school has been visited by the Governor, Superintendent of Public Instruction, Commissioner of Agriculture, and many prominent citizens of the State. They all encouraged us with their words of wisdom. We had a lecture nearly every night on some scientific subject. Nearly every hour of the day, as long and hot as they were, was occupied with some recitation.

The teachers have formed an association on a solid foundation, which we hope will tend to correct many errors in our school system. We hope the Legislature will aid us in every possible way. Yours, truly, PENDER.

Bald Mountain Under Scientific Light.

Prof. Kerr, who recently visited Bald Mountain, says that the disturbances there four years ago were due to the forces which first formed the mountain chains, and have continued operative ever since - that is to say, the lateral continental pressure from the Atlantic inward. This pressure is caused by the gradual cooling and consequent shrinking of the earth's crust. This pressure is crowding the rocks back upon each other and uplifting them, subjecting them to enormous strain. When the pressure reaches the point of fracture, the rocks give way and there is a grinding and sliding of the rocks, with an accompanying perturbation, tremulation and noise. The conditions of a volcano do not and never have existed. The late phenomena, however, are probably due mainly or wholly to the mere action of gravitation in connection with the ordinary process of disintegration of the rocks, which in that particular locality is accelerated by the numerous jointings which may be observed traversing the faces of the cliff. - Asheville Citizen.

Statesville Air Line Railroad.

We call public attention to the charter of the "Statesville Air Line Railroad Company" published in this issue, the provisions of which is most liberal and inviting. By the proceedings of a meeting held in this place last Monday night it will be seen that measures have been adopted to organize a company by a subscription and enter upon the work of beginning the road. A survey of the route to Mount Airy was made five years ago, which the company, with slight variations most likely will adopt, and will save several thousand dollars. Leaving Mt. Airy the line will be extended in the direction of Lynchburg or the East Tennessee Road, and a branch to Danville, Va. This will render Mt. Airy a railroad centre, and with the advantage of cheap freights, will cause that town to rise to the dimensions of an emporium. The counties and localities interested in this important road should not be backward in liberal subscriptions and activity to push it forward. - Statesville American.

By the fast schedule over the Western North Carolina Railroad and its stage connections, passengers leaving Asheville late in the afternoon breakfast in Greensboro and arrive at Raleigh before midday, or if going North would dine at Richmond and sup at Washington.

The present is the most successful season Beaufort has had in many years. The mountains of Western North Carolina were never so full of visitors as this summer, and there were never so many strangers in North Carolina from other States, North and South, as now: nor so few of our people ever before sought summer resorts abroad. These are good signs. They show that North Carolinians are beginning to appreciate the resources of their State; that strangers have discovered the attractions that we present; and that Western North Carolina, with railroad communications, is fast becoming the mountain summer resort of the Eastern, Middle and Southern States. - Raleigh News.

The Salisbury District Conference will convene at Mooresville, N. C., August 21. All delegates and others who expect to attend are requested to notify Rev. T. L. Triplett, promptly at Mooresville, N. C., so that he may provide homes for them.

The New Era of Steam - Springfield to be Heated by Steam from a Central Reservoir.

[From the Springfield Republican.] The Springfield Gas Company has bought the right for this city to use the Holly system of running steam-pipes through the streets to furnish heat and power for the adjoining buildings, and the city government will be asked to permit the construction of an experimental line this winter from the company's works, on Water street, through Elm to Main street. This short line will reach a number of dwellings, stores, and offices, a large school-house, the county court house, and the First church and chapel, in which, with the exception perhaps of the church, it is hoped that a trial of the system may be made, the most distant point from the works being the Chippewa Band. It is no new thing, of course, to heat more than one building by steam from a single furnace, this already being done in this city in the armory buildings and in the Boston and Albany building and depot.

The Holly system, which is owned at Lockport, N. Y., and is in most successful operation in that city, includes numerous improvements in the protection of the pipes laid in the streets, the arrangement of connections, valves, traps, etc. In the works at Lockport steam is conducted two miles, and Mr. Holly claims a distance of five miles can be reached. The pressure on the pipes in the streets is about fifty pounds, and in the houses ten pounds, although only one or two pounds is needed for heating.

MARRIED.

In Harris Chapel, Salisbury, Circuit, on July 25th, by Rev. J. L. Triplett, Mr. THOMAS YARBROGH, of Buncombe county, N. C., to Miss CAROLINE LITAKER, of Rowan county.

By C. H. McKenzie, J. P., at the residence of W. R. LITAKER, the father of the bride, Miss SARAH LITAKER to Mr. W. A. BRANSON, on the 14th of July.

July 28th, at the residence of the bride's father, by Rev. W. Kimball, Mr. JULIUS Y. HOLT and Miss JENNY ASHWOOD, both of Albemarle county.

GOOD DIGESTION.

"Give us this day our daily bread," and good medicine to digest it, is both reverent and human. The human stomach and liver are fruitful sources of life's comforts, or disorders and diseases, they tingle misery along every nerve and through every artery. The man or woman with good digestion see beauty as they walk, and overcome obstacles they meet in the routine of life, where the dyspeptic sees only gloom and stumbles and grows at even imaginary objects. The world will needs you or three kinds of medicine before death can be perfectly abolished; but that many lives have been prolonged, and many sufferers from Liver disease, Dyspepsia and Headache, have been cured by MERRELL'S HEPATINE, is no longer a doubt. It cures Headache in twenty minutes, and there is no question but what it is the most wonderful discovery yet made in medical science. Those afflicted with Biliousness and Liver Complaint should use MERRELL'S HEPATINE. It can be had at Theo. F. Kluttz's.

IF The Woman who rejoices in salad and ice cream, hot cakes and warm pie;

IF The Student who eats hastily and sits down at once to active and mental labor;

IF The Business Man who bolts his food in eager haste and hurries to his counting room;

IF The Hard Drinker who looks at the delicate glands, swollen and fevered with disease, that cause the throbbing brain;

IF The Lawyer, the Minister, the Merchant, and all who lead sedentary lives and are subject to Dyspepsia or Indigestion, Constipation and Headache;

IF These only knew what MERRELL'S HEPATINE FOR THE LIVER will do for their relief, and how quickly it cures - there would be much less suffering at present. The great Liver Medicines for sale by Theo. F. Kluttz.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you - your unreasonable opinions, Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual constiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sale now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you.

Hobble and limp no more, but hang your crutches on the old oaken peg, and seize the best opportunity to be permanently cured. Your Rheumatism, Contracted muscles, Stiff Joints, Frosted Feet, Headache, Earache, Pain in breast, side and back, will yield to that powerful remedy, long and favorably known as "Green's" Lightening Liniment, which is good for both man and beast. Price 50 cents a bottle. For sale by C. R. Barker.

All those suffering with Hemorrhoids, or Piles, can safely rely on being permanently cured if they will use Hubler's Buckeye Pile Ointment, which is sold by all Druggists for 50 cents a bottle. For sale by C. R. Barker.

PRICE CURRENT.

Table with columns for goods and prices. Includes items like Cotton, Bacon, Butter, Eggs, Chickens, Corn, Meal, Wheat, Flour, Potatoes, Onions, Lard, Hay, Oats, Rye, Apples, Sugar.

TOWN TAX NOTICE.
