THE DELINQUENT SUBSCRIBER.

One day last week, while sad and dreary,
As we wended, weak, and weary,
Across the unswept floor;
We heard, at first, a gentle tapping,
Then it became an earnest rapping,
At our sanctum door.

"Come in!" we said; while yet he pondered,
And in silence we still wondered
What for us could be in store;
Then, the door-bolt gently turning,
In he walked. Our cheek was burning!
Thoughts of crimson gore,

"Are you the man who does the writing?"
(What word will rhyme with this but fighting?
Quickly thought we, o'er and o'er).
"Sir, we are," we gently told him,
Nodding to the boys to hold him,
If he tried to beat us sore.

"Then you'll please give me a credit
Opposite that little debit,
For two dollars more.
I like your paper, and will take it
As long as you will strive to make it
As good as it has been before."

We jumped! He dodged! Thus we missed,
Or we surely would have kissed him,
No matter if the boys did roar;
So seldom treated in this manner,
We felt inclined to sing hosannah!
Only this and nothing more.

Printers' Circular.

HOW RAISINS ARE PREPARED.

A strip of land bordering the Mediterranean, somewhat less than 100 miles in length and in width not exceeding 5 or 6, is the rasin producing territory of Spain. Beyond these boundaries the Muscatel grape, from which the raisin is principally produced, may grow and thrive adundantly, but the fruit must go to the market or the wine press. When the grapes begin to ripen in August the farmer carefully inspects the fruit as it lies on the warm dry soil, and one by one clips the clusters as they reach perfection. In almost all vineyards slats of masonry are prepared, looking like unglazed hot beds, and covered with fine peebles, on which the fruit is exposed to dry. But the small proprietor prefers not to carry his grapes so far. It is better, he thinks, to deposit them nearer at hand, where there is less danger of bruising, and where bees and wasps are less likely to find them. Day by day the cut branches are examined and turned, till they are sufficiently cured to be borne to the house, usually on the hill top, and there deposited in the empty wine press, till enough have been collected for the trimmers and packers to begin their work. At this stage great piles of rough dried raisins are brought forth from the wine press and heaped upon boards. One by one the bunches are carefully inspected, those of the first quality being trimmed of all irregularities and imperfect berries and deposited in piles by themselves; so in turn are treated those of the second quality, while the clippings and inferior fruit are received into baskets at the feet of the trimmers and reserved for home consumption. A quantity of small wooden trays are now brought forward, just the size of a common raisin box and about an inch deep. In these papers are neatly laid so as to lap over and cover the raisins evenly deposited in the trays, which are then subjected to heavy pressure in a rude press. After pressing the raisins are dropped into the boxes for market.

AN ACTIVE VOLCANO IN THE MOON.

When examining the surface of the moon May 27, 1877, Dr. Hermann J. Klein of Koln, noticed what seemed to him to be a new crater on the Mare Vaporum, a little to the northwest of the well known crater of Hyginus. Being deep and dark, and about three miles in diameter, it formed a conspicuous object on the dark gray Mare Vaporum. Having frequently observed this region during the last twelve years, Dr. Klein felt certain that the crater was new. Communicating his observation to Dr. Schmidt, of Athens, he was assured by that veteran selenographer that no such crater appeared in any of his numerous drawings of that part of the lunar surface: nor is it shown by Schroter, Lohrmann, or madler, who carefully drew the same region with the fine refractor of Dorpat. In April, 1878, Dr. Klein laid the discovery before the Selenographical Society, since then the new crater has been observed by several English students of the moon. The Mare Vaporum lies close to the center of the visible surface of the moon, so that objects in this region are very slightly affected by the lunar librations. The region has been closely studied by many, and as it contains several well known craters, some of them less than a mile in diameter, it is evident that the large crater described by Klein is new.

FANCYING HIMSELF A TURK.—A Long Island farmer named James Atkinson, residing at Sayville, Suffolk county, has been afflicted with a queer mania since February last, and on Sunday it took a fatal turn and resulted in the stabbing and subsequent death of his brother-in-law, John Gordon. Atkinson fancied himself a Turk and complained grievously of the wrongs done him by the Russians. On Sunday his craze took a violent form. After taking his supper he went to Gordon's house. Gordon was sitting in the front room in the dark. As soon as Atkinson entered the house he began to talk loudly and dispute with Gordon, who, anticipating trouble, made an attempt to reach a chair with which to defend himself. As he reached for the chair, Atkinson stabbed him in the back, the knife blade penetrating the left lung. Atkinson then seized an axe which stood in the corner of the hall and made his escape. Officer Wells soon after, with the aid of some citizens, arrested him at his residence, and on Monday he was taken to Yaphank to await the action of the authorities.

VEGETINE
FOR DROPSY.

I never shall

Forget the first Dose.

PROVIDENCE,

MR. H. R. STEVENS:—

Dear Sir,—I have been a great sufferer from dropsy. I was confined to my house more than a year. Six months of the time I was entirely helpless. I was obliged to have two men help me in and out of bed. I was swollen 19 inches larger than my natural size around my waist. I suffered all a man could and live. I tried all remedies for Dropsy. I had three different doctors. My friends all expected I would die: many nights I was expected to die before morning. At last Vegetine was sent me by a friend. I never shall forget the first dose. I could realize its good effects from day to day; I was getting better. After I had taken some 5 or 6 bottles I could sleep quite well nights. I began to gain now quite fast. After taking some 10 bottles, I could walk from one part of my room to the other. My appetite was good; the dropsy had at this time disappeared. I kept taking the Vegetine until I regained my usual health. I heard of a great many cures by using Vegetine after I got out and was able to attend to my work. I am a carpenter and builder. I will also say it has cured an aunt of my wife's of Neuralgia, who had suffered for more than 20 years. She says she has not had any neuralgia for eight months. I have given it to one of my children for *Cankerous Humor*. I have no doubt in my mind it will cure any humor; it is a great cleanser of the blood; it is safe to give a child. I will recommend it to the world. My father is 80 years old, and he says there is nothing like it to give strength and life to an aged person. I cannot be too thankful for the use of it. I am

Very gratefully yours, JOHN S. NOTTAGE.

ALL DISEASES OF THE BLOOD.—If VEGETINE will relieve pain; cleanse, purify, and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies and suffering for years, is it not conclusive proof, if you are a sufferer you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid. It can truly be called the *Great Blood Purifier*. The great source of disease originates in the blood: and no medicine that does not act directly upon it to purify and renovate, has any just claim upon public attention.

VEGETINE
I OWE MY HEALTH
TO YOUR VALUBLE
VEGETINE.

NEWPORT, KY., Apr. 29, 1877.

MR. H. R. STEVENS:—

Dear Sir,—Having suffered from a breaking out of *Cankerous Sores* for more than five years caused by an accident of a fractured bone, which fracture ran into a running sore, and having used every thing I could think of and nothing helped me, until I had taken six bottles of your valuable medicine which Mr. Miller the apothecary recommended very highly. The sixth bottle cured me, and all I can say, is that I owe my health to your valuable Vegetine.

Your most obedient servant,
ALBERT VON ROEDER.

"It is unnecessary for me to enumerate the diseases for which the VEGETINE should be used. I know of no disease which will not admit of its use, with good results. Almost innumerable complaints are caused by poisonous secretions in the blood, which can be entirely expelled from the system by the use of the VEGETINE. When the blood is perfectly cleansed, the disease will rapidly yield; all pains cease; healthy action is promptly restored, and the patient is cured."

VEGETINE
Cured me when the
DOCTORS FAILED.

CINCINNATI, O., April 10, 1877.

DR. H. R. STEVENS:—

Dear Sir,—I was seriously troubled with *Kidney Complaint* for a long time. I have consulted the best doctors in this city. I have used your VEGETINE for this disease, and it has cured me when the *doctor's* failed to do so. Yours truly,
ERNEST DURIGAN, Residence 621 Race St.,
Place of business, 573 Cent. Ave.

Manhood: How Lost, How Restored!

Just published, a new edition of **Dr. Culverwell's Celebrated Essay** on the *radical cure* (without medicine) of SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY and FITS, induced by self-indulgence or sexual extravagance, &c.

☞ Price in sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any adddress, *post-paid*, on receipt of six cents or two postage stamps.

OLD,
TRIED,
AND
TRUE.

People are getting acquainted—and those who are not ought to be—with the wonderful merits of that great American Remedy, the

MEXICAN
Mustang Liniment,

FOR MAN AND BEAST.

This liniment very naturally originated in America, where Nature provides in her laboratory such surprising antidotes for the maladies of her children. Its fame has been spreading for 35 years, until now it encircles the habitable globe.

The Mexican Mustang Liniment is a matchless remedy for all external ailments of man and beast.

To stock owners and farmers it is invaluable.

A single bottle often saves a human life or restores the usefulness of an excellent horse, ox, cow, or sheep.

It cures foot-rot, hoof-ail, hollow horn, grub, screw-worm, shoulder-rot, mange, the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and bush life.

It cures every external trouble of horses, such as lameness, scratches, swinny, sprains, founder, wind-gall, ring-bone, etc., etc.

The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure. Particularly valuable to Miners.

It is the cheapest remedy in the world, for it penetrates the muscle to the bone, and a single application is generally sufficient to cure.

Mexican Mustang Liniment is put up in three sizes of bottles, the larger ones being proportionately much the cheapest. Sold everywhere.

SALE NOTICES.

Administrators, executors, commissioners, sheriffs, constables, agents, &c., are advised to call on us for printed sale notices. It is certainly great injustice to owners to put up their property at public auction without first giving ample notice of the sale. The requirements of the law on the subject every body knows are insufficient. Property is often sacrificed from this cause when a dollar or two spent in advertising might have saved it and made it bring its value. We furnish sale notices promptly and cheap.

MARRIED LIFE. DR. BUTTS No. 12 N. Eighth St. St. Louis, Mo.

Who has had greater experience in the treatment of the sexual troubles of both male and female than any physician in the West, gives the results of his long and successful practice in his two new works, just published, entitled

The PHYSIOLOGY OF MARRIAGE
The PRIVATE MEDICAL ADVISER

Books that are really Guides and Self-Instructors in all matters pertaining to Manhood and Womanhood, and supply want long felt. They are beautifully illustrated, and in plain language, easily understood. The two books embrace 545 pages, and contain valuable information for both married and single, with all the recent improvements in medical treatment.

Read what our home papers say: "The knowledge imparted in Dr. Butts' new works is in no way of questionable character, but is something that every one should know. The Youth, the victim of early indiscretion; the Man, otherwise perfectly healthy maybe, but with waning vigor in the prime of life, and the Woman, in misery from the many ills her sex is heir to."—St. Louis Journal.
